Elswick Murder Trial Here in Hands of Jury

Judge Gives Charge, Lists Five Verdicts

Range From Acquittal To Conviction of First Degree as Charged

The jury hearing the murder charge against Bert Elswick of Marion began its deliberations at 11:30 this morning after closing arguments by the defense and prosecution.

In his charge to the jury, Judge Paul D. Smith said five possible verdicts could be returned. The jury could find Elswick:

1. Guilty of first degree murder; 2. guilty of first degree murder with a jury recommendation of mercy; 3. guilty of second degree murder; 4. guilty of manslaughter; or 5. not guilty of any of the charges listed on the indictment returned by the January term of the county grand jury.

Penalties Provided

A first degree murder conviction carries the death penalty in Ohio, unless the jury gives a recommendation of mercy. In that case the sentence would be life imprisonment with a parole hearing after 20 years of the term has passed.

In his charge Judge Smith said, "If you should find by a preponderance of the evidence that the defendant was intoxicated to such an extent that he was incapable of distinguishing between right and wrong, and of knowing what he was doing, or forming an intent in killing the deceased, if he did so, then the defendant would not be guilty of any crime, and you should in such a case find him not guilty by your verdict.

"The jury is instructed that the fact of drunkenness, if proven, should be definitely limited in its application as heretofore outlined and for those purposes only, and the drunkenness, if any, cannot be used as a cloak or justification for the crime, if any was committed."

The Dec. 5, 1953 slaying of Violet Elswick at the Green Camp village dump was "an accidental death," Bernard C. Moloney told jurors in closing arguments this morning.

Marion County Prosecutor Ralph E. Carhart maintained that Elswick not only deliberately and premeditatedly killed his wife, but "began planning her death" as early as 1951.

Carhart and Moloney began making their closing arguments as court resumed shortly after 9:15 a.m. today.

Believes Charge Proved

The state "has endeavored to bring out all relevant evidence it could find, and in my opinion all the elements of the indictment returned by the grand jury have been fully proved," Carhart said.

Citing testimony of witnesses, Carhart said that no evidence had been introduced that Elswick was intoxicated before killing his wife. In fact, the prosecutor claimed that "the defendant is guilty of deliberate intoxication after the crime was committed."

Carhart recalled testimony of Elswick's that his wife, when convicted in 1951 of arson in connection with a fire at a Morrow County tenant house where they were living, had said "she was going to burn him up."

"From that time, he began planning her death," the prosecutor said.

Intoxication Main Point

Beginning his arguments Moloney told the jury that he wanted to emphasize to them that "intoxication is no excuse for crime." However, if the jury were to conclude that his client was intoxicated at the time of the slaying of his wife, then they would have to determine if he were "capable of forming the intention" of murder.

He told the jurors that he felt that they could not conclude that his client had deliberate and premeditated malice, necessary for first-degree murder conviction; or that he purposely and maliciously killed his wife, necessary for second-degree murder conviction, or even that his client unlawfully killed his wife, necessary for a manslaughter conviction.

All the evidence, Moloney said, points to an accidental death following a sudden quarrel.

21 Called To Testify

A total of 21 witnesses, three of whom were recalled one or more times, presented testimony in the Elswick trial by the time the state and defense rested their cases about 4:45 p.m. Wednesday.

Most of Wednesday's testimony

SEALED WITH A KISS. Five-year-old Karen Albrecht of San Antonio, Tex., the 1954 Easter Seal girl, kisses her dog, Freckles, moments before the pup is placed in a box and taken aboard an American Airlines plane at LaGuardia airport in New York City, bound for Chicago. Karen, also a passenger aboard the same plane, is making a personal appearance in the midwest city and later will fly to Washington to be the guest of Mrs. Eisenhower at the White House.

Seven Tornadoes Hit West; Part of Ohio in Storm Path

Warning Out For 60-Mile Band in State

Marion, Mansfield Among Cities Alerted By Weather Bureau

HONEY GROVE, Tex. (AP) — At least seven tornadoes last night and early today boiled from a line of thunderstorms extending across north Texas, Oklahoma and into Arkansas.

None was of major violence, but areas from 100 miles south of Abilene, Tex., to Fort Smith, Ark., were buffeted.

The Weather Bureau warned today there is "some danger" of a localized tornado over a small area in western Ohio.

In a noon advisory, the Cleveland Weather Bureau said:

"The threat of tornadoes about Cleveland and in northeastern Ohio has lessened, but there is still some danger in western Ohio where a localized tornado might occur over a small area."

Residents of a 60-mile wide band running southwest to northeast across Ohio were warned earlier by the Weather Bureau to brace for severe thunderstorms this afternoon.

Weather officials had said earlier

Legion Head Speaks to Marion Group

A. J. Connell Gives Aims of National Organization

The national commander of the American Legion told an audience of 143 Legionnaires and service group representatives here Wednesday that it was never intended that the Constitution of the United States should be used as a shield for those who would destroy the United States."

Arthur J. Connell of Middletown, Conn., speaking in a luncheon meeting said, "We are not counterspies and we are not prosecutors. We are private citizens who have fought to preserve America's freedoms and we resent very bitterly the attempt by any group to use those freedoms as license for destroying America."

"WE WANT OUR own members and all Americans to know their enemies, to know who the communists are and how they operate. I assure you that we shall continue to give that information the widest possible circulation."

Connell, paying the first formal visit to Marion of any national Legion commander since 1922, was honored at a luncheon in the YMCA. His visit here was, in turn, to honor the sixth district, of which Fred Thacker of Marion, is commander, for its membership and community service efforts over the past several years. He was accompanied by Howard Kingdom, Ohio department commander.

—:—

IN HIS BRIEF speech, Connell outlined the goals and ideals of the American Legion. He spoke of the Legion's "Back to God" movement, and called upon his audience to "revive the deep personal faith of our nation's founders in divine guidance." He declared, "It is not enough to say that God is on our side. Rather, we must make certain that we are on God's side and that we are entitled to His favor and protection." He said his organization is emphasizing the importance of family prayer, of regular church attendance and the religious training of children in the "Back to God" movement.

Connell cited four basic aims of the American Legion: veterans rehabilitation, child welfare, Americanism and national security.

—:—

VETERANS REHABILITATION has always been the chief interest of the Legion, he said. The Legion intends to provide help for men and women whose war service cost them the ability to help themselves. He referred briefly to the American Medical Association's criticism of veterans hospitals. He said the Legion was not organized to "attack the medical profession or defend a government bureau," but to see that "proper and sympathetic care is provided the ill

(Turn to LEGION, Page 10)

Connell (center), Howard Kingdom (right), Ohio department commander, and Fred Thacker of Marion, sixth district commander. The meeting was attended by more than 100 Legionnaires, civic and service club representatives.

May Start Next Week

Sen. Mundt Drafts Schedule on Probe

WASHINGTON (AP)—Sen. Mundt (R-SD) said today he still hopes to launch next week a public Senate investigation of the heated row between Sen. McCarthy (R-Wis) and top Army officials.

He outlined a quick-pace schedule he wants to follow as presiding officer of the inquiry.

Scope of Inquiry

It calls for swift selection of a special counsel and agreement on ground rules under which the Senate investigations subcommittee will look into:

1. An Army report backed by Secretary Stevens accusing McCarthy and his chief counsel, Roy M. Cohn, of trying to get favored treatment for Pvt. G. David Schine, an unpaid subcommittee aide until he was drafted last fall. McCarthy and Cohn have denied the charge.

2. Return accusations by McCarthy and Cohn that Stevens and his associates tried to "blackmail" the committee into dropping its inquiry into alleged Communists in the Army by using Schine as a "hostage." Stevens replied that the charge was "fantastic."

Mundt told reporters he is thinking in terms of five busy days of taking testimony, declaring, "I can't see anything in the picture now that would take longer." But he said unexpected developments in the testimony itself could plunge the subcommittee into a much longer job.

McCarthy Role

Still awaiting decision in writing the ground rules is the exact role McCarthy may play when his subcommittee, under Mundt's temporary chairmanship, starts the inquiry.

McCarthy has said he will insist on the right to cross-examine witnesses, and is willing to submit to questioning by Army representatives when he testifies himself.

He says he is willing to step to the sidelines on all other matters in the inquiry, to the extent of refraining from voting on any matters involved in it or appointing a successor to cast a vote.

Some veteran senators said McCarthy probably cannot be denied the right to question opposition witnesses in the forthcoming investigation, which is to be carried by radio and television networks.

A Democratic senator who has

School Pupils Return Home After Warning

Public and parochial schools in Marion were dismissed this afternoon because of warnings of the impending storm.

St. Mary School dismissed classes at the end of the morning period, but the public schools were not dismissed until after classes resumed in the afternoon.

Children whose parents were expected to be away from home during the school hours remained in the schools under the supervision of teachers.

Schools and Marion factories were alerted by the Marion police department about 11 a. m. today. The police had received a report over the police radio that the storm had reached Indiana and was headed for Ohio.

Police Chief Thomas Coon said auxiliary police and the rescue squads had been alerted and they, along with the city policemen, were standing by.

Police here received a report shortly before noon that a cyclone, 30 miles wide and traveling 45 miles per hour, was headed this way. Police in Indiana reported it had upset a truck.

VOTE FOR AMENDMENT

WASHINGTON (AP) — Sen. Burke (D-Ohio) and Sen. Bricker (R-Ohio) yesterday voted for an amendment which would halve the present federal excise tax on household appliances such as refrigerators and toasters. The amendment passed 64-23.

Russians Hurl Spy Charges at 4 U.S. Officers

Moscow Paper Says Espionage Committed While on Rail Trip

MOSCOW (AP) — The newspaper Trud charged four members of the U.S. Embassy's military staff today with spying on Soviet airfields and other important installations on a rail trip from Moscow to Vladivostok.

The embassy refused to comment on the charges.

Trude, the trade union newspaper, claimed the alleged espionage was revealed in military intelligence reports the Americans left behind in their compartment on the Trans-Siberian Express. It said the chief conductor found the papers at the end of the run.

The documents, it continued, "constitute an intelligence report on the main towns and stations between Moscow and Khabarovsk," an industrial and transportation center of 300,000 persons north of Vladivostok on the Manchurian border.

GOP Loses Fight on Cuts

Democrats Take Control On Tax Action in Senate

WASHINGTON (AP) —Senate Republican leaders regrouped forces today against any further floor cuts in excise taxes after losing a test in which a 100-million-dollar reduction was voted on household appliances.

The GOP leadership lost control last night and, when that became apparent, agreed to accept the household appliance cut. The vote for it was 64-23.

May Hold Firm

There remains a good possibility the appliance tax cut, from 10 to 5 per cent, will be knocked out in conference with the House, which voted no such reduction. Sen. Millikin (R-Colo), chairman of the Finance Committee, expressed belief the House would stand firm against going below the 10 per cent level on most excises this year.

Millikin predicted to newsmen today that other key amendments to the excise or sales tax bill sponsored by a group of Democrats would be beaten. He said the Senate may complete action on the measure today.

Sen. Douglas (D-Ill), chief sponsor of the reduction amendments, planned to ask first today for a vote on a proposal to cut the excise tax on autos from the present 10 to 7 per cent. This would slice the tax by 275 million dollars a year.

Would Save $50

Douglas says the cut would save about $50 on the price of a $2,000 car. The tax is levied on the manufacturer, but is passed on to car buyers.

The third amendment offered by Douglas would chop in half the present 10 per cent excise on television and radio sets and phonographs. This would be an 80-million-dollar annual cut.

With the appliance relief included, total cuts in the excise bill now have passed the billion-dollar mark.

The House originally voted a wide variety of reductions totaling 912 million a year. This brought down to a maximum 10 per cent level all excises except those on liquor and tobacco. Some are now as high as 25 per cent.

The Senate Finance Committee, chiefly by hiking the relief for movie theaters, boosted this total to 958 million before sending the bill to the floor.

The cuts are scheduled to take effect a week from today, April 1. Senators Byrd (D-Va) and Wil-

French Smash Rebel Attack on Dien Bien Phu

Tanks, Mobile Units Hit Communist-Led Vietminh Invaders

HANOI, Indochina (AP) — The French army claimed today its tanks and mobile units killed 28 Vietminh rebels in a fresh clash in the southern sector of besieged Dien Bien Phu.

It was the second time in three days the French had reported a battle with the Communist-led enemy inside the southern perimeter of the northwest Indochina fortress. They claimed 175 enemy dead in a big clash Monday.

Intensive fire bombings by American - supplied planes continued meanwhile to take a heavy toll of the rebels digging in around Dien Bien Phu for new mass assaults on the fortress. Even Flying Boxcar and Dakota transport plane were used to jettison blazing jellied gasoline bombs on the enemy.

In the 13 days of this first major battle of the 7-year Indochina war, the French estimate more than 15,000 Vietminh troops have been killed and wounded. More than 3,000 killed and 9,000 wounded were believed lost in the first wild frontal assaults by the rebels.

Around-the-clock bombings and artillery barrages are believed to be claiming hundreds more each day.

Atlantic Coast Threatened by Tieup of Ports

Sympathy Walkouts Loom in Support of New York City Strike

NEW YORK (AP) — Possibility of a sympathy waterfront tieup along the Atlantic Coast loomed today as leaders of the old International Longshoremen's Assn. gave official sanction to a three-week-old outlaw strike in the Port of New York.

Union endorsement of the walkout here did not bring an immediate shutdown in any harbor in the ILA district from Portland, Maine, to Hampton Roads, Va.

"No sympathy strike" was the word from Baltimore, whose dockers have handled the bulk of the ships diverted from New York. But reaction in most other ports still was to be seen.

ILA President William V. Bradley said he had been told that his union's men in the other ports "want to go out." He added that

Gunmen Assist Pair in Escape From Jail Cell

Two Who Aided Break Taken Into Custody by Rochester Police Force

ROCHESTER, N. Y. (AP) — Two gunmen tied up two guards in Monroe County Penitentiary early today and engineered the escape of two prisoners.

Police claiming the capture of the gunmen a few hours later said the men in custody were George R. Bonner, 24, of Washington, Pa., and Paul Freeman, address not immediately available.

Sheriff Albert W. Skinner said the escaped prisoners were reported to be still in Rochester.

They were identified as James Compton, 30, of Du Bois, Pa., and Coshocton, Ohio, and Anthony Mendolla, 45, of Rochester.

The four made their getaway in a guard's car but abandoned it and were believed to have taken a taxicab later.

Compton was serving a one-year term on a bad check charge and Mendolla a similar term for petit larceny.

Police, who listed the four as "dangerous," threw up road blocks over a wide area of western New York and said they might be heading for Canada.

The gunmen entered the penitentiary about 12:30 a.m. after telling Clyde Jefferds, 63, chief night guard, that they had cigarettes and a newspaper for Compton. They gagged Jefferds and tied his hands, then walked him down a corridor and into the turnkey's office.

One of the men took the jail

Israel Appeals to Big 3

U.N. Asked To Take Up Charges Against Jordan

UNITED NATIONS, N. Y. (AP)—Israel appealed to the Western Big Three today for immediate U.N. action on the Arab killing of 11 Israeli bus passengers in the Negev Desert, but diplomats here anticipated the Security Council would delay action.

The council was to meet late today for further debate on Israel's charges that Egypt is blockading cargoes destined for her via the Suez Canal. U.N. sources believed the council would want to dispose of this matter before turning to the bus incident, for which Israel blames Jordan.

Refuses Meeting

Jordan, which has denied responsibility for the ambush 12 miles from her border last week, informed U.N. Secretary General Dag Hammarskjold officially yesterday she would not meet with Israel to discuss their border troubles.

Invoking a clause of the Palestine armistice, Israel had demanded the meeting last November during Security Council discussion of the killing in October of some 53 Arabs in an Israeli raid on the Jordan village of Kibya.

Spearheading the drive for immediate council action on the new Israeli charge, the Jewish nation's ambassador to the United States and the U.N., Abba Eban, planned to meet in Washington today with Secretary of State Dulles.

Ordered To Press Case

Eban was expected to press Dulles also for arms for Israel and a ban on such shipments to the Arab states. Israel Premier Moshe Sharett called for these in a speech to his Parliament in Jerusalem yesterday, though he named no nation as an arms supplier.

Sharett also instructed his ambassadors in London and Paris to press their nation's case there.

(Turn to U.N., Page 10)

100 Polish Coal Miners Reported Killed in Blast

VIENNA, Austria (AP)—Warsaw radio said today that a large number of Polish coal miners—possibly as many as 100—had been killed in a major mine explosion at Chorzow, in Silesia.

The broadcast said that when fire broke out in the mine, "several score" of the miners were buried and could not be pulled out in time to save them.

"All signs indicate that the explosion was the sabotage act of an enemy," the radio said.

16,458 in City Are Registered To Vote in May

A last-minute rush of new registrations Wednesday raised Marion's total of eligible voters to 16,458—the fourth highest figure in 22 years. County registration stands at 3,794.

When registration books for the May primaries were closed at 9 p.m. last night, 176 new voters—mostly young people—had registered in the city and 62 in the county. Transferred registrations brought the day's' total to 404.

The only years which surpassed the 1954 total were 1946, 1952 and 1953. The high registration for Marion is 18,112 on Nov. 2, 1952.

Registration in the county and city is now closed for 50 days. It will be resumed May 15 for the November elections and will last until September 22.

Action to comply with the state law requiring that no more than 400 voters be assigned to each precinct was discussed at a meeting last night of the Marion County Board of Elections. It was decided to comply with the regulation "as soon as possible," but no definite plan of action was reached.

Election officials told newsmen that probable action would be to divide the largest precincts first—Marion South and the Sixth Ward. Marion South currently has about 900 registered voters assigned to it.

Torrential Rain Hits Cleveland, Fremont Areas

CLEVELAND (AP) — A 2.05-inch rainfall in 12 hours, ending during the morning rush hour, drenched the Cleveland area today, flooding basements and streets and causing thousands of dollars of property damage.

The wind mounted to 32 miles an hour and sheets of rain slowed traffic to a standstill.

Six streets in Parma were closed because of floods. That southwest suburb was among those hardest hit. The old canal at the southeast end of the county overflowed, blocking Canal Road. Creeks throughout the county overflowed their banks.

Marionite Aids Production of Video Program

Local Veteran Appears As Guest on Feature, 'This Is Your Life'

A former Marion man, Harley F. Mooney, who was a much-decorated veteran of the Korean conflict, made an appearance on the NBC television show, "This Is Your Life," Wednesday night as part of the life of a small-town Californian, Smith Robinson.

Robinson, who lives in Healdsburg in northern California, was responsible for his town literally adopting the men of Co. A, Seventh Infantry Regiment of the Third Infantry Division during the winter of 1950 and the spring of 1951. This company was captained by Mr. Mooney.

The people of the town sent the men in Korea, candy, cookies, washcloths and other small items which were unobtainable in Korea during that period in which the fighting was the hardest.

Mooney, the son of Mrs. L. C. Reed of 918 Uncapher Ave., although he had never met Mr. Robinson, had spoken of him often to his family and while in service had had correspondence with him many times.

Mooney is attending the University of West Virginia, Morgantown, W. Va., and is to graduate Aug. 22. He is majoring in history. He was married April 4, last year, to Mary Lou Rowley of Ravensburg, W. Va.

Legion

(Continued From Page 1)

and disabled veterans to whom the nation is eternally obligated."

The national commander said the child welfare work of the Legion was important, unspectacular, day-to-day work. He gave as illustrations of it the Boys State and Boys Nation program, American Legion baseball, the national oratorical contest, and sponsorship of thousands of Boy Scout troops, school awards, traffic safety drives and playground facilities.

—:—

CONCERNING AMERICANISM, Connell said: "Much has been said recently about getting communism out of schools. Certainly, the American Legion agrees emphatically with that objective. But we also believe it is equally important to get Americanism into the schools, and to see that it stays there."

He said the Legion does not presume to "have all the answers" to how to maintain long-term military strength without bankrupting our economy, but his organization does believe that "trained manpower" is a "vital element" in our defense needs. He renewed the Legion's perennial backing of universal military training. He maintained that "our strength as a nation lies not in material or physical riches but in human riches—not in the bounded resources of our land but in the boundless resources of our people."

—:—

CONNELL WAS introduced by Howard Kingdom, Ohio commander, who previously had been introduced by William Payette past county commander and master of ceremonies. Guests at the meeting were Fire Chief Owen Sifritt, and Police Captain Clyde H. Hardin, representing the city; Commander A. E. Parker of Port Columbus; Col. John F. Phalen of the Army Engineer Depot; Dr. Frederick Smith, Ralph Jones, sixth district vice - commander; Mrs. Linus Schmelzer of Delphos, state auxiliary president; and Mrs. Marie Malloy, sixth district auxiliary president.

Weather Report

OHIO—Strong winds and mild with scattered showers and thunderstorms and chance of isolated severe storms this afternoon and early tonight, turning colder tonight. Lowest 36-42 west, 42-50 east portion. Friday, windy and turning colder with showers possibly changing to snow flurries. Colder Friday night.

Speaks at OSU

'Flexible' Support Plan Defended by Benson Aide

COLUMBUS, Ohio (AP)— It costs the government half a million dollars a day to keep stored farm products off the market, a federal farm expert stated today.

Donald Paarlberg, assistant to Secretary of Agriculture Benson, termed present price supports "costly" and "imprudent" as he explained the President's modified farm program which hopes to wean the nation's farmers away from high parity to a more "modern" and flexible support program.

Paarlberg was a featured speaker today at the four-day Farm and Home Week sessions which opened Tuesday at Ohio State University.

"We have far exceeded prudent reserve levels for many of our farm products," Paarlberg told his audience.

"Defects in our past farm programs should not blind us to the good a farm program can accomplish," he said.

He recommended easing into the administration's suggested new farm program and described the program like this:

1. Part of burdensome stocks be set aside and eliminated from price support computation to help ease the change to a new program.

2. Federal assistance be given to increase exports of American farm products.

3. For basic commodities, price supports to be cut from 90 per cent of parity to 75 to 90 per cent depending on supply.

4. Parity on all farm products be figured on a modernized basis which takes account of changes in supply and demand that have occurred since 1910-1914.

5. When land is diverted from production, agricultural conservation funds be used to help farmers make adjustments that will advance soil conservation and long term efficiency.

"Our agricultural resources are not being used as they should be," Paarlberg said. "Lands which should be in grass have been plowed for wheat, providing a setting for dust storms recently in the news."

"Our support prices have attracted to our shores farm products of other nations, and to keep these imports from impairing our programs we have had to resort to measures which have offended those whom we urgently need as friends," he stated.

Paarlberg said that in the past two years United States export of wheat outside the international wheat agreement has fallen from 220 million to 64 million bushels while Canada's free market sales have risen from 105 to 161 million bushels.

Storm

(Continued From Page 1)

the center of the storm path was expected to hit Ohio near Eaton in Preble County and extend in a direct line toward Cleveland.

The Weather Bureau said tornadoes are possible within 30 miles north and south of a line extending from Evansville, Ind., to Cleveland.

That band would take in such cities as Hamilton, Middletown, Dayton, Springfield, Piqua, Sidney, Urbana, Bellefontaine, Delaware, Kenton, Marion, Bucyrus, Mansfield, Norwalk, Lorain, Elyria, Ashland, and Medina as well as Cleveland.

Columbus, Akron, Lima and Sandusky would be on the outer fringes if the storm follows its predicted path.

The Weather Bureau reminded: "A tornado is a very small storm and one may therefore expect only a very limited area to be affected by such storms. Severe thunderstorms may, however, reach most sections of central Ohio before the middle of the afternoon."

Hardest hit in the upsurge of violent weather was Tulsa, Okla., $100,000.

No one was reported killed in the twisters, but George D. Franklin, a drive-in theater owner, was crushed to death at Argyle, in north Texas, when a wall he was trying to brace toppled on him during a windstorm.

Five tornadoes were reported in Oklahoma in the state's southwest, north, central and northeastern sections. Three of the Oklahoma twisters brought heavy damage to as many farm communities; another tore up trees and outbuildings just south of Shawnee's business district, and the fifth ripped through Tulsa.

The Texas tornadoes struck at Honey Grove in the state's northeast section and near Albany in the northwest. Damaging storms also tore across Fort Worth, McKinney and a section east of Throckmorton, Tex.

The Tulsa tornado snapped telephone poles, uprooted trees, and destroyed six light planes at the Brown Airport. Two of the planes could not be found.

Fort Worth was hit by winds with gusts of 80 miles per hour.

SPOKANE MAN ARRESTED

A Spokane, Wash., man was given a fine of $25 and costs on a panhandling charge when he appeared in Municipal Court this morning. He was Raymond Koski, 26, who was arrested Wednesday at 9 p.m. on N. Main St. The fine was suspended on condition he leave town.

'Safety Town' Plan Explained To Group Here

Members of the Marion Industrial Safety Council yesterday heard a talk on "Safety Town," Mansfield's new project for teaching safety to children.

Paul W. Bush, supervisor at the Mansfield Westinghouse plant, discussed the project with about 25 council members at luncheon at Hotel Harding. Originated in Mansfield, "Safety Town" is being adopted by other states.

Through the plan, elementary school children get practical experience in safety. A miniature town is set up and children ride tricycles, learning the traffic rules as they go.

Emil Lisak, program chairman, said the 20-30 Club hopes to bring "Safety Town" project to Marion. The club was represented at the luncheon.

Tieup

(Continued From Page 1)

"we'll have a job keeping the other ports working."

fall for harboring racketeers — has

Recently signed ILA work contracts in other ports were seen as a possible deterrent to spread of the strike. No contract is in force here.

One big question in New York was whether tugboat crews, who are members of the ILA, would quit work and force ships to dock and sail without the aid of tugs.

After the strike was sanctioned late yesterday, the rival AFL-ILA pledged to "keep the port open."

Defy Court Order

The walkout by members of the ILA — ousted from the AFL last fall for harboring racketeers — has been staged in defiance of a federal court injunction. Contempt of court proceedings are pending.

The ILA high command reportedly hopes to escape possible jail terms or fines for contempt for endorsing the walkout by contending that the strike is a "no contract, no work" action and not a defiance of the federal court injunction issued March 4, the day before the walkout started.

MAN FINED $50, COSTS

Bennie Look, 37, who gave no home address, was fined $50 and costs in Municipal Court this morning on a charge of giving a false address to obtain a car license. He was arrested today at 9:04 a.m. on S. Main St.

Six Accidents Reported by Police, Patrol

No Injuries Result In Minor Collisions On Streets in Marion

A total of five minor traffic accidents were reported today by city police. State patrolmen reported one accident.

A hit-skip mishap was reported to police today at 1:19 a.m. A parked car owned by L. Coon of 679 N. State St. was reported hit in front of his residence. There was minor damage to his car.

Yesterday at 8:32 p.m. at 252 Pearl St., cars owned by Mrs. Virginia Riddle of 839 Bennett St. and B. K. Hill Jr. of 259 Pearl St. were involved in an accident, with slight damage resulting to both. The police report said the Riddle car apparently rolled off a lot on W. Pleasant St., down the street and around the corner into the parked Hill car.

A car driven by Frank Bruno, 59, of 538 Vernon Heights Blvd. and a parked car owned by Walter Chandler of 137 N. Greenwood St. figured in an accident Wednesday at 5:18 p.m. in front of 137 N. Greenwood St. There was minor damage to both vehicles.

The driver of one of two cars involved in a mishap at E. Center and Jefferson Sts. yesterday at 12:39 p.m. was arrested following the accident. Cars driven by Budd Joseph Gates, 77, of Twin Oaks Trailer Park and Don Gene Wright, 22, of Morral collided. Gates was charged with failure to yield the right of way and was cited to appear in Municipal Court today. Both cars were damaged slightly.

The remaining accident occurred Tuesday at 12:05 p.m. at W. Columbia St. and Park Blvd. but was not reported to police until Wednesday night. The accident involved cars driven by Ella V. Romano of 563 Wood St. and John Wagner of Upper Sandusky. Only the Romano car was slightly damaged.

Truck Leaves Highway

No one was injured in an accident reported by the Marion post of the state highway patrol.

At 1:30 a.m. this morning a large semi-trailer truck owned by Omar Bakeries, Inc., and driven by Arthur L. Oakes, 32, Columbus, was forced into the ditch one mile north of Waldo on Route 23. Oakes told patrolmen he was passing a car when it began to weave in the road. Eventually the car went over on to the left side of the highway, forcing the truck into the ditch where it struck a telephone pole.

The truck sustained considerable damage, but the cargo of baked goods was not damaged. Oakes could give no identification of the automobile, patrolmen said.

4 Arrests Made By Marion Police

Four traffic arrests were reported today by city police.

Persons arrested, their charge, and disposition of the cases follow:

Allen Guy McFarland, 28, of N. Main St., no muffler, to appear in Municipal Court Wednesday; Ralph E. Foreman, 20, of near Marion speeding, to appear in court Friday; Walter F. Lehner, 30, of Trenton, N. J., no safety chains, to appear in court Wednesday; and Roy M. Coy, 58, of near Yellow Springs, O., no turn signals, fined $15 and costs.

State Attorney Says Dog Owner Liable for Losses

In an opinion to County Prosecutor Ralph E. Carhart, state Attorney General C. William O'Neill held today that dog owners are liable for damage to animals and poultry if licenses are not renewed within the 20-day "grace" period after Jan. 1.

The question of liability stemmed from the killing of several sheep belonging to a Marion County farmer Jan. 16. The dog killing the sheep had not been registered for 1954. According to the law all pet registrations expire the first of each year.

In his opinion O'Neill held that the 20-day grace period following license expiration applies only to the $1 penalty if licenses are not obtained before Jan. 20. Therefore, owners are liable for damages caused by their pets within the grace period, as well as the times when they are not licensed.

Man Sentenced, Fined On Charge of Assault

A Marion man arrested on an assault and battery charge changed his plea to guilty in Municipal Court this morning and was fined $100 and costs and sentenced to 60 days in the Columbus workhouse.

He was George Allen Spinks Jr. of 225 Senate St. He had pleaded not guilty to the charge after his arrest Friday night. The charge was filed by Vernetta Taylor of 219½ Senate St.

14 Will Go to Capital

Details of School Patrol Excursions Announced

Additional details of a plan to send 14 Marion boys and girls to Washington, D. C. for a two-day National School Patrol Jamboree May 7 and 8 were announced today by Police Chief Thomas B. Coon and Patrolman D. L. Everly.

One boy or girl from each school who is active in the school patrol will be selected for the trip.

—:—

A PANEL OF THREE judges presently is checking the patrolmen and will pick the top patrolman at each school on the basis of attention to duties, scholarship, efficiency, and interest in the patrol program.

Names of the 14 top patrolmen will be announced sometime before May 6 when the group will leave for Washington, Coon said.

Transportation, lodgings and meals will be furnished, along with full insurance coverage. The trip will take four days.

The Ohio AAA will furnish each of the boys and girls with a new patrol sash, new badge, new sweater with the word "Marion" on the front and a new hat.

—:—

ALL THOSE TAKING the trip will be excused from school on May 6 and 7 and while in Washington will stay at a modernistic motel just outside of the city in Springfield, Va. The motel is equipped with an outdoor swimming pool and each room has TV, Coon reported.

A complete record of the trip with photographs and an accounting of the manner in which all funds are spent will be made and copies of these presented to each sponsoring organization, Everly said.

Total cost of the outing is estimated at some $1,000 for the 14 boys and girls and the five or more adults who will accompanying them as chaperons.

Total collected to date from sponsoring organizations is more than $600, Coon said.

—:—

FOR THOSE BOYS and girls who are not picked for the Washington trip, another outing is planned May 19 to the Columbus Zoo, he added.

This will be a day-long affair and will be declared a "School Patrol Day" so that all 390 patrolmen may be excused from classes for the day, Everly said.

Included in the activities of the day will be a picnic lunch, free refreshments, and free tickets for rides at the amusement park near the zoo.

All plans for this outing are not yet complete and funds must be raised to defray the cost of the refreshments and rides, Coon said.

Purpose of both affairs is to show appreciation to the members of the school patrol for "a job well done" during the year and to provide an incentive for better work and greater interest in the patrol the remainder of this year and in future years, Everly said.

—:—

"THE HOPE IS that we can make both these events annual outings for the school patrol members," Chief Coon added.

Organizations which so far have contributed to the fund for the Washington trip are the City PTA Council, Loyal Order of Moose Lodge 889, Marion County Insurance Dealers, Benevolent Protective Order of Elks, Lodge 32, Marion Lion's Club, Y Men's Club, Wenham Trucking Co., Fraternal Order of Police, radio station WMRN, and National City Bank.

In addition donations have been promised by the Junior Chamber of Commerce, Fraternal Order of Eagles, 20-30 Club, Exchange Club and the Inter-Club Council, Chief Coon said. Several other organizations have also indicated an interest and may make contributions, he added.

Moore, Mickley Speak

Explanation of Charter Given to Women Voters

The League of Women Voters interviewed Walter Moore and Henry Mickley, members of the City charter commission, in their unit discussion meeting Wednesday night in the YMCA. The purpose was to obtain information as to how the commission had arrived at its decision on the council-manager form of charter government and on some of the specific provisions which they have considered in the charter.

Moore cited the history of the council-manager plan. There are now 1,137 cities having this plan, of which only 39 had found reasons to abandon it, he reported.

—:—

FURTHER DISCUSSION developed the facts that as our city grows and expands our problems become more intricate and complex. A trained administrator of municipal operations would be better able to deal with such technical problems as sanitation, for example, he said.

The question as to what it would cost for such a manager and where this money would come from was explained by Moore, who pointed out that it would come from the present salaries being paid the mayor, safety-service director, treasurer and assistant treasurer, as these positions would be superseded by the manager. There would be a mayor, but his function would be in the capacity of the official head of the city. He would be selected from the list of councilmen, being the one who received the highest number of votes, and his salary would be $300 more than the other councilmen.

—:—

A LEAGUE MEMBER asked whether it was the plan of the commission to write a basic, simple charter which would provide a sound basis for responsible municipal government. Mickley replied that this is exactly what the Commission has attempted to do. The charter is written so that all authority is vested in Council, he said, and that body is responsible to the electorate.

In response to other questions, it was pointed out by Moore and Mickley that the commission had considered the four-year term for councilmen, and while it had many points in its favor, members sensed much feeling among voters favoring instead a two-year term.

—:—

IN PROVIDING for the appointment of some officials such as solicitor, instead of their election as at present, commission members believed the voters will be in a better position to concentrate their efforts on an effective Council. Moore and Mickley said that one of the most important provisions of the charter is that it fixes the responsibility for government functions, which under the present system is not always clear.

They said that under the present form, councilmen often find themselves bogged down with minor details which could be better handled by a city administrator who would be responsible to Council. This would permit Council more time to consider the major problems.

Moore pointed out that one of the strengths of our present form is the system of ward representation of councilmen and that this feature will be retained under the charter. Another strength mentioned by Mickley in our present form is the party responsibility for the selection of candidates, and this feature is also being retained in the charter.

—:—

COMMISSION MEMBERS were asked what their plans were for the presentation of this charter to the public in advance of its final form. The speakers explained that just as soon as the commission has approved the second draft, it will be presented in a public meeting, or a series of meetings, to the voters for their reactions and discussion. This will give the commission an opportunity to see how it measures up to the voters' wishes, and from such reactions they will be able to make a third and final draft to be printed and submitted 30 days before the November election. They also stated that commission members have felt from the beginning that after they had presented the final charter that citizens groups should further the public acceptance of the plan.

Resource chairman for the meeting was Mrs. James Frew, assisted by Mrs. Douglas Torrance and Mrs. Harold Fetter. Mrs. William Diem acted as unit leader and Mrs. Walter Sinden served as discussion leader for the meeting.

Taxes

(Continued From Page 1)

liams (R-Del) put in an amendment to knock out all of the cuts except those on movie tickets and other admissions. But this appeared to be a forlorn gesture in the present mood of the Senate.

In arguing for the appliance cut, Democrats hammered at the theme that the bill already cut taxes on such luxuries as furs, jewelry and night club admissions. They said household necessities should get relief too.

On the vote, 35 Democrats, 28 Republicans and the 1 Independent said "aye". Fifteen Republicans and 8 Democrats voted "no".

Jail Break

(Continued From Page 1)

keys, opened a cell block door and confronted James Marshall, another guard. Marshall quoted the gunman as saying, "Okay, I'll take over now."

Marshall was forced to release Compton and Mendolla from their cells and then was taken to the turnkey's office, where he also was bound and gagged.

The four fled in Jefferd's auto before the two guards could free themselves and sound the alarm.

Harding Pupils Plan Show of Talent Friday

Best Acts of Top 3 Classes To Perform At Public Program

Entertainers selected from sophomore, junior and senior talent shows will join together Friday at 8 p.m. for Harding High School's Talent Show in the auditorium.

Open to the public, the show will feature approximately 20 acts. Funds from the show will be used to publish a student council handbook.

The entertainers, selected by student council members after class shows, include: a "trio of men haters," Pat Hart, Ann Warrick and Phyllis White; Clifford Spohn, piano solo; Chad Barker and Clifford Roush, guitar and mandolin duet, Cynthia Moore, monologue, Roger Jamison, pantomime; Carol Keck and Kay Montgomery, piano duet; Carl Carnes and Carol Morgan, Charleston duet, Sally Schneider, piano solo, Ben Bechtel, piano solo; Judy Street skit, Sally Waddell, Connie Bartram, Mickey Umbaugh, Judy Stem, Barbara Bull, Katy Kinsler, Katy McAdams, Sue Foreman, Alma Turner, Carol Greenbaum, Sally Linscott, Ann Larkin, Joe Shouffer and Hank Rinnert.

Rosemarie Clifton, tap dance; Barbara Thayer, hula dance; Nancy Hammond, harpist, Anna Fairchild, vocal solo; and Carolyn Jones and Ted Pollock, piano duet. Two sophomore chorus lines will perform. The first includes: Phyllis Bailey, Dixie Savage, Helen Hauchin, Shirley Watson, Nancy Wick, Anita Buckingham, Mona Kay Upton, Nancy McCurdy, Rosalie Walker, Alice Barkley and Rena Roch. The second line is made up of Marilyn Fetter, Marilyn Porter, Ann Grigsby, Linda Larkin, Carol Hollensen, Rosemary Ridgeway, Susie Carey, Susie Myers, Becky Lawson, Jinny Jones, Judy Reinwald and Cara Lee Kindell.

Gilbert Herr, president of the student council, will be master of ceremonies. Joe Merchant and Charles Newman are script writers. Harding faculty members Miss Barbara Willmeth, William Cover and Darl Catchell will serve as advisors.

Staging will be done by Barbara Haycook, Rosemary Baxter, Sally Chapman, Jim Alex, and Jerry Emery. George Mosher is in charge of lighting.

Tickets are 25 cents for students, and 50 cents for adults.

Probe

(Continued From Page 1)

been around about 20 years and has a deep knowledge of Senate rules said he believes that if McCarthy remains a member of the investigating subcommittee he will have to be permitted to cross-examine Army witnesses.

Nevertheless, a high Republican official, who also didn't want to be quoted by name, said in a separate interview the Eisenhower administration is making a major effort to block McCarthy off from cross-examination.

Sen. Ferguson (R-Mich), who has urged McCarthy to step aside, said it will be up to the investigations subcommittee itself to decide on procedure. But he conceded that McCarthy probably could take the issue to the Senate itself if the committee should decide against him.

Sen. Mundt told reporters "I hope and expect" the subcommittee will pick a special counsel for the inquiry by this weekend.

U.N.

(Continued From Page 1)

Representatives of the seven Arab states had called on Dulles Tuesday. Afterward they said they told him "mounting tension in the Near East . . . is caused by Israel" and that they would regard an aggression against any one of the Arab nations "as being upon them all."

Eban conferred last night with Hammarskjold, who earlier yesterday had discussed the tense Palestine situation with Henry Cabot Lodge Jr., the chief U S delegate; Lodge's deputy, James J. Wadsworth; British Delegate Sir Pierson Dixon; and Charles Lucet of France.

Spying

(Continued From Page 1)

"Special attention was paid to airfields, radio station, industrial plants and the like," Trud said.

The four accused by the paper were Lt. Col. Howard L. Felchlin, Maj. Walter McKinney, Maj. Martin J. Manhoff and S. Sgt. Eugene Williams.

Trud published what it said were photostat copies of their papers and commented:

"If the above-mentioned persons would like to get back their documents, which evidently were forgotten in the rush, they can do so by calling at the porter's office."

The embassy would confirm only that the four men made a train trip to Vladivostok last September.

Elswick

(Continued From Page 1)

by witnesses for the state concerned the statement that Sheriff Obenour testified Elswick signed early on the morning of Monday, Dec. 7, 1953.

In the statement, Elswick admitted strangling his 31-year-old wife, Violet, at the Green Camp village dump on the night of Saturday, Dec. 5, 1953.

Witnesses Tuesday afternoon told of seeing Elswick and his wife in a Marion tavern and of taking a cab to the dump. Dr. E. H. Morgan, county coroner, testified that he witnessed the autopsy on the dead woman and ruled that death was caused by "strangulation and suffocation from a constriction of the throat."

Sheriff Glenn Obenour related how he directed the investigation and told of questioning Elswick at the Marion Police Department in the presence of his staff and several members of the police staff.

Signature Witnessed

Capt. Justus Cornell of the Marion Police Department testified that he typed the statement from information Elswick gave the interrogating officers at the police station and witnessed the signature.

Also testifying that he witnessed the signing of the statement were Deputy Sheriff Albert Lautenslager, who was recalled to the stand, and Capt. George H. Manley of the Marion Police Department.

Patrolman Charles M. Dyer, also of the police department, told the jurors that he read the statement to Elswick before he signed it.

When Elswick took the stand shortly after 1 p.m., he claimed that he signed the statement first and then it was read to him, and that he signed it on the morning of Tuesday, Dec. 8, after Capt. Cornely and Sheriff Obenour mentioned the electric chair many times.

Deny Making Threat

Capt. Cornely and Sheriff Obenour, recalled to the stand following this, flatly denied having threatened Elswick with mention of the electric chair.

Answering questions of Mooney as to his background, Elswick told the jurors that he was the fourth of a family of 11 children. He married his late wife in 1937 and from that time moved several times, living at various times in Baltimore, Md., Ironton, Springfield, Portsmouth, Galion, Mansfield, and Marion, O.

He testified that his wife had left him and their son, now 14 years old and living with the defendant's mother in Ironton, many times during their marriage, but that he had always taken her back when she returned.

He said he never entertained the notion of killing her.

Testimony Differs

Elswick's testimony of events of Dec. 5, the night on which his wife met her death, differed from that of other witnesses. Elswick said that sometime Saturday afternoon he purchased two half-gallon jugs and one pint bottle of wine in Marion, returned to the Baker trailer in Green Camp, and drank the wine.

Next thing he remembers, Elswick said, was being in Scotty's Tavern in Marion with his wife, staying there until after dark. Then he picked up his pay check from Walter Slob, his employer, at his residence at 382 N. State St., and returned to Scotty's.

He said he doesn't remember leaving Scotty's, but believed he and his wife hitch-hiked back to Green Camp. Seeing no lights at the trailer, they proceeded to the village dump where they quarreled about an apartment. He grabbed his wife and shook her, he testified, and when she fell down, he sat down beside her, and drank some more wine.

Says Both Returned to City

However, he and his wife then proceeded to hitch-hike back to Marion, Elswick told the jurors. He got out of the car at the Courthouse, he said, but could not remember what happened to his wife.

He returned to Scotty's, he said, but can't remember leaving. The next thing he remembers is talking to Deputy McClaskey at Baker's trailer that Sunday morning.

Baker earlier had testified that he returned to his trailer after midnight and neither Mr. nor Mrs. Elswick was there. Later Elswick came and Baker said he inquired about his wife.

Baker said Elswick answered, "Bill, you'll never see her anymore."

Others who testified Wednesday afternoon included Slob, who reported that Elswick had worked for him as a welder since 1952; Mrs. Grubell of Green Camp, who was employed at Dixon's Grill in Green Camp, and said that Mr. and Mrs. Elswick and Baker were in the tavern that Saturday afternoon; and Faye Dixon, owner of the tavern, who testified that Elswick returned to the tavern alone just before midnight.

CAREY APPROVES RADIO

CAREY — Village Council approved a proposal for a two-way radio for the police car at a recent meeting. Cost of the equipment will be just short of $1,000. The proposal was made by Village Manager J. R. Castner.

Hellbomb

By George Sokolsky

SOKOLSKY

The most recent tests with the Hellbomb in the Pacific should frighten everyone that bomb was so wide that 450 miles has now been set as its outer periphery Perhaps that fact would have been kept secret from the American people were it not that some Japanese fishermen were damaged during the tests

One wonders whether Russian schnorkel submarines out of Tsingtao, Weihaiwei or Hainan watched this experiment from a safe distance The Russians have bases along the China coast and although I give these cities as the probable sites I do not really know where the bases are

The American press was not permitted to be present at the blowing up of the Hellbomb Increasingly Americans are growing dependent upon the mimeographed release for general information and upon carefully monitored magazine articles written by favored journalists who are not permitted to see what they write about

This raises a question of policy that requires congressional attention when Congress can take time off to devote itself to the business of the country

AS OF TODAY, the American people have little concept of the new civilization destroying weapons If a single bomb has a destructive radius of 450 miles it means that a single bomb can destroy not only the British Isles but that every large city in the United States can be wiped out by an enemy

Last summer we heard much about some concept called Operation Candor The idea was that President Eisenhower would deliver an address telling the American people precisely how dreadful this new weapon is For weeks we heard that there was divided counsel as to the wisdom of such an address

After the Bermuda Conference the President did speak on the subject but it was a rather mild statement It is obvious from the recent explosion of a Hellbomb that it was not the whole story and that those who believe in secrecy had succeeded in suppressing a recital of the menace to us

Could it be that the infantrymen feared that if the whole truth were known Congress would drastically cut appropriations for foot soldiers and use the money for the Air Force and for counter Hellbomb expenditures?

WHAT USE can actually be made of foot soldiers against a bomb that comes out of the air and devastates an area within a radius of 450 miles? What would foot soldiers do against such a bomb? Could they do more than die as the rest of us would die?

I am not a military expert and cannot answer these questions but I would like to know what the answers are I would also like to know whether parents can from now on be justified in keeping their children in big cities that are likely to be targets

I should also like to know whether our warning devices, such as radar and our interceptor planes are of a quantity and quality capable of defending our lives Somebody ought to tell us about that

We are being told that our retaliatory powers are enormous Does that mean that if New York is wiped out Moscow and Magnitogorsk will also be wiped out? Or that if one Hellbomb is hurled at us eleven Hellbombs will be hurled at cities in the Soviet Universal State?

Such retaliation may be a fascinating study for those who are planning it but what about the 8,000,000 people of New York who would be killed? And what would become of our civilization under such circumstances?

IT WOULD SEEM to me that conscience would require those who are responsible for the Hellbomb and those who are responsible for our defense to tell us something about the seriousness of this problem

Politically I think it can be said that the first Hellbomb that is hurled at the United Staes will end the existence of constitutional government in the United States Emergency conditions will be of such a magnitude that authority will have to be centralized For one thing it will be necessary to establish a government of violence to prevent the agents of the enemy from taking advantage of the confusion

What is being done about that? Currently it would seem that nothing is being done about it in the United States But is nothing being done about it in the Kremlin?

Robust Invalid

By Victor Riesel

Advisers to two presidents — Dwight D Eisenhower and Walter P Reuther — met early this week in New York and in Washington to discuss the "recession"

RIESEL

They are still as far apart in their interpretation of the Gypsy Rose Lee same figures as Gypsy Rose Lee and the Japanese Kabuki dancers Both the White House and the CIO had something to point at in this tell-tale month of March

Unemployment is going up But so is employment If more people are not working, so are more people working

Some mobster behind the Iron Curtain might say, Comrade dig that crazy depression and he'd be no more confused than any of us This is the strangest recession since the ancient seven lean years

True there are now some 3 700 000 jobless And the figure may hit 4 000 000 before summer

But there are more than 60 100 000 people working — and at record wages Since there are just under 50 000 000 families in the country, this means, statistically that there is at least one full time worker per family

TO MATCH the grimness of the tens of thousands who have been laid off there is the satisfaction of some 500 000 men and women who were jobless in January but found jobs in February and March

The latter figures are the ones President Eisenhower's aides are watching most closely They hope the increasing number of employed will pull the country through the setback period and make jobs for more and more of the increasing number of unemployed

These advisers are harassed men On them falls the responsibility of recommending to the President when to unleash — if at all — the multi billion dollar public works and tax shaving programs The strategists are worried by steels slipping off to 65 per cent of its capacity — which will be the lowest since 1946

They're disturbed by the fact that for the first time since 1951 there is not a single tight labor area — where there are more jobs than applicants The last of these happy job hunting grounds went off the surplus labor list last week That was Hartford Conn It is now a 'balanced' labor area.

THE PRESIDENTIAL advisers it can be reported now feel that not until May — two months later than they expected — will the actual upturn come If there is no significant change by mid summer then a great many people will be in serious economic trouble The CIO believes that troubled times are already here

On the other hand GOP advisers are encouraged by the fact that the construction industry is in better shape today than in 1953 It has more than held up — and employs millions of men at high wages

There is the mens clothing industry, too It is having a terrific season — and some reports indicate that manufacturers are actually telling outlets to cut orders because they can't be met

Furthermore reports indicate that the drop in employment has slowed in a substantial number of areas particularly in centers producing aircraft and certain household appliances The cut in excise taxes especially on the large appliances, is expected to speed sales

But the most encouraging sign to the White House economists is the fact that at no one time as we slid down to the point of upturn this month did we hit the 1950 jobless total

In 1950 it ran close to 4 700 000 or about 1 000 000 more unemployed than there are today That was February 1950 By May of that year, when the Korean war was still just a gleam in Mao Tse Tung's eye about 1 500 000 of the total unemployed found jobs

THE WORKLESS were streaming back to jobs in peacetime factories when the shooting started a month later and gave employment a still greater impetus in defense production centers

Today almost four years later we're going back to peacetime production again — and we are in much healthier economic condition The layoffs of the past winter to a great extent reflected our return to peace The jobless were mostly concentrated in major production centers for basic steel nonferrous metals ordnance materials shipbuilding electronics and electrical equipment tires and tubes and textiles according to reports from all states

Which means that some 3 000 000 men and women who produced for war are waiting for work producing in peace

The White House believes that the working 60 000 000 can buy enough to make jobs for the unemployed The CIO vigorously disagrees We'll soon see

(Post Hall Syndicate Inc)

Advice to Dads

By Hal Boyle

NEW YORK

If there is anything more puzzling than being a teen ager it is the problem of being a teen ager's father

HAL BOYLE

You can't even solve this one by mail The correspondence schools duck the subject although they can teach you to understand a jet engine and other simple toys of the time

But today we bring you a plain rule of thumb way to let dad feel he at least dwells on the same plane as his teen age kids

Since you can't whip em why not join em"

THIS ADVICE comes from Lester Rand at 28 a retired teen-ager himself but one who has kept in touch with the field He is president of Youth Research Institute

The organization makes business surveys for firms selling youth products It has a staff of 1 800 youngsters scattered over the nation who trudge about asking other youngsters such questions as Junior what are your buying habits Why not give this new brand of bubble gum a 30-day test and see if you don't really find it easier on your jaws than the brand you are now using?

Rand a specialist in the 5 to-25 age bracket said it takes a strong man to be the father of present day teen agers and added, Even the strong will find it a trying period

But he went on to say that it is a lot tougher to be a teen ager now than it was when Dad was a boy, and the way for Dad to meet the situation is to climb out of his rut and get into the groove with his kids

Look young' said Rand Anyone over 21 looks ancient to a teen-ager Many fathers of teen agers of course can't help looking older than they actually are but they ought to keep a young attitude

Instead of acting shocked at the things your teen age boy or girl may do just play along as if you thought it were normal In that way you're acceptable You're one of the crowd That can make up for a lot of your parental shortcomings

Dress youthful Get out of that old business suit when you come home and slide into a pair of slacks and a sweater or sport shirt Look like a high school kid yourself

If you buy a new car get a convertible—and your worries are just about at an end It's a good thing to have even though you may never get to drive it yourself Teen agers love convertibles'

HERE ARE A few tips by Rand on how to rejuvenate your outlook

Forget about Charlie Chaplin or Mary Pickford or at least don't speak about them in the presence of the young and hopeful Learn and try to memorize the names of the singers and movie stars popular in the teen age set—Perry Como Stewart Granger, Eddie Fisher Tony Curtis

'If somebody mentions Shirley Temple say you're too young to remember her Don't talk about how things used to be Those comparisons are sudden death

Know the latest dances Forget about the waltz Dont even say the word out loud

'Keep up on teen age fads and approve of them heartily no matter how ridiculous they seem

Pick up a few teen age expressions such as This tears me up (I really like it) Cast an eyeball (read) 'Glurps (really great) or Petunia (sissy)

'Otherwise you'll be tabbed square and that means you're kind of not too goodish or bad But don't try to learn too much teen age talk Kids resent your intruding on their privacy

EVERYTHING clear now Dad? To understand your teen-age boy you just become one yourself This gets the problem off your shoulder but leaves Mother the task of dealing with two teen agers in the family one new and one second hand

Her clue then is to cry Oh pain oh agony That's teen talk for Things aren't going so good

(By The Associated Press)

Wyandot Teachers To Attend Banquet

UPPER SANDUSKY — Teachers from Upper Sandusky Carey and Wyandot County schools will hold their annual banquet at the Lutheran Church in Carey Thursday April 1st at 6 30 p m

The main speaker will be Meno Lovenstein of the Department of Economics Ohio State University Columbus

B I Griffith of the Ohio Education Association will give brief remarks concerning the state wide activities of the teaching profession Ralph Miler of Findlay president of the classroom teachers department will briefly outline the work of the classroom teachers in helping to meet the education needs in Ohio

KLINE'S DEPARTMENT STORE

STARTING TOMORROW! PRE-EASTER COAT EVENT!

Choose Now From A Hit Parade of Exciting Fashion Values! Use Kline's Popular Layaway Plan!

Court Decision Upholds Army

Law Defended Giving Right To Try Civilians

WASHINGTON (AP) — The U.S. Court of Appeals here today upheld a law giving the armed services the right to court-martial civilians for serious crimes committed while in service.

The decision applied specifically to Robert W. Toth of Pittsburgh, an honorably discharged Air Force man, who is accused of murder in the slaying of a South Korean civilian.

The Appeals Court reversed a ruling by U.S. Dis. Judge Alexander Holtzoff and directed that Toth be turned over to Air Force authorities for court-martial.

The three appeals judges who heard the case agreed unanimously a provision of the uniform code of military justice, giving the armed services authority to try former servicemen for serious crimes, is constitutional.

Counsel for both Toth and the government have said the case would be carried to the Supreme Court.

Toth, 24, a Pittsburgh steel worker, was arrested May 13, 1953 at his place of employment and flown to Korea to stand court-martial. He was returned to the states under Judge Holtzoff's order.

Rehearsals Under Way For Concert on April 8

Joint rehearsals are being held two nights a week by the Marion Lecture-Recital Club Chorus and the Marion Serenaders for their spring concert which is set for Thursday night, April 8, at the Harding High School auditorium. Directors of the two groups are Mrs. Howard Hinamon and L. G. Jones, and accompanists are Mrs. Angelo Doria and Harold F. Denzer Jr. Presidents of the two organizations are Miss Barbara Axe and Walter J. Corrigan.

Planned for the program are three groups of numbers, with selections by the women's chorus alone, the men alone, and by the combined choral ensemble. Presented will be music in keeping with the season of spring, sacred compositions in accord with the approach of Easter, and variety numbers. Mrs. George Griffiths is the featured soloist. Tickets for the event are in the hands of members of the participating groups.

Former Residents Honored by Lodge

Mr., Mrs. Ben Stauffer Receive 50-Year Pins During Banquet

Two former Marion residents, Mr. and Mrs. Ben Stauffer of Ashland, have been honored for 50 years of membership in a railroadmen's lodge and auxiliary.

Stauffer is a member of the Brotherhood of Locomotive Firemen and Engineers, Lodge No. 107. Mrs. Stauffer is a member of the auxiliary, Eclipse Favorite Lodge, No. 40.

About 50 attended a pot luck supper held recently in honor of the couple at the Odd Fellows Hall. Grand Vice President M. W. Hampton of Ashtabula presented pins to the couple and to Frank Tucker of Marion, a 25 - year member.

Entertainment at the supper included a song and tap dance act by Sherie Johnson and Susie Cook and baton twirling by Pamela Weston. Miss Linda Weston played piano selections and Mrs. Frances Schill sang. Instrumental music was furnished by a trio composed of Mr. and Mrs. P. J. Savage and Mrs. Viola Kelly.

Serving on the dinner committee were Mrs. Virginia Merchant, Mrs. Dorothy McMurry, Mrs. Emma Merchant and Mrs. Willie Schorne. The dining hall was decorated in gold and green. Bouquets of yellow jonquils decorated the tables.

Guests at the supper were Mrs. A. G. Clemmence, Mrs. Lawrence Pletcher and Mrs. C. C. Smith, all of Marion.

A FORMER MARION COUPLE receives pins for 50-year memberships in a lodge and auxiliary. Mr. and Mrs. Ben Stauffer (seated), were honored recently for membership in the Brotherhood of Locomotive Firemen and Engineers, Lodge No. 107, and auxiliary Eclipse Favorite Lodge, No. 40. Grand Vice President M. W. Hampton of Astabula (standing) presented the pins.

Tractor Course Begins

About 20 members of the Easy Workers Tractor Club heard talks on tractor care last night at the Marion Implement and Supply Co. The talks opened an eight week course in tractor care, sponsored by the Standard Oil Co. of Ohio and the County Agricultural Extension Service.

FALL FROM HORSE FATAL

FREMONT, Ohio (AP) — Funeral services will be held here tomorrow for 7-year-old Pamela Ann Miller, injured fatally when she fell from a horse in Florida last Friday. Pamela was the daughter of Mr. and Mrs. Lester W. Miller of Boynton Beach, Fla., former Fremont residents.

Panel To Be Featured In Youth for Christ Rally

In addition to a guest speaker Saturday night at the Marion Youth for Christ rally at Emmanuel Baptist Church, a panel group will be featured.

Rev. John Williams of LaRue will speak and he and Mrs. Williams will sing. Leading a song service will be Rev. Wallace Ellis of West Jackson who will present a guitar selection also.

Appearing on the panel of junior and senior high school students of the city will be Misses Elaine Coy and Beverly Kelley, and Larry Coy and Ronald Sanderson. They will take part in a quiz on scriptural facts similar to the "Twenty Questions" program. Pianists will be Miss Mildred Morris and Mrs. Maxine Kelley, and Howard Shumate of Cedarville College will play an accordion number for the offertory. The Emmanuel Church pastor Rev. C. E. Hershey, will be in charge, and time of the rally will be 7:45. Plans are being made to bring to Marion for the next rally the Billy Graham moving picture, "Oil Town, USA."

8 Drivers Stopped By State Patrolmen

Eight arrests were reported today by the Marion post of the state highway patrol.

Arrested on speeding charges and scheduled for Municipal Court at a later date were Harold Finger, 42, Cleveland Heights; Irving Marcus, 38, South Euclid; Robert Frizzell, 37, Muncie, Ind.; John A. Ralph, 19, Moiral, and Stanley L. Torrence, 44, Belle Center. Arthur Bowman, 32, 490 W. Center St., was given a citation for Municipal Court tomorrow for unsafe operation.

Arrested on speeding charges and fined yesterday were Virgil Holfbaver, 41, Olveda, $10 and costs, Mayor Harold Koehler of Upper Sandusky and Robert Hardie, 33, Cleveland, fined $20 and costs by Cardington Mayor Don Healea.

Martha Vestal To Enter Area Spelling Finals

Martha Vestal, eighth grade pupil at Baker Junior High School, will represent the Marion public schools in the Central Ohio District spelling finals at Columbus April 3.

Martha out-spelled her competitors, Linda Phelps of Edison Junior High School and Dick Schwaderer of Taft Junior High, in the city finals this morning at Harding High. Spelling contests were held in the three junior high schools earlier this month.

The winner is the daughter of Mr. and Mrs. Fred Vestal of 290 S. High St. Linda is the daughter of Mr. and Mrs. Edward Curran of 877 Davids St. and Dick is the son of Mr. and Mrs. Lowell Schwaderer of 610 N. State St.

The spelling contest is an annual event sponsored by the Columbus Citizen.

Delaware Driver Faces Manslaughter Charge

DELAWARE — Ivan J. Erwin, 43, of Delaware was bound over under $1,000 bond to the Delaware County grand jury on a charge of second degree manslaughter in connection with the traffic death of Charles Miller, 42, of Ostrander, Monday.

Judge Henry Wolf fixed Erwin's bond and committed him to the county jail. His case will be presented to the April term grand jury which will meet April 6.

Miller was killed Monday afternoon when the pickup truck in which he was riding and which Erwin was driving crashed off U.S. Route 36, about a mile west of Delaware. A charge of drunken driving was filed against Erwin Tuesday and he was fined $100, sentenced to three days in the county jail and deprived of his driving license after a hearing in municipal court.

LENTEN SERVICE SCHEDULED

FOREST—Union Lenten services will be held Sunday night in the Forest Methodist Church with Rev. B. L. Smallwood, pastor of the church as the speaker. The Methodist adult choir, under the direction of Ralph Balmer will furnish the music. The public is cordially invited to attend.

Hollywood Named

Hollywood New Capital Of Television Industry

By JAMES POWERS

HOLLYWOOD (NANA) — After a see-saw battle of nearly 10 years, all evidence today makes it clear that Hollywood has wrested from New York the title "TV Capital" and the reason may be summed up in one word: film.

Other factors are important in this trend by the major television producers. But the increasing practice of putting all or almost all television shows on film probably outweighs all others.

New York has lost the fight because filming requires space, movie-making know-how and equipment. Hollywood has all three, plus decades of experience; New York doesn't.

That the "capital" title has been taken by Hollywood is the verdict of television and advertising executives here who were queried in a survey.

Many TV shows will continue to be produced in New York—and other cities—but the bulk of production from now on will be from Hollywood, the executives said. They included all types of shows—dramatic, panel, audience participation, situation comedy and variety.

—:—

NO ONE, EVEN at the top level, will be quoted directly on the trend. At stake are hundreds of millions of dollars in wages, real estate and services. But off the record the executives talk freely. "At the moment," said the vice president of one TV network, "our most important problem is space. There doesn't seem to be any place left in New York to expand. Hollywood's resources have barely been scratched.

"Hollywood has acres of studio space. If it is not perfect for TV it is adaptable. It is also available for a more reasonable figure than similar space in New York."

At present more than half the most popular TV shows are done in Hollywood. "Dragnet" and "I Love Lucy," the two most popular, are both produced in Hollywood and each in its class is typical of the kind of work Hollywood does distinctively.

—:—

IN THE VARIETY field NBC's "Comedy Hour" is presently done here. But Ed Sullivan is reportedly anxious to produce at least some of his "Toast of the Town" shows from the west coast next season. Jackie Gleason also has indicated he will desert New York part of the time at least.

The recent decision of the big advertising agencies to concentrate on dramatic serial shows for daytime television has given another impetus to Hollywood's successful bid for concentration of TV production, skyrocketing in recent weeks.

Only a few months ago NBC's TV center in Burbank was a trade joke: it had every modern television facility except shows; they were in New York. Today the "Comedy Hour" often must be farmed out to the El Capitan Theatre in Hollywood and rehearsals sometimes have to be held in rented halls, production has so speeded up.

CBS' television city in Hollywood, like NBC's center, is a brand new structure and was designed to take care of an expected increase in production. Even so, less than five years after its planning, new plans are under way to enlarge it.

—:—

ABC OCCUPIES extensively refurbished quarters in a former movie lot in Los Angeles. MBS has most of its studios in Hollywood's Sunset-Vine neighborhood. In addition Hollywood is headquarters for such independently produced shows as Burns and Allen, "Our Miss Brooks," "Dragnet" and "Lucy." None had to build entirely new quarters, with significant savings.

Filming — the technique with which Hollywood's victory in the "capital" title contest was achieved — has many significant advantages, the executives pointed out. First it provides a permanent record of the shows. Then, the industry has been fascinated by the business' creative end, has used to make secondary profits through release of old films. Desilu Productions, the corporate name for Desi Arnaz and Lucille Ball has done the same thing.

The agencies and networks also like the way film gives them a chance to pass on the finished product—to polish the show, although some contend that filming TV kills spontaniety. A final reason for the trend to film—and to Hollywood—is the increasing importance of color. Although the number of color shows and sets is now negligible, the industry is going ahead on the assumption that all television will eventually use the new technique.

—:—

HOLLYWOOD HAS had much experience with color photography. Again, New York hasn't.

To sum up, TV increasingly is putting its shows on film. Filming demands space and quipment which is available in greater and more practical supply in Hollywood. This is true today and will become more important as the trend to color accelerates. The eyes and minds of TV production men are on what is regarded the inevitable future.

For example, "Life With Father" has a lavish set, designed and decorated for color transmission. And the six leading characters of the show, mother and father Day and their four sons, all have their hair dyed a bright, identical red.

MAMIE EISENHOWER winces in Washington as she puts a claw hammer to a nail on a crate of used clothing donated to the American Relief for Korea drive. A nationwide campaign is under way.

SUDS FOR PATENT LEATHER

NEW YORK (UP)—Soap and water cleaning is all that patent leather needs to keep its gleaming finish. Patent handbags, belts, shoes and the patent collars popular this spring, can be wiped frequently with a soapy cloth. Then wipe with a cloth wrung out of clear water, and rub with a lintless dry cloth.

Southern Mills Hit

Seasonal Spurt May Aid Wobbly Textile Industry

By SAM DAWSON

CHARLOTTE, N. C (AP)—Babies and old folk and scientific development—the textile industry here and in the North is counting on them.

But today the industry's major ills are still in evidence. More capacity than present demand calls for, keen competition (and anti-trust laws) that bulk attempts to control this capacity and thus iron out its chronic ups and downs, and warehouses still holding some textile products that yet must be eased into cautious retail outlets.

A glow of hope that a seasonal rise is starting is reported here. Mill owners say the situation is better than at the first of the year and consumption should start up—meaning more orders, longer work weeks, more jobs.

Southeastern textile mills say they are producing at a better clip than the national rate—or, rather that cotton consumption here is off less than the national rate, which was down 6 per cent in the early months of the year.

Man-hours of labor in textile mills in the Carolinas however, was off 12 per cent in January from a year ago, the Federal Reserve Bank of Richmond reports.

In the North some mills are doing better now. The Yankees contend that by now most of their marginal mills have closed, and that the flight of others to the South has slowed—in cotton, if not in wool. They argue that the survivors in New England are in a strong position. The specialty mills in particular are doing all right.

The work week in the North, while down from its peak, isn't off as much as it was in the 1948-49 tumble.

The industry, as a whole, is very spotty. Some textile mills here are working six-day weeks and say they have the orders to support that rate. Some are working as few as three days.

Some textile products are selling well—diapers, for instance.

That's where the babies come in and rally the industry's confidence of better days ahead. The big baby crops of recent years mean not only diapers, but crib sheets, and clothing—and in time a larger adult population running through shirts and sheets and workclothes.

Folk are living longer these days, too. They use more textiles, and they have pensions and Social Security to support their buying of textiles.

H. K. Fallett, head of the Kendall Mills here and president of the American Cotton Manufacturers Institute says the industry's research laboratories promise to improve both the cotton in the field and the end products in the mill. That makes him confident of the industry's future. Of its immediate future—he'd rather wait a little longer and see.

Bankers figure that the nation's 16 million spindles, working 80 hours a week could turn out just about as much as present demand calls for. When they work more than that—on third shifts, say—surpluses often pile up and the industry gets indigestion again. Bankers think the recent output decline, starting last summer when inventories piled up, should be about over now.

Deshler Trucker Will Be Tried on Charge of Murder

NAPOLEON, Ohio (AP)—A Deshler truckdriver is to be charged today with second degree murder and assault with intent to kill in connection with a shooting that took the life of his 15-year-old daughter and wounded his 32-year-old wife and young son.

Henry County Prosecutor Marlowe Witt said last night Sheriff Fred H. Bartells would file the charges against George Wolfe. Witt said evidence did not show Wolfe planned to kill his daughter, Lucille or wound his son, George Jr., 10 and his wife.

He made the decision after a bedside interview in a Findlay hospital with Mrs. Wolfe. Mrs. Wolfe in critical condition, will recover if complications do not set in doctors say. The boy was not wounded seriously.

The shooting occurred Sunday night. Bartells said Wolfe and his wife argued about the children watching television.

Norwood Woman, 100, Gets Greeting From Ike

CINCINNATI (AP)—Mrs. Margaret Keller of suburban Norwood observed her 100th birthday today and one of her gifts was a birthday card from President Eisenhower.

Mrs. Keller, born in the year the Republican party was organized said she didn't believe the President knew she was a Republican when he sent the card.

OCEAN-INSPIRED. The sea and its treasures provide motif and materials for this hat of fishing net and others in Spring show of London milliner Simone Mirman.

Baby Sitter No Problem

DALLAS (AP) — George Rose whose wife works has solved his baby sitting problem.

He takes his 5-year-old daughter Shirley Ann to work with him.

Rose drives a city bus. Shirley Ann loves it.

Fresh water clams are parasites of fish for the early part of their lives.

Village in Ohio Kept 'Dry' by Court Decision

COLUMBUS, Ohio (AP) — Chesapeake will remain a "dry" town as far as the Ohio Supreme Court is concerned.

The court yesterday refused to change a Lawrence County Common Pleas Court decision against a group claiming irregularities in an election last November at which voters refused to approve sale of liquor or package wine.

The court took under study Jefferson County court decisions against Marshall and Mary Jack who sought to force the Steubenville building commission to let them build on lots lacking a street frontage.

Owners of a lot in Manhattan subdivision facing on Jeannette avenue the Jacks bought nearby lots outside the subdivision and planned to build on them. But the commissioner refused a permit because of a zoning ordinance he said required street frontage.

The court also agreed to review a Stark County dispute over inheritance taxes on bequests from the late Susan Manning Ball.

Executor Dale C. Hall deducted charitable bequests from the $825,741 estate and paid $81,874 in taxes.

An appellate court reversed a common pleas court decision that all recipients, including charities should share the tax. Calvin A. Ball and others made the appeal.

The appeals court returned the case with instructions to pay shares to the residual charity legatees free of tax. After tax deductions, the share to individual legatees totaled $500,124. The charities share without taxes came to $245,065.

STUDENTS CONDUCT SURVEY

CLEVELAND (AP) — Associated Service Center, a red feather agency, said local 4-H Ohio Wesleyan University students were making a survey of Puerto Ricans living in the Cleveland area. Floyd E. Ault, center director said apart from a census, we will seek to determine the social problems of these Puerto Ricans who live among us if they have any.

Noted Persons Taken by Death

By The Associated Press

WASHINGTON — James P. [illegible] Fishburn, 58, for many years publisher of the Roanoke (Va.) Times and the Roanoke World-News.

Mid-Ohio Conference Approves Two New Members

Big Walnut and Olentangy To Join Loop Next Winter

The five-member Mid-Ohio Conference will be boosted to six members at the start of football play next fall and to seven when the 1954-55 basketball season rolls around. Big Walnut and Olentangy are the new members.

The five charter members of the league, Marion St. Mary, Mount Gilead, Richwood, Cardington and Elm Valley, voted unanimously last night to accept two new members.

Entry of Olentangy into the circuit was held up until the basketball season because the school was unable to schedule games with all league members due to previous committments.

All-Stars Named

During the league meeting last night at Hotel Harding, the five league mentors selected eight all-league stars. Mount Gilead's regional champions, with three selections, and St. Mary with two, dominated the ballot.

Selected from St. Mary were Mike Anderson and Butch Merchant while the Indians placed Ted Moody, John Mosher and Dick Zolman. The team was rounded out by Ralph King of Cardington, John Humes of Elm Valley and Tom Shields of Richwood.

Anderson, King, Humes, Shields and Moody were unanimous selections. With the exception of Mosher and Zolman, who are juniors, the entire team members are seniors.

During last night's meeting, trophies were awarded for the recently-concluded basketball season. The permanent league trophy was presented Les Grace, coach at Mount Gilead, by the Very Rev. William J. Spickerman, V.F., pastor at St. Mary Church.

He serves as president of the League. The WMRN rotating trophy was awarded by Robert T. Mason Sr. to Robert Blose, Mount Gilead school superintendent.

Rev. Spickerman thanked the league representatives for their help and co-operation during the league's first season. He, along with the other officers, were retained for another year by a unanimous vote of the representatives. The other officers include Blose as vice president and J. L. Patterson of Cardington as secretary and treasurer.

Schedule Discussed

Most of the discussion at last night's meeting was spent on the league football schedules for 1954 and 1955 with Olentangy one of the new members, holding out for some changes in its 1955 slate. Although nearly an hour was spent in discussing the first league schedule for the Olentangy school, no action was taken by the loop representatives. Olentangy was, however, granted permission to work out a financial agreement with the other schools.

Representatives of the various league schools voted against a Mid-Ohio Conference football preview. Some of the schools, including St. Mary, already participate in an annual event and the others were not interested.

Football schedules for next year which have been given final approval by the league follows:

MARION ST. MARY: Sept. 17, at Cardington; Sept. 24, at Lima St. Rose, Oct. 1, at Mount Gilead; Oct. 8, Elm Valley; Oct. 15, Olentangy; Oct. 22, at Richwood; Oct. 29, Carey; Nov. 5, open; and Nov. 12, at Big Walnut.

MOUNT GILEAD: Sept. 17, Utica; Sept. 24, at Big Walnut; Oct. 1, St. Mary; Oct. 8, at Centerburg; Oct. 15, Cardington; Oct. 22, at Elm Valley; Oct. 29, Richwood; Nov. 5, at Fredericktown.

CARDINGTON: Sept. 17, St. Mary; Sept. 24, open; Oct. 1, Centerburg; Oct. 8, at Richwood; Oct. 15, at Mount Gilead; Oct. 22, Big Walnut; Oct. 29, Fredericktown; Nov. 5, at Elm Valley.

ELM VALLEY: Sept. 17, at Richwood; Sept. 24, Johnstown; Oct. 1, Olentangy; Oct. 8, at St. Mary; Oct. 15, at Big Walnut; Oct. 22, Mount Gilead; Oct. 29, at Utica; Nov. 5, Cardington.

RICHWOOD: Sept. 17, Elm Valley; Sept. 24, at Marysville; Oct. 1, Big Walnut; Oct. 8, Cardington; Oct. 15, at Carey; Oct. 22, St. Mary; Oct. 29, at Mount Gilead; Nov. 5, at Johnstown.

OLENTANGY: Sept. 17, Dennison St. Mary; Sept. 24, Dublin; Oct. 1, at Elm Valley; Oct. 8, open; Oct. 15, at St. Mary; Oct. 22, Columbus St. Mary; Oct. 29, at Big Walnut; Nov. 5, Hebron; Nov. 12, at Granville.

BIG WALNUT: Sept. 17, at Westerville; Sept. 24, Mount Gilead; Oct. 1, at Richwood; Oct. 8, open; Oct. 15, Elm Valley; Oct. 22, at Cardington; Oct. 29, Olentangy; Nov. 5, Worthington; Nov. 12, at St. Mary.

Tribe's Grasso Sidelined With Ankle Fracture

TUCSON, Ariz. (AP)—The Cleveland Indians had only three catchers on the roster today, following the team's first major injury—a fractured ankle suffered by Mickey Grasso.

Grasso, who will be sidelined at least three months, had been tentatively listed as Cleveland's No. 2 catcher behind Jim Hegan. Acquired from the Washington Nationals two months ago in exchange for catcher Joe Tipton, the aggressive Grasso was expected to instill fire into his new teammates.

He was on first base on a fielder's choice in the fifth inning of yesterday's exhibition with the Chicago Cubs when the accident occurred. Hal Newhouser hit a slow grounder to the left of the infield, and Grasso, thinking he might be forced, slid into second and caught his spikes in the dirt. No play was made at second. Grasso's left ankle was broken in six places.

Newhouser fanned 3 batters, walked none and permitted just 1 harmless hit in 3 innings of the Tribe's 12-2 victory.

Cleveland uncorked 5 runs in the seventh and 5 more in the eighth, including a home run by Ginsberg in the seventh with none on and another by rookie Rudy Regalado in the eighth with 1 on.

Fights Last Night

MIAMI BEACH, Fla. — Charley Norkus, 194¼, Jersey City, outpointed Danny Nardico, 180¼, Tampa, 10.

SOUGHT AT UPPER

UPPER SANDUSKY — Police here are hunting young vandals in "an old black car" reported touring Upper Sandusky streets late at night. Occupants of the black vehicle have been reported throwing rocks at and through windows of parked cars and tossing out bottles to shatter on the pavement at street intersections.

Edison Cage, Grid Banquet Scheduled

Edison Junior High School basketball and football players and cheerleaders will be honored at the annual athletic banquet Tuesday night at which Marion Hinklin, Marion County Treasurer and former local athlete, will be principal speaker.

The banquet is scheduled for 6:30 p.m. in the Edison school cafeteria.

Coach George Whitehead will present football and basketball awards while Mrs. Virginia Southerland will hand out awards to the cheerleaders.

Toastmaster will be Melvin Keeran, vice president of the school PTA and a member of the school faculty. Harding coaches are expected to make brief remarks.

Edison was co-champion of the past city junior high basketball league.

ATHLETIC DIRECTOR. James W. (Bill) Orwig, assistant football coach at the University of Michigan, has been named athletic director at the University of Nebraska.

Cincy, Dodgers Meetings May Lead to Trade

TAMPA, Fla. (AP)—The trade rumors have started again around the Cincinnati Redlegs' spring training camp. They began yesterday when General Manager Gabe Paul went into a huddle with Buzzy Bavasi, general manager of the Brooklyn Dodgers.

And again the dope was the Dodgers are willing to give up right handed pitchers Erv Palica or Russ Meyer for a Redleg southpaw.

Another part of the rumor was that both the Dodgers and the Philadelphia Phils are mildly interested in infielder Grady Hatton and that if a swap of pitchers is worked out Hatton may become a part of the deal.

The pitching of Fred Baczewski and rookie George Zuverink yesterday was nothing to gladden Manager Birdie Tebbetts as the Reds dropped a 6-4 decision to the Chicago White Sox. Baczewski gave up 9 of the 12 Sox hits and Zuverink yielded the 2 runs which broke a 4-4 tie.

Lew Worsham Sets Record in Taking Pro-Am

PALM BEACH, Fla. (AP)—Professional golfers moved on to tournaments in Wilmington and Greensboro, N.C., today while officials of the Seminole Golf Club put a new record on their books.

Lew Worsham, chunky pro from Oakmont, Pa., clipped two strokes off the old mark in winning the annual Pro-Amateur Tournament yesterday with 68-68—136. The old record was held by several players at 138.

It was Worsham's first tournament victory since his spectacular wedge shot gave him the $25,000 first prize in the Tam O'Shanter at Chicago last August. He collected $1,800 for his Seminole victory.

Jim Ferrier of San Francisco was second with 140 and picked up $1,000. Earl Stewart Jr. of Dallas carded 141 to win $700 and Cary Middlecoff of Grossingers, N.Y., had 142, the same score turned in by Bo Winninger of Oklahoma City. Each collected $475.

Ted Kroll of New Hartford, N.Y., teamed with R. A. Raese, Morgantown, W.Va., steel executive, to win the pro-amateur division with a best ball of 123. Kroll won $1,000 for his team triumph.

Ben Hogan of Palm Springs, showed the effects of his long layoff and had 70-73—143 to tie with five others for sixth place, worth $315 each.

Field Trial Set For Crawford Outdoor Group

GALION — Sportsmen of this area who went to Johnstown Sunday, were thrilled to see a veteran field trial dog win his 213th final purse. The dog, Jigs, owned by Bud Posten of Columbus, was one of 125 dogs entered in the annual spring field trial sponsored Association. Jigs won the first tree final.

In the consolation purse that was set aside for second line winners in the elimination heats. Brownie, owned by Bill Boring of Delaware, won the tree.

Some of the spectators at the field trial were of the Crawford County Coon hunters and sportsmen. The annual spring field trial of the Crawford County Coon Hunters will be held at the Crawford County Fairgrounds at Bucyrus Sunday. This will be the 35th annual spring field trial. It is always held on the last Sunday in March. Some of the dogs participating in the field trial at Johnstown, will be competing for a share of a guarantee purse.

Roma W. Stall of Galion is president of the Crawford County Coon and Sportsmen Club.

Rookie bonus player Reno Peter Bertoia of the Detroit Tigers was born in St. Vito Uldine, Italy.

Tickets Scarce

Cage Finalists in Last Drill Prior to Struggle for Titles

CLEVELAND (AP)— Ohio's high school state basketball tournament finalists had their last free ride today—a one-hour practice session on the Cleveland Arena hardwoods.

The chips go down tomorrow as the 4 Class A and 4 Class B quintets meet in semifinal games in the annual classic, with the "B" title contest scheduled Saturday afternoon and the "A" payoff at night.

The Arena court is 50 by 90 feet, and probably will look as big as a football field to some of the kids who have been playing on smaller floors. Today's tuneup sessions were to acclimate the boys to the widerange game.

Copley's Indians, boasting the state's only unbeaten record with 25 straight, were to take the first workout starting at 10 a. m. Joy reigned in the Copley camp over the return of forward Roland Osborn, a rugged 200-pounder who contributed 235 points this year. Osborn injured an ankle last week and was sidelined as the Indians handed Vienna (29-0) its first defeat and then eliminated former state champion Columbiana in the regional finals.

Each team was allotted an hour to become familiar with the floor, and after Copley finished the order was: Kent Roosevelt, Delphos St. John, New Lexington, Canton McKinley, Hamilton Public, Westmont and Columbus South.

As the talented teams put the finishing touches on their preparations, indications were near-capacity audiences would witness the games. Some tickets are still available for tomorrow's Class B semifinals between New Lexington St. Aloysius (24-2) and Westmont (26-1), and Copley (25-0) and Delphos St. Johns (27-4), but the "A" session looks like a sellout.

The Arena holds about 14,000, with 11,000 seats and the rest in standing room. Few tickets were available to outside fans since the competing schools received 5,000 for each set of games, another 5,000 went to the State's principals, superintendents, coaches and tournament managers, and most of the remainder to state officials and the press and radio.

There was some grumbling around town today because Clevelanders, in their first attempt as hosts to the tourney, wouldn't be able to be present—either in the stands or on the floor.

Shortstop Johnny Logan of the Milwaukee Braves is nicknamed "Yatcha."

Win Boosts Hal's Hopes For Return

BY ED CORRIGAN
AP Sports Writer

The date was July 22, 1953 — less than a year ago — And Hal Newhouser who once had drawn $65,000 for pitching for the Detroit Tigers, was talking:

"This is the end. I'm finished as an active player. My arm just can't stand the strain any more."

The handsome fireballer had just been told that at the age of 32, he was all through. He couldn't even hold a job with the last-place Tigers. After almost 15 years with them, he had his unconditional release and memories.

But he couldn't stay out of the game, and today he's back trying to win a spot with the Cleveland Indians. He's on trial, of course, but what Manager Al Lopez has seen has been encouraging.

Newhouser got credit for his first victory of the spring training season yesterday when the Indians battered the Chicago Cubs 12-2. Despite the heavy bombing, the slim left-hander bore down all the way through his three-inning stint and didn't allow the Cubs a run.

The injury jinx that has been haunting the major league clubs all through training struck the Indians when second-string catcher Mickey Grasso broke his left ankle sliding into a base. He will be out about three months. He is Jim Hegan's No. 1 understudy.

Meanwhile, the Baltimore Orioles, the Cactus League leaders, won their 11th game against five defeats by turning back the New York Giants 4-3 at Phoenix. They jumped on Sal Maglie for three runs in the sixth after he had run up a scoreless skein of 13 innings.

The Detroit Tigers and the Philadelphia Phillies, who have been having the same trouble — no hitting — came to different fates. The Tigers broke a five-game losing streak with a 5-4 victory over the Milwaukee Braves achieved on a two-out single in the bottom of the ninth by rookie Harry Bright.

The Phillies, who have scored just six runs in their last five games, dropped a 7-1 decision to the Washington Senators. Johnny Schmitz and Chuck Stobbs combined to harass the Phillies.

The Pittsburgh Pirates, who have been consigned to the National League cellar, have been hitting home runs all over the lot. They bashed five more in a 10-4 victory over the Philadelphia A's. Winning pitcher Max Surkont was impressive, yielding only one hit in his three innings.

Young Bill Skowron drove in six runs for the New York Yankees to lead the world champions to an 11-7 victory over the Boston Red Sox. Skowron is a first baseman and the Yanks already have three, but he might stick as a pinch hitter.

The St. Louis Cardinals scored four runs in the ninth inning to turn back the Brooklyn Dodgers 5-2. Stu Miller went five innings for the Cards, allowing the Brooks only one hit, a home run by Gil Hodges.

Bob Keegan and Mike Formeles held the Cincinnati Redlegs to eight hits in tossing the Chicago White Sox to a 6-4 victory.

Prexy Golf, Tennis Squads Scheduled To Begin in April

Harding High School will mark up two more firsts next month when its golf and tennis teams take part in their opening matches.

Coach John Luginbuhl has lined up a nine-match golf card which will get under way April 9 while the tennis team will see action four times with the first slated April 29.

The Prexy golf schedule follows: April 9, Shelby; April 15, Galion; April 23, at Bellefontaine; April 26, at Galion; April 28, Findlay; May 7, Sandusky; May 10, at Shelby; May 15, Sandusky Invitational tourney; and May 22, district matches at Lima.

The tennis team will be in action April 29, at Findlay; May 7, Sandusky; May 12, at Fremont; and May 22, district play at Bowling Green.

SHORT SPORTS

By John Short

Three years ago, a Little League Commission was formed in Marion and organized baseball was available for boys between 8 and 12 years old in the city.

SHORT

When the commission began operating, a handful of its members looked ahead to the time when they could present a more complete program which would include boys up to, and including some of, high school age.

The dream came closer to reality last year when the commission became the Baseball for Boys Commission and introduced Pony League action here. That league includes players between the ages of 12 and 14 years and was composed of many boys who started the previous year as Pony Leaguers.

—:—

MONDAY NIGHT during a meeting at the YMCA, plans may be completed for a program which will complete the original proposal.

A special meeting has been set at 7:45 p.m. for discussion of a possible countywide league composed of players in the 15 and 16 year-old bracket. Vern Hensel, Morral High School coach, is serving as temporary secretary of the group, and has asked representatives from all villages and towns in the county to attend.

Tentative plans call for Marion to enter a single team in the circuit along with Waldo, Green Camp, Prospect, LaRue, Caledonia, Meeker, Morral and Claridon. The commission would be set up on a permanent basis at Monday's meeting if enough interest is shown. Each team would be represented on the commission when final arrangements were completed.

—:—

A NINE-WEEK schedule, similar to the one played by Marion's Pony and Little League players, probably would be observed. Biggest problem confronting the group is expected in the scheduling of games. Travel distance for the county teams, which would play a home-and-home schedule, would be greater than in the city.

The county teams would play under the same rules used in the present leagues. All players would be issued uniforms provided by their team sponsors and including all protective devices. No conflict would arise with county high school baseball games since the proposad new circuit wouldn't open play until after the close of school.

—:—

NATIONAL WILDLIFE week is now being observed throughout the nation and members of the League of Ohio Sportsmen, including the Marion County Fish and Game Association members, are taking part in the program.

The Ohio observance was called for this week by a proclamation signed by Gov. Frank Lausche. The program was set up by the National Wildlife Federation in an effort to acquaint the public with the importance of natural resources and the problems of conservation.

Claridon Team Wins Opener in Morral Event

Claridon Young Farmers, Holmes-Liberty Grange and UAW-CIO posted victories in the opening session of the Marion Brick Invitational Basketball Tournament at Morral last night.

Claridon downed Meeker Ex-Hi 77-70, Holmes-Liberty edged Wyandot Indians 62-59 and UAW-CIO was victorious over Arlie Glenn Inn 69-61.

Second round play Friday night pits UAW-CIO against Claridon at 6:30 p.m., Wyandot Vaults against Marion Brick at 8 p.m., and Arlie Glenn Inn against Meeker at 9 p.m.

Holmes - Liberty trailed at halftime, 26-23, but came back to decision Wyandot Indians. Schiefer popped in 19 points for the winners while Speece added 13 and C. Crall hit for 12, Koons for 11. D. Lust dropped in 17 and Freshour added 15 while M. Lust contributed 11 for the losers.

Claridon came out on top in a rough game in which a total of 62 personal fouls were called. Claridon led most of the way as Lon Earl dumped in 18 points and Ray Price and Fisher each added 12. For Meeker, Dick Herr had 19 and Bob Wood 15.

UAW-CIO led practically all the way in trimming Arlie Glenn Inn. Dick Griffith with 24 and Bob Richie with 22 led the winners' offense. The losers, a group of Mount Zion players, were paced by Stuckman with 19 and Sand with 17.

HOLMES-LIBERTY 62

Koons 5-1-11; Schiefer 7-5-19; B. Crall 1-1-3. C. Crall 5-2-12; Speece 3-7-13; Ruehle 2-0-4..

WYANDOT INDIANS 59

Elevator, Mt. Gilead Enter Final Round Play of YMCA Tourney

Green Camp Elevator and Farm Bureau of Mount Gilead will meet at 8:30 tonight in the finals of the YMCA Invitational Basketball tournament as a result of victories last night over Kenton and the Marion AC.

Green Camp dumped Kenton out of the running with a 78-58 pummeling in the first semi-final event and Mount Gilead edged the AC 68-66 in the second game.

The Elevator held a 17-15 first period lead and retired at halftime with a 36-26 lead. The winners continued to pull away in the second period and sealed the verdict with a final period 21-point scoring spree. Ron Craycraft had his best night of the year when he flipped in 31 points while Berl Hilborn followed with 16. Dick Pugh of Kenton had 20 to lead his mates while Bob Lathrum followed with 13.

Mount Gilead's Farm Bureau five overcame a 17-12 deficit after the initial eight minutes of play to take a one-point 35-34 lead at half over the Marion AC. The winners widened their lead to five points during the third stanza and played on even terms for the final eight minutes although staving off a late AC rally which came close to knotting the count. Don Spires was Mount Gilead's high man with 18 points, 12 of which came from the free throw line, while Pinky Sheets added 16. Don West took scoring honors for the game with 28 points, 10 of which came from the charity line.

Tonight's action completes the 1953-54 basketball season with the exception on a single game between the Myers Pumps of Ashland and the Pythian Drugs of Columbus. The final game of the preseason tournament has never been scheduled due to the inability to get the two teams together on an evening in which they are not scheduled in their local leagues. Attempts will be made to stage this game during the early part of next week. Green Camp Elevator and Peoples Store of Delaware are set to play the preliminary game.

OSU Swim Stars Face Action in College Meets

SYRACUSE, N. Y. (AP) — Swimmers from more than 50 schools will compete in the 31st National Collegiate Swimming championships starting in the Syracuse University pool tonight.

Yoshi Oyakawa of Honolulu, representing Ohio State, leads the list of defenders. He won the 100 and 200-yard backstroke events last year and established new NCAA marks.

Oyakawa also is an Olympic champion. He won the 100-meter event in Helsinki in 1952. His teammate, Ford Konno, also from Honolulu, won the 1,500-meter title at Helsinki and is expected to take that event here. He's also a heavy favorite to win the 220 and 440-yard freestyles.

Tryouts Slated April 12-23 for Little Leaguers

Dates for the Little League and Pony League tryouts have been set by the Baseball for Boys Commission.

Tryouts will be held April 12-23 at Lincoln Park, Commission officials announced. Times will be announced later.

The draft auction will be held Monday, April 26. Commission members said the site of the meeting is undecided.

The Little League and Pony League 36-game schedules open on May 24.

At the same time Commission officials announced that work on the new diamond at Lincoln Park had begun. It has been rough graded and the next step is to fine grade the diamond and plant seed. Contracts for the grading and seeding are in the process of being let, Commission officials said.

Depending on the weather, Commission members expect the grading and seeding to be completed in a week.

The diamond will be ready for use when the Little League Baseball season opens here on May 24 Commission officials announced. It will not be used until then. Commission members explained, so as not to disturb the newly planted grass.

After the grading and seeding, there will remain a backstop and scoreboard to erect, dugouts to build and the moving of the present bleachers at Lincoln Park to the new field. A four-foot high permanent fence is to be erected at the new field also.

The new regulation field, which is located directly in back of the present Lincoln Park centerfield wall, will be lighted and used solely for Little League Baseball. Pony Leaguers will use the Lincoln Park diamond.

Commission officials said there is room for another field on the grounds of the diamond now being constructed should the need ever arise.

Duke University has won five Southern Conference basketball titles since 1938.

Youth Parlays Pup Into Small Herd Of Hereford Cattle

LINCOLNTON, Ga. (AP) — One hound puppy and an abundance of initiative bought a small herd of Hereford cattle for a Lincolnton ninth-grader.

Robert Matthews got the puppy as a gift.

The puppy grew up and had more puppies—which Robert sold for $15.

Robert bought a pig with $10.

The pig grew up and had a litter.

Robert sold the pigs and bought two calves.

The calves grew up and Robert sold them.

He bought two Herefords.

They were already grown up and they gave him two more Herefords.

Robert plans to sell one of these, a choice steer, at the fat cattle show in Atlanta April 26.

Green Camp Lions Hear OSU Official's Speech

Fred Taylor, a member of the athletic department, Ohio State University, talked at the meeting of the Green Camp Lions Club Tuesday at the school cafeteria.

Taylor also showed a film on the Ohio State-Michigan State football game. Members of the Green Camp Elevator team were introduced by Herbert Kempton, the high school varsity players by their coach, M. M. Young, and the Knights of Pythias team by Don Kempton. The players were guests of the club for dinner served by the Pythian Sisters.

It was announced that ladies night would be observed April 13 and Harold Carroll, Marion jeweler, would display and talk on diamonds.

BOUND TO GRAND JURY

BUCYRUS — Lawrence Efaw of Bucyrus, was bound over to the grand jury under $500 bond after he pleaded not guilty to a charge of driving under the influence of alcohol, in mayor's court Wednesday morning. The drunken driving charge was filed against Efaw by Mrs. Mary Tesso Osborne of Crestline after the two were involved in an accident here.

Minstrel Show Slated Friday

Will Be Presented In School at Waldo

Curtain time for the "Waldo Hi Minstrel Show," sponsored by the Waldo High School mixed chorus and band, Friday night will be 8:15. It will be given in the high school auditorium. A half-hour concert by the band will precede the show.

Interlocutor will be Martin Augenstein, and endmen will include David Noe as Tambo, Howard Yake as Bones, Ralph Wick as Rastus, Keith Augenstein as Inkspot, Dale Yake as Cornball and Ronald Schultz as Sambo.

Also included in the show will be numbers by a German band composed of George Yake, Wayne Yake, Lita Walter, Richard Kaelber and Martin Augenstein; a trombone novelty, "Shoutin' Liza," by Richard Kaelber and David Noe; tap dances by Marilyn and Pamelia Neville; and the chorus of 36 voices will sing.

Accompanist is Marilyn Neville and directing the show is Mrs. Martha Rice.

Various numbers in the show will include the following, opening chorus by the entire company; "Boogie Tap" by Marilyn and Pamelia Neville, "Water Boy" and "Cruising Down the River," the chorus, "With a Song in My Heart," girls' chorus, "Love Away to Heaven," boys' chorus, "The Woodchuck Song," chorus, "Beautiful Dreamer," boys' chorus; "Snow White Fantasie," chorus; "Get On Board, Little Children," boys' chorus; "The Modern Choir," chorus, "Clap Yo' Hands," girls' chorus, "Old McDonald Had a Farm," boys' chorus, "Hula Tap," Marilyn and Pamelia Neville, "Ride de Chariot," chorus. The grand finale will be "Battle Hymn of the Republic."

Stage manager is Wayne McFarland, and ushers will be junior and senior girls.

THE WHITTLER

POWNAL, Me. — (UP) — During the past 46 years, George Pike has used more than 200 jackknives whittling farm animals out of white pine wood.

Try Easy-To-Make Shrimp Marinara

Green Salad, Crisp Rolls Compliment This Tasty Italian-Style Dish

By CECILY BROWNSTONE
Associated Press Food Editor

If you sometimes like to "eat Italian" when you're restaurant-bound, try preparing this simpe but delicious Italian-style shrimp dish and enjoy it at home

Its sauce is unthickened — just the true flavor of lightly-seasoned tomatoes comes through. The herbs in the sauce are those used most often in Italian cooking — oregano, basil and parsley, and of course there's a suspicion of garlic Our recipe calls for garlic salt but you may add a minced or crushed clove of garlic if you prefer.

This Shimp Marinara is a fine last-minute recipe You can shell clean and refrigerate the shrimp in the morning At suppertime you can quickly put the sauce together, then add the raw shelled seafood just before it has finished cooking Although raw shrimp comes in an interesting assortment of colors—from greenish gray to coral—it all turns pink the moment it starts to cook

Two "musts" with this shrimp dish are Italian bread or crisp rolls and a green salad

But do you want to start off with an appetizer? Then how about tempting antipasto? During Lent make this a platter of stuffed hard-cooked eggs cooked white beans marinated in olive oil and wine vinegar and seasoned with salt and freshly-ground pepper, crisp ribs of celery green olives and strips of canned pimiento By the way, white beans come canned these days so all you have to do is to put them in the marinade

Caramel custard rounds out this Italian-style menu deliciously A demitasse of black coffee served in a small heavy, footed glass

Shrimp in Tomato Sauce the Italian Way.

accompanied by a twist of lemon last touch

SHRIMP MARINARA

Ingredients 1 pound shrimp (fresh or frozen) 2 tablespoons olive oil, ¼ cup finely diced celery ½ teaspoon salt ⅛ teaspoon cayenne pepper, ¼ teaspoon sugar ¼ teaspoon sugar, ¼ teaspoon garlic salt ½ teaspoon basil 1 teaspoon parsley one No 2 ½ can (1 pound and 12 ounces) peeled tomatoes

Method Shell and clean shrimp do not cook Heat oil in a 10-inch skillet Add celery and cook over low heat until tender. Add salt cayenne, sugar garlic salt basil oregano, 2 tablespoons minced oregano parsley and tomatoes Allow to bubble gently over low heat stirring often, until slightly thick —30 to 45 minutes Add shrimp Cover skillet and cook 3 to 5 minutes—depending on size of shrimp Serve over cooked rice if desired Makes 4 servings

Operating Room Attendant Makes Book at Hospital

LOS ANGELES (AP) — Sheriff's officers said it wasn't exactly love for his work as an operating room attendant that brought James R Newsom to Los Angeles County General Hospital an hour ahead of time each day

Newsom, they explained had an avocation a rather profitable one Bookmaking, to be exact That's the charge they booked him on yesterday.

The officers said he readily admitted taking horse bets but maintained he didn't do it on county time It was done, he insisted in that free hour of his own before he officially reported for duty in the operating room

An hour before his arrest police vice squad officers had arrested his wife Troy They said she was taking horse bets by telephone

So Newsom is in the county jail and his wife in the city jail

Lifeguards See Whales, Shark in Bloody Fight

LAGUNA BEACH Calif. (AP)—There was a life and death battle in the surf off Aliso Beach, near here, yesterday, between two 30-foot whales and a 15 foot shark, but the outcome finally was shrouded by the deep water of the Pacific

Two lifeguards who watched the marine giants flail the surf for several minutes said the whales chased the shark onto the sand and there was a deadly exchange that left a section of the strand blood red Then the battlers plunged into deep water again and disappeared

Denver Man Has Ready Explanation for Thefts

DENVER (AP)—Elmer J Blakeley 51, was sentenced to six months in county jail yesterday after a trial in which he admitted stealing two suits

His explanation before pleading guilty

He was taking the suits from a store so 'I could examine them under natural light'"

He ran from a woman store detective because she 'resembled my estranged wife who had followed me here from Chicago'

The famed ancient Colossus of Rhodes was a 105-foot bronze statue of Apollo

Chiang Pledges To Free China

Will Continue Effort To Recover Mainland

TAIPEH, Formosa (AP)—President Chiang Kai-shek today pledged his remaining years to the task of recovering mainland China from the Reds and establishing a 'free democratic and independent China"

Chiang, in a speech closing the National Assembly which re-elected him to another six-year term said his government would welcome criticism intended to further the cause of democracy in China

But he said this "privilege' did not apply to Communists, fellow travelers or to 'people shouting from sanctuaries abroad

The latter apparently was a reference to K C Wu former governor of Formosa now in Evanston Ill and such persons as Li Tsung-jen who was sacked by the Assembly March 10 from the vice presidency Li has lived in New York for several years

STOVE BLAST FATAL

ST CLAIRSVILLE Ohio (AP)—A kerosene stove exploded in his home yesterday, killing Charles Welty 66 of St Clairsville

Try Easy-To-Make Shrimp Marinara

Green Salad, Crisp Rolls Compliment This Tasty Italian-Style Dish

By CECILY BROWNSTONE
Associated Press Food Editor

If you sometimes like to "eat Italian" when you're restaurant-bound, try preparing this simpe but delicious Italian-style shrimp dish and enjoy it at home.

Its sauce is unthickened — just the true flavor of lightly-seasoned tomatoes comes through. The herbs in the sauce are those used most often in Italian cooking — oregano, basil and parsley, and of course there's a suspicion of garlic. Our recipe calls for garlic salt, but you may add a minced or crushed clove of garlic if you prefer.

This Shimp Marinara is a fine last-minute recipe. You can shell, clean and refrigerate the shrimp in the morning. At suppertime you can quickly put the sauce together, then add the raw shelled seafood just before it has finished cooking. Although raw shrimp comes in an interesting assortment of colors—from greenish-gray to coral—it all turns pink the moment it starts to cook.

Two "musts" with this shrimp dish are Italian bread or crisp rolls and a green salad.

But do you want to start off with an appetizer? Then how about tempting antipasto? During Lent, make this a platter of stuffed hard-cooked eggs, cooked white beans marinated in olive oil and wine vinegar and seasoned with salt and freshly-ground pepper, crisp ribs of celery, green olives and strips of canned pimiento. By the way, white beans come canned these days so all you have to do is to put them in the marinade.

Caramel custard rounds out this Italian-style menu deliciously. A demitasse of black coffee served in a small, heavy, footed glass, accompanied by a twist of lemon last touch

Shrimp in Tomato Sauce the Italian Way.

SHRIMP MARINARA

Ingredients: 1 pound shrimp (fresh or frozen), 2 tablespoons olive oil, ¼ cup finely diced celery, 1¼ teaspoon salt, ⅛ teaspoon cayenne pepper, ¼ teaspoon sugar, ¼ teaspoon sugar, ¼ teaspoon garlic salt, ½ teaspoon basil, 1 teaspoon parsley, one No. 2 ½ can (1 pound and 12 ounces) peeled tomatoes.

Method: Shell and clean shrimp do not cook. Heat oil in a 10-inch skillet. Add celery and cook over low heat until tender. Add salt, cayenne, sugar, garlic salt, basil, oregano, 2 tablespoons minced oregano, parsley and tomatoes. Allow to bubble gently over low heat, stirring often, until slightly thick—30 to 45 minutes. Add shrimp Cover skillet and cook 3 to 5 minutes—depending on size of shrimp Serve over cooked rice if desired. Makes 4 servings.

Operating Room Attendant Makes Book at Hospital

LOS ANGELES (AP) — Sheriff's officers said it wasn't exactly love for his work as an operating room attendant that brought James R Newsom to Los Angeles County General Hospital an hour ahead o' time each day.

Newsom, they explained, had an avocation, a rather profitable one. Bookmaking, to be exact. That's the charge they booked him on yesterday.

The officers said he readily admitted taking horse bets but maintained he didn't do it on county time. It was done, he insisted, in that free hour of his own before he officially reported for duty in the operating room.

An hour before his arrest, police vice squad officers had arrested his wife Troy. They said she was taking horse bets by telephone.

So Newsom is in the county jail and his wife in the city jail.

Lifeguards See Whales, Shark in Bloody Fight

LAGUNA BEACH, Calif. (AP)—There was a life and death battle in the surf off Aliso Beach, near here, yesterday, between two 30-foot whales and a 15-foot shark, but the outcome finally was shrouded by the deep water of the Pacific.

Two lifeguards who watched the marine giants flail the surf for several minutes said the whales chased the shark onto the sand and there was a deadly exchange that left a section of the strand blood red. Then the battlers plunged into deep water again and disappeared.

Denver Man Has Ready Explanation for Thefts

DENVER (AP)—Elmer J. Blakeley, 51, was sentenced to six months in county jail yesterday after a trial in which he admitted stealing two suits.

His explanation before pleading guilty:

He was taking the suits from a store so "I could examine them under natural light."

He ran from a woman store detective because she "resembled my estranged wife who had followed me here from Chicago."

The famed ancient Colossus of Rhodes was a 105-foot bronze statue of Apollo.

Chiang Pledges To Free China

Will Continue Effort To Recover Mainland

TAIPEH, Formosa (AP)—President Chiang Kai-shek today pledged his remaining years to the task of recovering mainland China from the Reds and establishing a "free, democratic and independent China."

Chiang, in a speech closing the National Assembly, which re-elected him to another six-year term, said his government would welcome criticism intended to further the cause of democracy in China.

But he said this "privilege" did not apply to Communists, fellow travelers or to "people shouting from sanctuaries abroad."

The latter apparently was a reference to K. C. Wu, former governor of Formosa now in Evanston, Ill., and such persons as Li Tsung-jen, who was sacked by the Assembly March 10 from the vice presidency. Li has lived in New York for several years.

SAVE 10¢ on CRISCO 3/lb. size
WITH COUPON BELOW
SEE FOR YOURSELF WHY CRISCO IS PREFERRED MORE THAN 2 TO 1 OVER ANY OTHER BRAND OF SHORTENING!

And no wonder! Crisco gives you higher, lighter cakes... flaky, tender pie crust... crisp, digestible fried foods!

There's just no other shortening like the one and only Crisco. First of all, Crisco is pure, all-vegetable. Then, it's *made* differently . . . it's creamier than other vegetable shortenings. And Crisco comes to you fresher—stays fresh longer—than any other shortening you can buy! Keeps fresh without refrigeration, too.

What's more, Crisco has a wonderful baking discovery that helps hold the air in your cake batter. That means a lighter batter—a higher, lighter cake.

And as millions of good cooks know, you get flaky, tender pastry every time when you bake the Crisco way! Yes, Crisco *ends* pie crust failure!

Pure, all-vegetable Crisco makes it easy to fry foods evenly to crisp perfection . . . makes them light and digestible.

So why accept anything but the best—get Crisco this week end. See for yourself—try Crisco on this money-saving offer.

HURRY! TAKE THIS COUPON TO YOUR DEALER TODAY!

Home Mechanics Course Is Well Liked

Girls in Baltimore Learn Techniques of Home Maintenance

BALTIMORE (AP)—A Baltimore high school has a special course in home mechanics for girls which seems to be producing a crop of superwives designed especially for lazy husbands

Southern High School is teaching its girls such tasks as knife sharpening, fixing light sockets and plugs, picture hanging rug cleaning and enough carpentry to enable them to put in shelves or build stairs

THE GIRLS ARE learning to replace window panes, repair ironing cords fix leaky faucets and even to make minor automobile repairs

Just picture this men

You pull up in the driveway of your little home after a horrendous day at the ribbon factory and walk into the kitchen where the missus is whipping up a lemon souffle for dinner

"Honey," you complain "I had a little trouble getting the car started today, better take a look at it when you get time"

She gives the egg whites one last fast turn, slides the souffle into the oven and skips out to the driveway, donning her work smock on the way.

HOME MECHANICS. Sherry Schumacher fixes a lamp socket while Rosemary Jones shows Anne Page how a doorbell works in class at Baltimore's Southern High

SHE HAD MEANT to clean go bowling tonight In a jiffy the job is done she's back in the kitchen The only thing you have to worry about is maybe a trace of grease in the souffle, a small price to pay

This can happen

Though the course is only three years old Principal John H Schwatka admits encouraging reports are coming back to the school

One of the girls who graduated and married, presented her loving husband with a handsome set of stair steps and another said she built a bookcase for dear old dad

THE COURSE is popular Schwatka says there is constantly a long waiting list and preference must be given to seniors

Instruction includes three hours each week in the workshop on such equipment as band saws jigsaw machines drill presses sinks for plumbing work and mock ups of electrical layouts

This year, 225 girls (potential superwives) will graduate

WEATHER FOR TODAY

NIAGARA FALLS N Y (AP) —Bell Aircraft Corp recognizes the importance of driving conditions to the many employes who drive long distances to work every day Shortly before quitting time complete weather reports including up-to-the minute highway conditions in wintry weather and a timely safe driving hint are broadcast over the plant wide public address system

Ancient 'Lost City' Found By Portuguese Officials

Portuguese Geographical Society announced it has apparently confirmed existence of an ancient walled lost city in the wilds of Southern Angola, Portuguese West Africa

Society officials said they had received a report from Jose Andrade Franca Machado explorer on the project advising them he had found the remains of a fortified town near Cunene in the hill country.

Within a three-foot wide wall the report said are vestiges of circular habitations of varying diameters averaging from six to nine feet At one place was found a conical stone tower

The report pointed out that similar ruins had long ago been found in Southern Rhodesia more than 1,000 miles eastward The investigators are trying to unearth dates and other details of the Angola discovery which had been brought to their attention by wandering natives

About one-sixth of the total land area of New Jersey is classified as urban

Nickel Comes Back

OAKLAND, Calif (AP) — Police traffic clerk Nelson Barsel has deposited many nickels to money for parking meters — and then forgot about the coins

But with the [illegible] Barsel exclaimed "That's the first time I ever received a personal check" She also sent him two Lee Hays handkerchiefs

Things Get Warm

GREAT FALLS Mont (AP) — The motorist got dead to build a small fire under his car to thaw out the frozen engine Firemen rushed to the scene to save his burning car.

Deaths and Funerals

Mrs. W. P. Fetter

Mrs. Minnie Fetter, 84, of 191 Blaine Ave. died at 1:30 a.m. today in a Columbus hospital. She was ill two weeks.

Born Feb. 27, 1870, in Marion County, she was the daughter of Simon P. and Susan Bush Keener, natives of Pennsylvania. Her husband, W. P. Fetter, died July 19, 1916. She was a member of Wesley Methodist Church, the WSCS of the church, and WCTU.

Surviving is her son, Howard P. Fetter of the Blaine Ave. address.

Funeral services will be conducted Saturday at 10 a.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. Rev. W. L. Stafford will officiate. Burial will be in Marion Cemetery. Friends may call at the funeral home after Friday noon.

Dewey R. Barker

Dewey Robert Barker, 55, of 669 Wood St. died at 5:30 p.m. yesterday in City Hospital. In failing health the last few years, he was seriously ill a week.

Born Oct. 27, 1899, in New Dover, O., he was a son of Cass and Ella Yoder Barker. A resident of Marion since 1928, he came here from Marysville and was formerly an employe of the American Malleable Casting Co.

Surviving are his widow, Mrs. Clarabelle Benz Barker, whom he married Sept. 24, 1942; his son, Nathan Barker of near Marysville, a grandson; and two brothers, John Barker of Marysville and Dallas Barker of Milford Center.

Funeral services will be conducted Saturday at 2 p.m. in the M. H. Gunder Sons Funeral Home on W. Center St. Rev. W. L. Stafford will officiate. Burial will be in Chapel Heights Memory Gardens. Friends may call at the funeral home after 7:30 tonight.

James Hugh Bridge

UPPER SANDUSKY — James Hugh Bridge, 93, a retired Pitt Township farmer, died at 9:47 p.m. Tuesday at the home of his daughter, Mrs. Herbert Schwilk, near Harpster. He had been ill one month.

Born in Pitt Township, Wyandot County, March 2, 1861, he was a son of David and Elizabeth Fances Mason Bridge. He was married to Mary V. Noel, Sept. 25, 1889, in Upper Sandusky. She died Aug. 4, 1928.

Surviving are: a daughter, Mrs. Herbert Schwilk, of Harpster; two grandchildren; two great - grandchildren; and a sister, Mrs. Frankie James, of Marion.

Mr Bridge was a lifetime resident of Pitt Township.

Rev. B. F. Crawford, pastor of the Harpster Methodist Church, will officiate for services from the Bringman & Co. Funeral Home in Upper Sandusky at 3 p.m. Friday. Burial will be made in Oak Hill Cemetery near here. Friends may call at the funeral home until the time of services.

Mrs. J. D. Adair

GALION — Mrs. Mary Elizabeth Adair, 83, of Galion, died at 2:30 a.m. today at home. She was ill 10 weeks.

Born Nov. 22, 1870, in Piedmont, Mo., she was a daughter of William and Nan English Wheatley. She was married to George Webber who died. Her later marriage was to J. D. Adair who preceded her in death some time ago. A resident of Galion four months, she came here from Higginson, Ark.

Surviving are her son, George Esley Webber of Galion, five grandchildren, and 19 great-grandchildren.

Funeral services will be conducted Saturday at 2:30 p.m. in the Church of Christ at Providence, Ark, and burial will be in Providence Cemetery at Judsonia, Ark. The body was sent at noon today from the Snyder Funeral Home in Galion to the Daniel Funeral Home at Searcey, Ark.

Mrs. Henry S. Crall

BUCYRUS — Mrs. Mary A. Crall, 90, died at 6:40 a.m. today in Bucyrus City Hospital where she was admitted yesterday. She was a resident of the Scott Rest Home where she had lived the last two years.

Born Feb. 6, 1864, in Bucyrus Township, she was a daughter of A. J. Caldwell and Harriet Chambers Caldwell. Dec. 5, 1900, she married Henry S. Crall who died in 1947. She was a member of St. John Lutheran Church at Sulphur Springs. Before coming here she lived with a step daughter, Mrs. Homer Harley, at Sulphur Springs.

Surviving with the step daughter are a step son, Irvin H. Crall of Bucyrus, four grandchildren, and nine great - grandchildren. Four brothers and two sisters preceded her in death.

Funeral services will be conducted Saturday at 1:30 p.m. in the Wise Funeral Home in Bucyrus, Rev. Harold R. Shank will officiate. Burial will be in Oakwood Cemetery, Bucyrus. Friends may call at the funeral home Friday night.

Charles Scudder Grubel

SYCAMORE — Charles Scudder Grubel, 86, retired farmer, died at 4:30 a.m. today in the home of Robert Gilland in Tymochtee Township west of Sycamore. Ill six months, he was seriously ill two weeks. Gilland was one of two children whom Mr and Mrs. Grubel. Nov. 21, 1901, he married Odessa Sweigard of Upper Sandusky.

Born Dec. 31, 1867, in McCutchenville, Mr. Grubel was a son of John and Clementine Jacoby Grubel. Nov. 21, 1901, he married Charlotte Dixon who died June 15, 1932. A resident of the Gilland home 13 years, he moved there from McCutchenville. He was a member of the McCutchenville Evangelical and Reformed Church.

Surviving with Mr. Grubel and Mrs. Sweigard are five foster grandchildren, a sister, Mrs. Ernest Wetzel of Tiffin, and a brother, G. E. Grubel of McCutchenville. A brother preceded him in death.

Funeral services will be conducted Saturday at 2 p.m. in Moore's Funeral Home in Sycamore. Rev. Paul E. Deppen will officiate. Burial will be at McCutchenville. Friends may call at the funeral home after Friday noon.

Addison Southward

FOREST—Addison Southward, 70, died Wednesday at 1 p.m. in the Hardin County Home and Hospital. He had suffered a stroke a few days before.

Born April 1, 1886 in Wyandot County, his parents were J. A. and Cordelia (Wickiser) Southward.

His marriage to Mary Searfoss was in 1904. She died in 1918. He was a former member of the Church of God at Wharton and of the K. of P. Lodge in Forest.

Survivors are three daughters, Mrs. Cleo Putnam of Forest, Mrs. Effie Gossard of Lima and Mrs. Purley Putnam of Packuankee, Wis.; a son, E. F. Southward of Madison, Wis.; three sisters, Mrs. Ella Walters of Forest, Mrs. Marjorie Buess and Mrs. Nettie Exline, both of Fortune, O.; a brother, Harvey Southward of Wharton; 12 grandchildren; nine great-grandchildren.

Funeral services will be held Friday at 2 p.m. in the Shields Funeral Home at Forest with Rev. Grover Reed, pastor of the Forest Methodist Church, officiating. Burial will be in Zion Bloom Cemetery near Wharton.

Friends may call at the funeral home.

-Funeral Services-

James L. Miller—Friday 2 p.m., Wise Funeral Home, Bucyrus, Rev. J. G. Whiteside of the Cumberland Presbyterian Church at Fairfield, Ill., Rev. G. F. Carter of Middletown, and Rev. George A. Johnson of Bucyrus, burial Oakwood Cemetery. Friends may call at the funeral home tonight.

Mr. Miller died Monday in Wallace Hospital at McKenzie, Tenn., after an illness of four weeks. Born Sept. 30, 1917, in Bucyrus, he was a son of James D. and Grace Ross Miller. June 5, 1941, he married Doris Borah. Graduated from Bethel College in Tennessee, he taught school for a time at Urbana, O., then served during World War II and was wounded in action in France. After his discharge he worked at the postoffice in Bucyrus. At the time of his death he was working toward a Master's Degree at the Murray, Ky., State Teachers College.

Surviving are his widow; his parents; and two children, Keith L., II, and Catherine Elaine, 6, and a brother and a sister, Owen H. Miller and Mrs. Marun Rush Jr., both of Middletown.

Mrs. Luella J. Lawson — Friday 2 p.m., Schaffner-Denzer Funeral Home, Rev. W. C. Eyster, burial Marion Cemetery. Friends may call at the funeral home.

William G. Uhler—Friday 1 p.m., George D. Eyler Funeral Home, Cleveland, burial Riverside Cemetery, Cleveland.

Mrs. Clara M. Duffield—Friday 2:30 p.m., Bristoll Funeral Home, Carey, Rev. Jack Stowell, burial Wharton Cemetery. Friends may call at the funeral home.

Edwin T. Stephan — Friday 2 p.m., Upper Sandusky EUB Church, Rev. W. H. Tabbert, burial Oak Hill Cemetery near Upper Sandusky. Friends may call at the Bringman & Co. Funeral Home.

The impending split-up of Sid Caesar and Imogene Coca will be the most radical thing of its kind since frankfurters moved in and broke up that old team of sauerkraut and spareribs.

Clement Weiser Dies; Was Native of Norton

Clement G. Weiser, 82 of Columbus, native of Norton, died suddenly at his home at noon yesterday. He lived at Norton until about 25 years ago when he moved to Columbus.

Surviving are his widow Mrs. Helen B. Weiser, and his son, Halle B. Weiser of Toronto, O., and two sisters and a brother Mrs. Marion S. McFarland of Columbus and Mrs. Thomas J. Barrett and Wesley W. Weiser, both of Delaware.

Funeral arrangements are incomplete. The body is at the Davis Funeral Home at Summit St. and 16th Ave. in Columbus.

Former Crestliner Dies At Hospital in Wooster

CRESTLINE — Clyde R. Kirby, 67, former Crestline resident and Pennsylvania Railroad employe of Wooster, died in Community Hospital there Wednesday afternoon. He had been a patient for the past 10 days.

Surviving is his widow the former Bess Young, who has been an invalid for the past 18 years.

Funeral services will be held Saturday afternoon at the Timm Funeral Home in Wooster. It is requested that flowers be omitted.

Mr. and Mrs. Jack Zwahlen of Park Road received word of Mr. Kirby's death Wednesday afternoon. Mr. Zwahlen will be a pallbearer. Mrs. Zwahlen, who has been ill will not be able to attend.

Many birds have three eyelids for each eye.

Top Honors Due Tonight

Millions To See Film 'Oscars' Awarded

By BOB THOMAS

HOLLYWOOD (AP) — Oscar will have his biggest audience tonight when the 26th annual Academy Awards are handed out before millions of lookers and listeners on TV and radio.

The biggest star splurge in television history will be seen tonight when Hollywood's top blowout is beamed over NBC.

Starts at 10:30

It starts at 10:30 p.m., EST.

The hour-and-a-half show will be telecast over 106 stations and heard on 195 radio outlets. The armed forces radio service will send the broadcast to 75 stations from Point Barrow, Alaska, to Pago Pago, Samoa.

The Oscar winners will even be heard behind the Iron Curtain via the AFRS station at Bremerhaven and the Blue Danube network.

For the first time in the academy's long and stormy history, the Oscar event will be staged visually for the benefit of TV viewers. Director-designer Mitchell Leisen, whose films are noted for eye appeal, is putting on the affair. Among the innovations is a huge billboard which will appear at the start of the show. It is located on Hollywood and Vine, a few doors from the Pantages Theater, scene of the event.

Lesser Awards Problem

Some of the lesser awards — editing, music, art director, costume design — will be illustrated with film clips or designs from the nominated pictures. These awards have long been a bugaboo to the program makers since they mean little to the general public.

The song nominations will be danced as well as sung. Among the performers are Ann Blyth, Mitzi Gaynor, Dean Martin, Vic Damone, Donald O'Connor and Connie Russell. The song race is considered a tight match between "That's Amore" and "Secret Love," both top current favorites.

How much will all this cost? The sponsor, Oldsmobile, is shelling out $275,000. The academy gets $115,000 to stage the event, and NBC gets the rest for time charges, etc.

Since the end of World War II, U.S. state and local jobholders have increased about 1½ million.

YOUR CHILDREN WILL THRIVE ON GOLDEN Blue Bonnet
...THE MARGARINE THAT GIVES ALL 3:

Famous Sunny-Sweet Flavor...More Nutrition!
BETTER FOR YOUR CHILD'S HEALTH
because it contains BOTH vitamins A and D

All margarines are not the same! You'll love the delicious, sunny-sweet flavor of BLUE BONNET—and it's *nutritionally* better, too. N.Y. Stock Quotations

NEW YORK (AP)—The stock market edged lower today in its third day of decline.

Prices were mixed at the opening and they gradually worked a little lower on balance into the early afternoon.

Price changes either way ran to between 1 and 2 points, but by far the greatest of gains and losses were in minor fractions.

Lower stocks included Southern Pacific, Texas Co., U.S. Steel, American Cyanamid, and General Electric.

Higher were Boeing, Distillers Corp., Allied Chemical, and American Can.

3rd Anniversary Of Exchange Club Will Be Observed

The 45rd anniversary of the founding of the Exchange Club organization will be celebrated at the weekly meeting of the Marion Exchange Club Friday.

A special message concerning the formation of the Exchange Club and its advancement throughout the years will be given

As projects each year, the Marion club sponsors a Home Show the proceeds from which go toward youth work.

Last year, from proceeds realized from the Home Show, the club furnished two complete rooms in the Children's Home, presented a Freedom Shrine to the new Harding High School and presented Golden Deeds award to J B Bray and Earl Hale for outstanding work for the community.

OSU Specialist Will Speak at Gilt Luncheon

The 10th annual pure bred gilt program luncheon, sponsored by the agriculture committee of the Marion Caamber of Commerce, will be held Friday at noon in Hotel Harding.

About 35 persons are expected to hear talks on gilts by Marion County farmers high school students and an Ohio State University swine specialist

Herbert M Barnes of Ohio State will discuss gilt problems with the six boys in the 1953-54 gilt program. The boys are Harold Lowery, Pleasant; Richard Craycraft, Morral; Ronnie Gast, Caledonia Roy Klingel, Waldo; Ralph Russell, Prospect; and Mannas Boger, Cardington.

Sponsors of the boys in the program are: Harley Mavers, Roy Holdridge Elwood Parrott, Fred Hoch and Joe Davis. The gilts were furnished by Bob Everett Howard Mitchell and Harold Yake Holdridge is chairman of the Chamber agriculture committee

Two county farmers who received gilts previously will tell their experiences Don Loudenslager was in the program three years ago and Duane Green five years ago

The boys in the 1953-54 program received their gilts last June More than 100 gilts have been given out since the program started.

KILLED AT SHILOH

MANSFIELD Ohio (AP)—Lee Robert Lykens, 48, of Rt 1, Shiloh was killed last night when a New York Central train struck his car at the Main street crossing in Shiloh.

The ex-gob in the accounting department says he served on a very odd ship during the war—there wasn't a single officer aboard who was writing a book.

I use CLOROX
for health protection
as well as whiteness!
CLOROX
makes linens
more than white
... it makes them
sanitary, too!
Yes, there are two big reasons why so many women always launder their cottons and linens with Clorox: For extra whiteness... Clorox removes dinginess, stains, even scorch and mildew; for extra health protection, too ... no other home laundering product equals Clorox in germ-killing efficiency!
And remember, Clorox deodorizes in laundering ... leaves linens fresh smelling whether dried indoors or out. Further, Clorox, a liquid, contains no gritty particles to damage wash and washer. It's extra gentle, free from caustic, made by an exclusive, patented formula.
CLOROX gives you a cleaner-looking, more sanitary bathroom, too!
In routine cleaning of tile, wash basin, tub, shower and toilet bowl, Clorox removes stains, deodorizes, disinfects! What's more, Clorox, which is non-poisonous, provides a type of disinfection recommended by hundreds of public health departments. Let the Clorox label be your guide to added health protection!
You get all these benefits in a Clorox-clean wash!
1. Snowy-white linens... Clorox removes gray and yellow dinginess.
2. Bright fast colors... Clorox removes dulling film.
3. Lovely-looking linens Clorox removes ugly stains, even scorch and mildew
4. Fresh clean-smelling linens... Clorox deodorizes.
5. Sanitary linens Clorox is the most efficient germ-killer of its kind.
When it's CLOROX-clean...it's SAFER for family health!

When you buy a new dress do you pay for the scrap material that was discarded when the pattern was cut? Certainly not! Many homemakers actually shell out hard-earned dollars for scrap fat and bone ... that's not the case when you shop at the OHIO MARKETS meat department.

British Dubious Of Commercial Backing for TV

Churchill Proposal Fought by Laborites; U.S.-Style Ads Scored

LONDON (AP)—Decisive debate began today in the British House of Commons on the Churchill government's proposal to authorize a commercial television network—with sponsors and advertising.

Most of the opposition came from the Labor party.

The bogeyman was American-style advertising, which many Britons regard as vulgar. The British Assn. of Chambers of Commerce suggested advertisers and educators draw up a code to keep such commercials off the air if the TV monopoly now held by the state-owned British Broadcasting Corp. is ended.

But the Free Church Federal Council, at its annual congress, charged that commercial TV would endanger public morals. The council represents most of Britain's Protestant churches, except the Church of England. The latter has also denounced commercial TV.

The debate today was on the second reading of the bill, following which the House was scheduled to vote. This is the key vote. If the measure is approved, the third reading and vote is a mere technicality.

Choir Festival Planned At Crestline on Friday

CRESTLINE — The high school choir of the southern group of the Northern Ohio League will hold its choir festival in the Crestline High School auditorium Friday at 8 p.m. Participating schools will be Bucyrus, Galion, Upper Sandusky and Crestline.

The massed choir will number over 280 voices. Because Crestline has withdrawn from the Northern Ohio League, this is the last year the high school choir will participate in the festival.

REFUSED TO SERVE. William J. Jameson of Billings, Mont., president of the American Bar Association, was identified by Sen. Karl Mundt (R-SD) as the lawyer who refused to serve as special counsel in the investigation of the fight between Sen. McCarthy and the Army.

New Mexico Auto Tags Sandblasted by Storms

SANTA FE, N.M. (AP)—Motor Vehicle Commissioner Tony Luna says his office has received license plates from New Mexico motorists who complain that storms have sandblasted the plates, taking the paint off.

The results are shiny, metal sheets, the numerals almost unreadable.

Luna says replacements are free.

More than half the 7½ million widows in the United States are over 64 years old.

8,000-Mile Jaunts Routine for Nurse

WASHINGTON—(UP) — When Edna C. Thompson, a nurse in Anchorage, Alaska, visits patients, she may travel as much as 8,000 miles.

And nursing is only her "spare time" job.

Miss Thompson is an employe of the Civil Aeronautics Administration and works at an airplane hangar where she covers plane wings, sews upholstery, and enjoys some reputation as a light mechanic. Upon occasion she has pitched in with the clerical work at the Anchorage field.

But as a registered nurse, Miss Thompson is constantly "on call." On call might involve hopping a cargo plane to attend a sick child or officiate at births at any one of the remote CAA communications stations along an 8,000-mile air circuit.

Miss Thompson went to Alaska in 1940, assigned to the Kodiak hospital. A year later she moved to Anchorage and has been employed by the CAA there since 1945.

The secretary of commerce recently awarded Miss Thompson a silver medal for meritorious service with a citation "for unusual competence in emergency involving the welfare of Civil Aeronautics in Alaska, often at great personal sacrifice."

REGISTERED TO VOTE

CLEVELAND (AP) — An unofficial count indicates 687,797 Cuyahoga County residents are qualified to vote in the May primary elections.

A common toad can eat as many as 10,000 garden pests a year according to some estimates.

Derailed by Side Issues

Congress Gets Late Start On Eisenhower Program

WASHINGTON (AP)— President Eisenhower months ago expressed hope the main issue in November's congressional elections would not be fear of Communists infiltrating the government but the program of his administration.

So far this year his Republican-run Congress has hit a snail's pace in approving that program. Not a single major item in Eisenhower's program has been enacted into law yet.

Other Congresses have dawdled in the early months of the year, picked up speed later, and got a lot of lawmaking done before going home. Some didn't. Maybe this one will chalk up solid achievements before quitting.

If it doesn't, then the November issue, for want of something better, may have to be Communists in government, which is what Sen. McCarthy (R-Wis) also months ago predicted it would be. Or it could be Congress' failure to give Eisenhower the legislation he asked for.

There have been publicly expressed complaints that the general interest in McCarthy's fight with Army officials has distracted public attention from vital work of Congress and may have distracted the lawmakers too.

—:—

BUT McCARTHY and his problems at best can occupy only a very small piece of Congress' time. If Congress hasn't accomplished much so far it can't be blamed on McCarthy.

The lawmakers want to clear out of here by July or August so they can go home to campaign for reelection. All 435 House seats are at stake in November, and 35 of the Senate's 96 seats.

That gives Congress about four to five months to get down to cases and make a reality of the program on which Eisenhower says the voters should judge the worth of his Republican administration.

The Senate used up about five weeks of its time debating the constitutional amendments—before rejecting them—of Sen. Bricker (R-Ohio) and George (D-Ga). The amendments would have restricted the President's power to make executive agreements with other nations and in some cases limited the scope of treaties, approved by the Senate.

—:—

THE HOUSE HAS approved the administration's program to cut almost 1½ billion dollars in taxes for many individuals and businesses. But the Senate hasn't voted, and won't for weeks, even then the outcome is uncertain.

The Senate approved the St. Lawrence seaway—a project uniting the United States and Canada in developing the waterway, plus waterpower—but the House hasn't acted.

Last year the House approved statehood for Hawaii. But the Senate has tacked together statehood for Hawaii and Alaska. If it approves this double statehood bill, which it may not, then the House will have to approve statehood for Alaska. More delay. Outcome: uncertain. And Eisenhower hasn't asked statehood now for Alaska.

There has been no final legislation in either House on Eisenhower's program for revising the Taft-Hartley labor relations law or widening and improving social security, or extending reciprocal trade, or Eisenhower's housing and farm programs.

—:—

HE HAD PROPOSED early this year, after much work by his administration in the fall so he'd be ready when the lawmakers got back to submit these things among others:

Taft-Hartley—14 amendments; farm—revisions aimed at flexible price supports; social security—bringing 10 million more Americans under it and increasing the benefits; health—many details involving national health improvement, including support for private health insurance plans; housing—building 35,000 public housing units a year, plus slum clearance and improvement loans on existing homes.

General Telephone To Better Service

COLUMBUS, Ohio (AP)—The state utilities commission today gave two telephone companies permission to use their special funds to improve telephone service.

The commission released a $150,427 fund set up by the General Telephone Co. of Ohio with headquarters in Marion and a $55,000 fund established by Ohio Consolidated Telephone Co. with headquarters at Portsmouth.

Both companies said their improvement programs contemplate spending "far in excess" of their special reserve funds.

If a prospective mother has German measles in early pregnancy, the child is likely to have defective hearing.

What Happened to 20,000 Jap Soldiers?

Caves on Iwo Jima Contain Answer to War Mystery

By GEORGE MCARTHUR

IWO JIMA (AP)—Unknown thousands of Japanese soldiers lie buried in honeycombed caves beneath Iwo Jima while American Marines ironically practice on the nine-year-old battlefield to defend Japan.

An Air Force chaplain who has studied the fantastic underground defenses said, "I've seen at least 5,000 bodies."

Only Handful Escaped

A Marine engineer said, "There may be 10,000 bodies here. We all know there were 20,000 Japanese here and only a handful got off. It stands to reason the rest are still down in the caves."

The bodies are not buried. They rest where the men died or were carried.

The caves have been placed off limits by the military. However, many bodies have been uncovered accidentally by demolition squads exploding old ammunition and sealing off caves for maneuvers by the 3rd Marine Division—part of the American force committed to the defense of Japan.

Marine Maj. Roland M. Daly of Spokane, Wash., reported sealing off caves, one with 600 bodies and the second with up to 1,400. Although his estimates were hasty and probably high, demolition men report finding some bodies in almost every big cave.

The caves are littered with old and dangerous ammunition and explosives.

Made Intensive Study

Chaplain Capt. George S. Bieber, Williamsburg, Pa., has made an extensive study of the underground positions since he came to the island in October 1953. He has mapped 18 fantastic underground honeycombs scattered over the five-mile-long island. He has made no effort to map the hundreds of smaller caves.

He is confident he is on the track of the general's cave, last command post of Lt. Gen. Tadamichi Kuribayashi, who defended the island to the death. The general's fate has never been conclusively proved. With him may be documents detailing the full grim picture of the underground defense.

Many bodies rest where the men committed suicide. Some line passageways where they were placed in an effort to keep the Marines from determining the extent of Japanese casualties. Some wounded were apparently simply abandoned to die. Some are found in the bunks carved in the sides of the caves.

Many Caves Unexplored

Many Japanese were buried in mass graves after the Marines seized the island. Bodies later were taken from some of the caves and buried. But many caves—including the mysterious general's cave—were never located, or even suspected.

Some of the caves extend seven levels down.

Bieber's studies of the caves have become more or less official.

He has had to use oxygen on one of his deep explorations. The caves are oppressively hot and sulphur fumes fill many.

The intense heat and sulphur fumes may have preserved some bodies.

When the island fell, Marines sealed off hundreds of caves.

Erosion and earthquakes reopen the passages. Blasting to seal one entrance may reopen others. And the depths of many of the caves have never been reached. One blast recently set off a chain reaction and explosions continued for hours.

Bieber found one laboratory which apparently had been scorched by a flamethrower. The doctor was there with a blackened stethoscope and wristwatch. Burned vials, medicines and microscopes lined the cave wall.

Pamphlet Sold to Public

British Publish Secret Atom Material

NEW YORK (AP)—A British pamphlet which anyone can buy for about 70 cents is reported to contain atomic energy information of a type long kept highly secret in this country.

The New York Times reported the pamphlet in a dispatch Wednesday from Kansas City, where the American Chemical Society is holding its 125th national meeting.

The Times said the British government pamphlet written by K. E. B. Hay of the division of atomic energy of the Ministry of Supply is being studied by leading American scientists "with avid interest." The Times added:

"It tells the story of atomic energy production in Britain. The avidity of American scientific interest in the pamphlet is because it tells in detail how the British enrich uranium to fissionable levels and how they produce plutonium material for the atomic bomb.

"These techniques, developed first in the United States, are known in detail to few American scientists because here security regulations established by Congress, require that such information be 'classified.' That is, it has to be stamped 'top secret' and filed in a safe.

"It can be shown to only a few trusted men and then only if they need the information for their own works."

The British pamphlet was published about a month ago, and copies are now reaching this country, it was said.

It contains enough information of a type called "classified" in this country to send a person to jail and possibly even death as a traitor if made public by an American scientist, it was believed.

Oil Spot on Water

GREENSBORO, N. C. (UP) — A truck driver poured 1,000 gallons of fuel oil into an unused drain pipe of a three-quarter acre pond, mistaking the pipe for one leading to a storage tank.

J. I. Wagoner, Guilford County farm agent, said the black oil covered the lake, much of it backing up at one end under a strong wind.

The wind made it easy for Wagner to dispose of the oil and save the fish, he said. He just set fire to the lake and all the oil burned.

LUCKY 36

DETROIT (UP) — Thirty-six is a lucky number for Detroit lawyers with an eye on a judgeship. The 36th floor of the Cadillac Tower office building here has produced three members of the bench in recent months. Probate Judge George Edwards, Common Pleas Judge Nate Kaufman, and Recorder's Court Judge John Ricca all had law offices on that floor prior to their appointments.

Copyright Office Hits Income Peak

WASHINGTON (UP) — More money was earned by the copyright office during the fiscal year ended June 30, 1953 than ever before.

The register of copyrights reported $865,300 in fees was turned over to the treasury, compared with $805,168 in fiscal 1952. The office registered 218,506 claims to copyright, the third largest number.

Periodicals led the field in fiscal 1953 with 59,371 registrations. Musical compositions were a close second, with 59,302. In third place were 52,347 registrations for books, pamphlets, and similar publications.

More than 5,000,000 copyright registrations were in effect in the United States on June 30, 1953, the report showed. This figure includes claims registered for the first time or renewed with the last 28 years.

The materials for permanent preservation in the Library of Congress' copyright section are varied. One deposit last year consisted of a sample of smells with a recipe for their preparation. Other developments documented in materials received were the new 3-D wide-screen motion-picture films, the first tachistoscope films, and the first book composed by the new photographic process known as photon.

An invaluable reference work on some 76,000 films registered from 1894 through 1949 and on motion-picture music which was composed by the copyright office during the year.

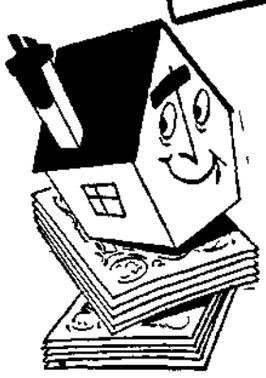
Only one change was made in the copyright law during the year. An amendment became effective Jan. 1, 1953, extending to non-dramatic literary works performing and recording rights similar to those already accorded dramatic and musical works. This will make it possible for authors to receive royalties for commercial readings of novels, essays and poetry.

The table on which Abraham Lincoln signed the Emancipation Proclamation is in the Connecticut State Library at Hartford.

TODAY'S JOKE

WINDSOR, Conn. (UP) — Here's how four-year-old Darryl Griffing tells the difference between cattle and cows. "Cows moo, but cattle blow their horns."

INSURANCE COVERAGE MEASURED TO YOUR NEEDS!



Home Purchase and Building Loans

The popularity of monthly payment financing thru Home Federal is attested by the fact that in 1953 almost 500 loans totaling over $1,750,000 were granted. Very frequently, final payments are made on mortgages made several years ago. Why not come in and get full information?

Radio and Television

By John Crosby

Letter From Korea

Just got a letter from my Korean correspondent, Matt Melko, and I'm terribly pleased to report that he has risen from private to private first class. "I didn't get it by going to school or direct commission or anything like that either. I worked my way up through the ranks."

J. CROSBY

And he goes on to say: "In your business you probably have to sit around and listen to old-timers reminisce about how much better or tougher things used to be. Somebody named Dempsey supposedly could have beaten Joe Louis and somebody else named Clara Bow is supposed to have more of whatever it is than Marilyn. Boring stuff.

-:-

"BUT OVER HERE it's different. You have a lot of hills that look like a lot of other hills, a tent and a potbellied stove. We do have a radio, it's true, and I have a one-eighth interest in it which entitled me to listen to one inning of a ball game each day.

"But to hear a ball game, with the time difference, you have to get up at 3 a.m. and to an American League fan 3 a.m. doesn't seem like a reasonable hour. For Brooklyn fans and Giant fans, I realize, it wouldn't seem so unusual.

"But no one can listen to the radio all the time so we sit around the stove and talk. (This is likely to happen to any sizeable group if no television set is present.) And since you can say all there is to be said about Korea while one washpan full of water is heating up, we end up by talking about how things used to be. That is to say, we reminisce. Have you ever heard young-timers reminisce?

-:-

"ONE NIGHT in the I & R tent, Matthews and Hiller and Hound Dog Thomas got talking about the good old days in radio. There was the Lone Ranger, for instance. Now there was a guy who always flubbed his opportunity. He had come into town, driven out the rustlers, saved Miss Jean's blind father from being lynched, and when Miss Jean looked around to reward him, he was heard to be riding off in the distance with a hearty "Hi-yo Silver!"

"Father — the masked man who saved us, where did he go?"

"He's gone, my child. He never waits for thanks."

"But who — who was he?"

"He is known, my child, (hushed pause) as the Lone Ranger."

(From a distance) "Hi-yo Silver!" and the swelling of William Tell Overture. Even now, I get goose pimples thinking of it.

-:-

"THERE WERE OTHER programs we used to listen to. There was the Green Hornet with his faithful Japanese valet Kato, who overnight after Pearl Harbor, became a faithful Philipino valet. And poor Jack Armstrong, the all-American boy, who never could seem to get through Hudson High School. I got through high school before he did and he had an eight-year head start on me.

"There were Amos 'n' Andy way back when they had a 15-minute daily program for Pepsodent. You didn't listen much yourself but your folks did and everybody else's folks must have, too. There wasn't one among us who wasn't familiar with the phrase 'Buzz me, Miss Blue.'

-:-

"AND FINALLY, when all the kids' programs have been laid in mothballs, it will be discovered there are two Henry Morgan fans in the crowd. Old Henry Morgan fans. Not Henry Morgan fans who remember way back when Morgan was doing a half hour show with Arnold Stang but those who remembef back before then, when Henry Morgan was doing his 15-minute monologue opposite Lowell Thomas — 'Anyone who's listening to Lowell Thomas is a rotten egg. Hello, anyone.' (Editor's note: I remember way, way, way back when Morgan was on at 10 in the morning).

"And then somebody would tell how he came on for Bromo Quinine Four-Way Cold Tablets with such a bad cold that he kept interrupting himself to sneeze. Or how he pointed out that the hole in the Life Savers were really cheating you out of candy. Or how he forgot that he had commercials and played them all together at the end of the program.

"The late '30s and early '40s. The turn of the decade. Those really were the days for radio programs, weren't they?

"By-y cracky!

"Sincerely"

MATT MELKO

ON ALERT FOR MIDGET A-BOMBS. FBI has warned police throughout the nation to be on the lookout for midget atomic bombs which might be smuggled into the United States. These drawings, which are unofficial, show how the bombs might look. Some 50 pounds of fissionable material can be compressed into the size of a soft ball (top). It would be set off by surrounding it with an ordinary explosive. The other kind of atomic device (bottom) would have a gun barrel with breech blocks at each end. It would use high explosives to blow one piece of fissionable material from breech end down through the barrel into another piece of fissionable material anchored in the muzzle end.

Police Record

MEMPHIS, Tenn. (UP) — Joseph Thomas, 59, arraigned on a drunk charge, was so reluctant to discuss a "previous arrest" that Judge Beverly Bousche was determined to look up the record.

But as soon as a detective brought in an identification bureau folder on Thomas the judge dismissed the current charge and set him free.

The record showed that the arrest Thomas admitted, but disliked telling about, was for speeding in 1913.

North Carolina produced about 3,800,000 pounds of honey in 1953.

Bulldozer Used To Find Fossils in South Dakota

RAPID CITY, S. D. (UP) — Instead of the usual slow, painstaking digging with hand tools, two fossil hunters from the School of Mines and Technology used a bulldozer in a sandpit near Mission, S. D., to turn up three fossils of a type never before found in South Dakota.

Word that a construction crew had uncovered some fossils in a sand and gravel pit caused Dr. J. R. Macdonald and Morton Green to go to the pit, where they directed further digging with the bulldozer.

They worked at the bottom of the discard chute, picking out fossils from the big chunks of rock. Both suffered bruised arms and legs—but they got a prize collection.

LONG TRIP — SMALL JOB

LANDER, Wyo. (UP)—Bob Hines installed a radio tube recently. He drove 500 miles over rugged roads to an isolated oil rig on Burnt Mountain to perform the routine repair chore for an oil company drilling crew. It took five minutes to put in the tube.

Southern Ohio Needy Will Get Surplus Food

WASHINGTON (AP)—Needy families in parts of southern Ohio are going to receive some of the mountains of surplus food piled up by the government.

Rep. Jenkins (R-Ohio) told the House Tuesday the government will distribute the food in every county in his district: Athens, Fairfield, Gallia, Hocking, Jackson, Lawrence, Meigs and Vinton.

Central distribution point, Jenkins added, will be Jackson, Ohio. The agricultural marketing service will operate though the state supervisor of community distribution there, he said.

He continued:

"The figures now show that the government has in stock and available for distribution more than 300 million pounds of butter and likewise more than 300 million pounds of cheese and milk.

"Also, the government has great quantities of other food that could be prepared for distribution and should be distributed where needed.

"It shall be my purpose to support and aid in the passage of any legislation that may be needed to bring about early distribution of these great quantities of foods that are available."

Disciplining of Children Advised by Psychiatrist

PHILADELPHIA (UP) — Unbridled self expression is one cause of juvenile delinquency, one prominent psychiatrist says.

Dr. Winifred Stewart, professor of neurology at Woman's Medical College, said juvenile delinquency often can be traced to parents who hesitated to correct their children for fear of causing "serious inhibitions."

Many parents are confused by articles on children's self-expression, he said, and believe any type of discipline will cause inhibitions.

"The children are allowed to make their own decisions at an early age, she said, "decisions that are wrong and result in failures. The inevitable result to the children is a loss of self-confidence.

The psychiatrist warned that the lack of self-confidence might remain and later children may be "unable to make any decision of a serious nature.

Dr. Stewart recommended a policy of "good discipline."

"A child must feel wanted and important and he must be given responsibility, she said. "But the chore must be within his ability."

AT LAST!

NORTH POMFRET, Vt. (UP)—Lloyd G. Stetson Sr., had six sons. One son had three children—all sons. A second son had two children—both sons. A third son had two children—both sons. But now the third son has a third child—a daughter.

Zoning Rules Puzzling For Those Owning Pets

CHICAGO (UP) — Zoning laws must answer such questions as when does a puppy become a dog and how many dogs make a kennel.

The American Society of Planning Officials says such questions must be covered by law to make sure that keeping pets does not become a commercial operation in a residential neighborhood.

The society said at least four communities — Muskegon, Mich., Salt Lake County, Utah, and Los Angeles and Los Angeles County, Calif., have decided that a puppy becomes a dog at four months.

But in places where "dog" is not so directly defined, the designation presumable follows the licensing practice, which ranges from four to eight months.

The counties of Los Angles and Salt Lake agree that keeping three dogs makes a kennel.

Other communities require that pups exceeding four in number must be removed from a residential dwelling upon maturity

COLD SPELL

WORLAND, Wyo. (UP) —A recent cold spell made the Worland jail so cold, police released two prisoners. One returned later to clear himself of drunk charges, but the other apparently left for warmer climate.

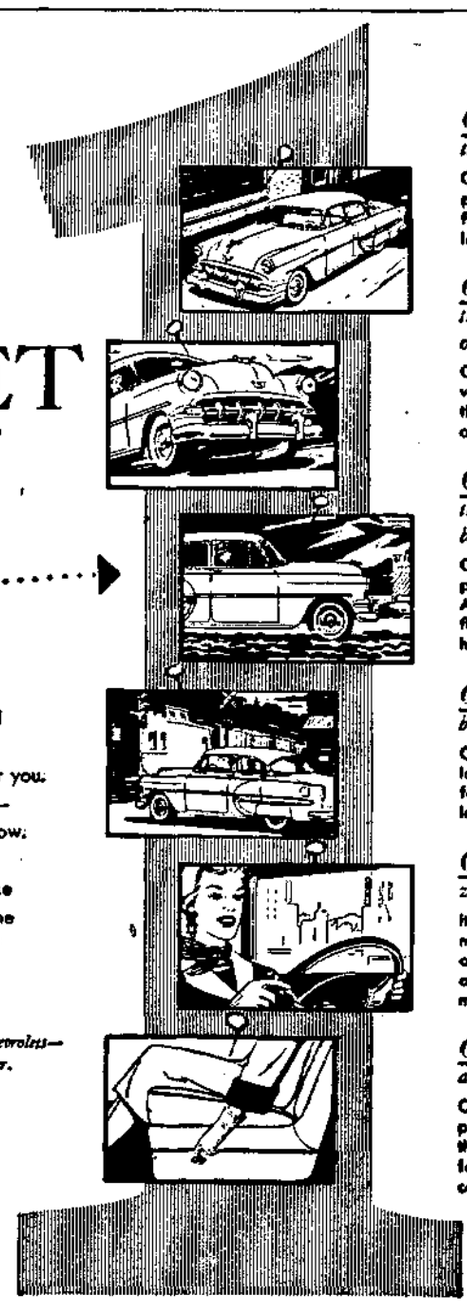
What you want most

CHEVROLET *gives you* first!*



This year, again, Chevrolet is out ahead of the other low-priced cars in the things that mean more pleasure and satisfaction for you. And yet Chevrolet costs the least—no other line of cars is priced so low. So why go hundreds of dollars higher when you can have all these things you want in Chevrolet? Come in and let us show you the kind of facts and figures you like to see!

*That explains why more people buy Chevrolets—and want Chevrolets—than any other car.

Out ahead with that bigger, lower look

Chevrolet is the only low-priced car that has Body by Fisher with that big, smooth, low-slung look.

Out ahead with the highest-compression overhead valve engines

Chevrolet's more powerful valve-in-head engines have the highest compression ratio of any leading low-priced car!

Out ahead with that smooth and solid big-car ride

Chevrolet's the only low-priced car with Unitized Knee-Action—one reason for its finer road-smoothing, road-hugging ride.

Out ahead with bigger brakes for greater safety

Chevrolet brakes are the largest in the low-price field for smoother, safer stops with less pedal pressure.

Out ahead with zippy, thrifty Powerglide

It's the first automatic transmission in the low-price field and the most improved and advanced! Optional on all models at extra cost.

Out ahead with automatic power controls

Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as extra-cost options.

Republic Steel Predicts Firm Steel Market

Annual Report Cites Continuing Layoffs As Temporary Drop

CLEVELAND (AP)—Republic Steel Corp, says a high standard of living and an increasing population should make for a better steel market this year.

At the same time, Republic announced its blooming mill and open hearth shop at Massillon will be closed down this week.

About 300 workers will be laid off, bringing to about 1,800 the number of Republic employes in Massillon off their jobs. An estimated 2,850 workers have been laid off in the firm's plants at Canton.

Republic's stainless steel works, bar mills, coke ovens and blast furnace at Massillon will continue to employe about 2,800 workers.

District Manager Oscar A. Bamberger said:

"We regret that it has been necessary to close down these facilities due to the lack of orders. We hope business conditions will permit their reopening in the near future. Many of the district's customers are not buying alloy steel at present as they are using up a large inventory which had been built up previously."

In an annual report to stockholders yesterday, Chairman T. M. Girdler and President C. M. White said:

"Our basic economy is sound. The administration in Washington has achieved important results which add substantially to the national welfare. Our standard of living is high and will go higher. Population is increasing. This translates itself into expanded markets for steel products."

Smallest of Items Now Weighed on New 'Scale'

MADISON, Wis. (UP)—Invisible masses as small as one-six hundred trillionths of an ounce can be "weighed" with historadiographic apparatus constructed over a two-year period by medical school scientists at the University of Wisconsin.

The machine consists of three units—a power supply, X-ray tube and exposure chamber and a vacuum pump. It was constructed along the lines of an earlier model used in Sweden.

It doesn't weigh microscopic materials in the usual sense. It exposes the matter to X-rays. The scientists then determine the amount of radiation absorbed to calculate the mass.

The experts epxlain that protein, which makes up most of the individual cell mass, will absorb X-rays. Through an intricate system of comparison, the scientists can find out how much a tiny unknown particle weighs.

PLENTY OF PANCAKES

QUINCY, Mich. (UP)—C. D. McKensie, president of a milling company, says that his firm's production figures indicate that Americans are big pancake eaters. He says that his company alone turns out enough buckwheat pancake flour each year to provide the nation's breakfast tables with 17,038,000 pancakes.

RIGHT!

MEDINA, N. Y. (UP) — Sign at the entrance to the Boxwood Cemetery, north of her: "End of Speed Zone."

BUILDS ROBOT. Sherwood Fuehrer, 13, operates the control panel of a mechanical robot which he constructed at his home in Cranston, R. I. The robot was made from cans, gears, motors, die castings, and a multitude of other parts. The mechanical man stands five feet, 11 inches tall, and weighs 92 pounds. It can hold a tray of cookies and pass them about.

Jury Indicts Air Officer in Property Sale

COLUMBUS, Ohio (AP)—A federal grand jury has indicted 1st Lt. Donald A. Krueger, chief of the adjustment section of the Air Force office at the Evandale plant of General Electric Corp., on bribery and conspiracy charges.

Krueger, plant clearance officer at the plant near Cincinnati, is accused of favoring two companies in the sale of surplus government property.

Indicted with him were Earl M. Greenbaum and Melvin Greenbaum, officers of the Allied Materials Handling Co. of Cincinnati, and Herman Krogmann and Emil Klauss, officers of the Euclid Foundry and Machine Equipment Co., Cleveland.

Warrants were issued for all five. The grand jury charged Krueger accepted thousands of dollars and a $14,000 payment on a new home in return for favors.

Teacher Behind Times

GREENVILLE, S. C. (UP) — South Carolina has six representatives to Congress, and authorities here were perplexed by a flurry of inquiries from youthful callers who wanted to know:

"Who are the four South Carolina congressmen?"

An investigation disclosed that was a homework question a public school teacher had assigned the pupils of her government class.

Since the end of World War II the number of U.S. federal, civilian jobholders has declined about a million.

Drugs Effective in Leukemia

New Cancer Foes Found In Research Into Malaria

BOSTON (AP) — The quest for drugs to fight malaria may have turned up some new foes for cancer, a Boston scientist said today.

Dr. Sidney Farber of the Children's Cancer Research Foundation said that five experimental compounds originally produced with the idea of combatting malaria have yielded temporary benefits when given to some people suffering from "acute leukemia and scattered other tumors."

Leukemia is a cancer of the blood.

Farber said that while the benefits derived from the drugs were of short duration, they were sufficiently strong to warrant further investigation of compounds of this general type.

The doctor told about it during a news conference with science writers looking into a number of research projects being sponsored by the American Cancer Society.

He said these particular drugs are, in a sense, bad news to certain vitamins and other materials necessary for the growth of living cells. Therefore, since cancer is considered to be a wild growth of cells, anything that might interfere with such wild growth would be of great importance.

The doctor also told of promising — although still temporary — treatment of leukemia and certain other forms of cancer with other chemical materials.

He told of one boy, a victim of leukemia which once was invariably fatal in a matter of months, who now has been kept alive for almost five years, thanks to a leukemia-fighting drug.

He still has the disease, and his improvement is considered only "temporary," but, as Dr. Farber said:

"Life is being prolonged, and there is always that possibility that someone may come up with an answer in time to save such people."

Noise Traps Fugitive

CHARLESTON, W. Va. (UP)—A bus dispatcher unwittingly helped to trap a bad check artist here.

William Harrison of Bentree, W. Va., telephoned a store, asking for delivery of some goods for which he previously had given a phony check, police said.

"Where are you?" asked the angry store owner.

"At a friend's," said Harrison.

Just then the bus dispatcher's voice could be heard in the background. Police were at the bus station pronto taking Harrison into custody.

Chamber Urges More Toll Road Construction

WASHINGTON (AP) — The Chamber of Commerce of the United States urges the construction of more toll roads to finance the building and maintenance of the interstate highway system.

Repairs and additions to the interstate system are now paid for out of tax revenues, including federal aid. But road costs have increased since World War II, and there are a great many more motor vehicles using roads now in existence.

In a recent national conference on highway financing sponsored by the chamber, Charles L. Dearing, deputy under-secretary of commerce for transportation, said that within 10 years about one-third of the total rural mileage could be maintained by the use of self-liquidating toll projects. He estimated these projects could accommodate about half the rural traffic using the interstate system.

Old Age Laws Need Revision, Doctor Claims

Klump Says Healthy Worker Is Penalized By Compulsory Rules

COLUMBUS, Ohio (AP) — A New York doctor says eliminating all workers over a certain age is an unfair penalty on age and experience.

Dr. Theodore G. Klumpp, treasurer of the National Committee on the Aging, says compulsory and automatic retirement rules are "a perpetuation of the jungle law of the fang and claw."

Dr. Klumpp spoke Tuesday to the conference on problems of the aging sponsored by Ohio State University and the Ohio Citizens' Council for Health and Welfare. The two-day meeting opened yesterday with an address by Ohio State President Howard L. Bevis. Conferees are discussing medical care, health, rehabilitation, recreation and adult education.

Dr. Klumpp, principal speaker at the opening day session, said society has been "quite illogical and inconsistent in its attitude toward the older worker . . . on one hand we have no objection to electing and appointing older individuals to positions of the greatest responsibility.

"Yet, on the other hand, as far as the rank and file of workers is concerned, we have little objections to the imposition of blind and unselective compulsory retirement rules which automatically eliminate those in the ranks who have reached the same age regardless of their fitness . . . and ability . . ."

"Certainly," he said, "a man isn't fit one day and unfit the next because one page of the calendar has turned."

Dr. Klumpp said we must not lose sight of the fact that someone must support those who are retired to idleness.

"The more workers we retire, he said, "the greater will be the economic burden on those who work."

He added population trends indicate in 26 years this country will have at least 66 million persons who are 45 and over and 24 million 65 and over.

Instead of retirement, he suggested less work and responsibility and shorter hours as the worker grows older.

Spotting Potential Delinquent Studied

BERKELEY, Calif. (UP) — University of California psychologists are developing a screening process that may pinpoint potential juvenile delinquents before they reach high school age.

Director of research is Dr. T. R. Sarbin, associate professor of psychology, who hopes that after a year his team may come up with a battery of special tests that can combat juvenile delinquency.

Experimental tests have been made on 100 boys ranging from 14 to 17. About half the group consists of normal students from a city high school. The other half are psychopathic delinquents from state institutions.

Sarbin says that one of his tests has shown that delinquency stems from an inability to tolerate limits imposed on a subject's behavior. Another indicates that delinquents are less able than normal persons to predict reactions of other individuals.

WRONG GUESS

DERBY, Conn (UP) — Burglars had a choice of two safes when they broke into an automobile agency. The one they broke open was empty. The other one contained the receipts which they didn't get.

HOLLYWOOD TREASURE. Debra Paget, young actress who will participate in this year's lavish Academy Award presentation show, looks over the coveted Oscar statuettes, worth their weight in gold to those who'll win them on March 25. This year's Oscar program to be seen nationally on TV, will include such new features as chorus lines on the big stage and starlets modeling prize winning dresses. The program will last nearly two hours.

GI Didn't Know Patrolman Was Hidden in Bushes

SAN FRANCISCO (AP)—Pvt. Robert A. Arrellano was hauled into Municipal Court yesterday for shooting blanks at a clump of bushes. Seems there was a speed cop hiding behind the foliage.

Patrolman T. A. Smith told the court he might have been killed. Seems Arrellano had a live shell in his revolver as well as the blanks.

"Aw," replied the soldier. "I knew which chambers were loaded. Besides, how did I know he was there? What was he hiding for?"

Smith admitted he was hiding. Seems he was watching for traffic violators.

Arrellano drew a 30-day suspended sentence.

FLASHY ACCIDENT

NEWTON, Conn. (UP) — Crawling from his overturned automobile, Richard E. Trembley explained it all happened in a flash. He said he lost control of the vehicle because he was temporarily blinded by a camera flash bulb which went off accidentally on the seat beside him.

Women Qualify

WASHINGTON (UP) — The Veterans Administration has a lot of good jobs waiting for qualified women at its many hospitals throughout the country.

Officials said they "urgently need" social workers, dietitians, biochemists, X-ray and medical technicians, and thereapists of all types. Salaries range from $3,175 a year for a beginning technician to as much as $7,040 a year for a biochemist. Most of the positions require college-level training.

Applicants may get full details at any VA hospital or office.

News of Servicemen

Maj. Russell K. Herriott, 34, whose wife, Dorothy, resides in Marion, is now in the final phase of Exercise Ski Jump, the Army's 1954 mountain and cold-weather training maneuver at Camp Hale, Colo. Herriott is a member of the exercise's umpire group which assesses casualties and damages which would occur if live ammunition were used during the training. The son of Clifford A. Herriott of Delaware he is a veteran of 14 years' Army duty.

Marine Pfc. Wilbur G. Albright of Bucyrus is serving in Korea with the base squadron of the 1st Marine Aircraft Wing's Group 33. He is the son of Mr. and Mrs. Spencer Albright of Bucyrus. A member of the transportation department of the squadron, Albright entered the Marine Corps in October 1953 and was stationed at the Marine Corps Air Station at Santa Ana, Calif. before being assigned to Korean duty. Members of the base squadron are responsible for the security of the air base and its installations.

Richard A. Milliron, seaman USN of Marion visited Nagasaki, Japan last month while serving aboard the battleship USS Wisconsin on her second tour of duty in the Far East. The Wisconsin is the flagship of the Seventh Fleet. Milliron is the son of Mr. and Mrs. E. H. Milliron of 819 Cheney Ave.

Robert F. Myers, yeoman first class, USN son of Mrs. Ella C. Myers of Bellefontaine, is participating in amphibious maneuvers in Caribbean waters with Commander Transport Division 23 aboard the attack transport USS Monrovia.

Wayne E. Gabbert, 21, son of Mr. and Mrs. Ralph Gabbert of near Ostrander was recently promoted to corporal while serving with the Engineer Center Regiment at Ft. Belvoir, Va. The center provides specialized training for engineer personnel and operated many of the vast research and testing facilities of the Corps of Engineers. Cpl. Gabbert, an instructor with the tractor scraper section entered the Army in July 1952 and completed basic training at Ft. Leonard Wood, Mo.

Pvt. Richard E. Peters, son of Mr. and Mrs. Earl Peters of near Marion, recently completed basic infantry training with the 3rd Armored Division at Ft. Knox, Ky. and has been transferred to a military police company at Ft. Benning, Ga., where he will take special schooling in that branch of the service. He is a 1951 graduate of Harding High School and was employed at the Huber Manufacturing Co. before entering the service. His wife, Angeline, resides with her parents at 846 N. State St.

Shrimp Neapolitan Is Made in Chafing Dish

Shrimp Neapolitan is a dish to remind you that chafing dishes are made to cook in, not just to look at.

Most of the preparation of this dish is made in advance in your kitchen but the final touch of bringing the sauce and shrimp together is done in the chafing dish at the table.

Here's how it's done:

1 pound shrimp, fresh or frozen
1 clove garlic, finely minced
¼ cup olive or other salad oil
3 anchovy fillets, optional
1 No. 2 can Italian tomatoes
¼ teaspoon oregano
Pinch crushed red pepper
1 tablespoon chopped parsley

Remove shells from shrimp. Make a slash along back of shrimp, cutting deeply but not all the way through. Wash away sand vein. Drain shrimp on paper toweling. Heat olive oil in large frying pan. Add garlic and shrimp, placing shrimps in the pan with backs down. Fry shrimp about 5 minutes, turning to sides to finish cooking.

Remove shrimp and place on backs in a chafing dish. Add remaining ingredients to pan. Mix thoroughly, breaking up tomatoes. Cook slowly at least 15 minutes.

Pour sauce around the shrimp in chafing dish. Serve with slices of fried French bread. Makes 3 to 4 servings.

Dogs Given Free Shots

ATLANTA, Ga. (UP) — Fulton County health authorities figure the offer of "something for nothing" has accounted for a big drop in the number of rabid dogs.

Dr. M. M. Neel, director of county medical services, said only 12 cases of rabies turned up between July and December, 1953 as compared with 29 cases during the same period in 1952.

That's where "something for nothing" came in. The county in an effort to stamp out the menace gave free inoculations of anti-rabies serum to 32,663 dogs at neighborhood clinics.

A Texas ranch, the XIT, with three million acres is only slightly smaller than Connecticut.

Elopement Plans Of Young Couple Delayed by Police

NEW HARTFORD, N. Y. (UP) — Lloid T. Dukett, 18, of Rome, N. Y. told police that when he left home Tuesday with his 15-year-old sweetheart they figured they'd soon be man and wife.

But police said the planned elopement didn't pan out because Dukett and the girl drove through this village at about 80 miles an hour in a stolen car bearing stolen registration plates, struck two other automobiles on Route 5 and rammed a branch office of the Oneida National Bank.

State police said Dukett would be charged with grand larceny and burglary. The girl officers said was held temporarily in the Oneida County detention home.

HER FIRST CONCERN

SOUTH BEND, Ind. (UP) — A housewife was unconcerned when she found a milkman, Casimer S. Holewczynski, 49, lying injured near his milk truck after a traffic accident. She said only, "Is it all right if I take my milk?"

Red Beans Secret Of Indians' Diets

SAN ANTONIO, Tex. (UP) — There's a nutrition lesson for every housewife in the common red bean, a part of the Mexican Indian diet for centuries.

The lesson is related by Dr. Edmund S. Nasset, a specialist in food metabolism and professor of physiology at the University of Rochester School of Medicine. Dr. Nasset served recently on the staff of the U. S. Air Force School of Aviation Medicine, at Randolph AFB.

The Mexican Indians of the Southwest ate corn and survived, he said. But natives of the southern United States ate corn and succumbed to pellagra.

The Mexican secret, Dr. Nasset said, was red beans, which the Indians ate with corn. [illegible] organic compounds of which proteins are composed.

He found [illegible] which the body must have for health. Some [illegible] or all of the amino acids, others lack certain of these dietary essentials.

Corn, Dr. Nasset said, contains [illegible] is lacking in the proteins. To make the best use of a diet based on corn, he says, one must have other protein foods in balance.

The Indians of Mexico always have eaten red beans with corn. The beans are rich in the amino acids. Result: the Indians flourished.

The poorer people of the South lived on corn, too, Dr. Nasset said.

"LET'S GO TO THE RITZ FOR A REAL FISH DINNER"

Four men were debating after a hard day's work at the plant where they would have dinner and what they would eat. One came up with the suggestion above so in they came and fifteen minutes later were enjoying a fish dinner such as only the Ritz can prepare and serve. Like fish? Well, this is fish headquarters.

Dedicate Research Lab in Columbus

Coal Industry Eyes Vast New Markets

COLUMBUS Ohio (AP)—With their eyes fixed on a goal of vast new markets for their product, coal men from many parts of the nation are meeting here for their first techno-sales conference and to dedicate their new bituminous coal research laboratory

One of their first goals is to recapture at least part of the business they lost when many railroads converted to diesel power This they hope to do with a coal powered turbine locomotive which already has passed a number of service tests and will undergo more

The gas turbine run by powdered coal is one of the primary projects of Bituminous Coal Research Inc an industry owned firm seeking new uses and markets for soft coal and its byproducts Scores of coal-producing firms and 11 railroads jointly operate the research project established 19 years ago

The 12 500-square foot laboratory scheduled for dedication today is viewed by the research project's membership as the first step in a long-range program to put the coal industry back in a position of progressive competition with other fuels

Industry spokesmen bemoan their dwindling markets but frankly admit coal men generally have done little to quicken their industry s step in face of mounting competition from the oil and gas industries They admit the loss of three fourths of the railroad locomotive fuel market in the last 10 years and the use of gas for home heating and for industrial purposes has made other deep inroads on their markets

But men like A A Potter president of Bituminous Coal Research are far from discouraged and today urged the coal industry to devote more and more money to research

Let us look ahead toward 1975 when the demand for coal will approach one billion tons he admonished the industry s representatives

Potter outlined before today s conference typical research project efforts toward new markets

1 It has established that a diesel engine can be operated satisfactorily on gas produced from coal

2 It has worked out a profitable way for electric power companies to dispose of the fly ash from the burning of powdered coal It can be used in road construction building blocks and drain tile

3 It is seeking profitable markets for lightweight aggregates from coal mining operations

4 It has established coal as a dependable and low cost raw material for the production of chemicals

5 It is studying ways to make profitable use of the sulphur in flue gases from boiler furnaces

But it was the coal-fired gas turbine locomotive—with its promise of possible quick results in expanding markets— that got the most attention for a conference I is a project in charge of the Location Development Committee of the research firm It was described by the committee s director of research John I Yellott and his assistant Peter R Broadley

The said the turbine has performed well in long tests under maximum loads and is to be subjected to more org tests starting next month Tests to date show a 4 500 h p gas turbine locomotive operating a 50 per cent load would operate a mile on 42 cents worth of coal

That, they told the conference is 27 cents less than the cost of the fuel oil needed to operate a diesel the same distance under the same load

And they assured representatives of firms in the low-quality coal areas Operating experience has shown that little if any restriction need be placed on the kind of coal used

NAMED BY ROBISON

COLUMBUS Ohio (AP) — Welfare Director Henry J Robison was named Dr Roger M Gove assistant commissioner of the division of mental hygiene in charge of he state s mentally retarded children Dr Gove is superintendent of the Columbus State School and will retain that position for the time being

BLS Reports 'Modest' Decline in Living Costs

WASHINGTON (AP)—The government reported Wednesday that slight price drops in a wide variety of items including food brought a modest decline in the nation s living costs in mid February

The Bureau of Labor Statistics said its index declined two tenths of one per cent between mid-January and mid February to 115 per cent of the 1947-48 average This compares with the 115 4 peak last October

Douglas Gains Converts to His Views on Canal

ALONG THE C&O CANAL IN WESTERN MARYLAND (AP)—Tens of a completed section of the scenic Chesapeake and Ohio Canal in Maryland was accompanied the Douglas hikers cost on the 184-mile Washington

The party of 25 ed U S Supreme Court Justice William O Douglas Potomac Fund Chesapeake and Ohio Canal the first segment the more than 22 miles to be Cumberland Maryland Douglas between Seneca and Washington Md

Ilston Barnes president of the Audubon Society of Washington D C said some members of the party who originally favored a parkway type development changed places a regulated area should be touched by the development

Others Barnes said would keep the canal undeveloped are begin a movement should be made to acquire

Douglas himself said here s not room for a highway along the canal Widening parking the natural beauty of the area But his own thought on developing the canal as a recreational area which could be seen by tens of thousands include more access roads

FARM WEEK AT OSU

COLUMBUS Ohio (AP)—The 42nd annual Farm and Home Week at Ohio State University the second largest in the nation meetings next week with 8 000 Ohio farmers and homemakers present It is being held at Ohio State University

Science Gets Help By Northern Lights

WASHINGTON (AP) — One of nature s most spectacular displays helped scientists explore the mysteries of the universe

An aurora borealis or northern lights display was viewed here Tuesday night by thousands of persons from the sun s rays hit gases of the earth s upper atmosphere

The aurora usually is confined to a certain region between 50 and 250 miles above the earth Occasionally however it comes much lower

The ripping waves of colored lights are caused by magnetic storms of electrified particles hurled from the sun The speed of the particles is 1 000 miles per second

The aurora extends 600 miles into the atmosphere

The aurora also is often a strange yellow-green color of the aurora Another color is red orange-red is expected tonight

News of the District

Galion

Moving pictures of his trip last month to Cuba were shown by Richard E. Cook when he spoke to members of the Rotary Club Monday night at Hotel Talbott.

—:—

A Junior Legion baseball team will again be sponsored this summer by Scarbrough Post, the American Legion, it was decided when the post held its regular meeting Monday night. Dick Kerin, Galion High School coach, was chosen as coach. The post also planned to give cash prizes for the best bird houses built by the boys of Boy Scout Troop 4 which the Legion sponsors.

Crestline

Herbert Morton was nominated as Commander of Harley Helfrich Post, No. 2920 Veterans of Foreign Wars at its regular meeting in the VFW Hall. William A. Beck was nominated as senior vice commander; and J. F. Stone, junior vice commander.

—:—

A daughter was born Sunday at Memorial Hospital in Shelby, to Mr. and Mrs. George Stover, Crestline. Mr. and Mrs. John Walter, of Crestline are the maternal grandparents.

—:—

Members of the Crestline Professional School Employes Association and guests held a dinner meeting at the Greenlawn, west of Crestline. Mrs. Walter Leicy, chairman of the social committee, and members of her committee in charge of arrangements, used a color scheme and decorations symbolic of St. Patrick's Day.

Group singing was under the direction of Mrs. J. A. Hunter with Mrs. Gregg Pennington accompanying. Louis Cellini, gave a vocal solo. The Harmony Four of Crestline High School, comprised of Joy Weis, Joan Ritter, Catherine Krichbaum, and Adelheid Kirsch, furnished the dinner music. Dr. Maurice Newberger, executive psychologist, Bureau of Juvenile Research, Columbus, gave a talk on, "Juvenile Delinquency."

—:—

Mr. and Mrs. L. M. Niswander and daughter, Carol, accompanied by their son-in-law and daughter, Mr. and Mrs. Robert Warga and family, and Donald Geoff of Mansfield attended a family celebration in observance of the 55th wedding anniversary of Mrs. Niswander's parents, Mr. and Mrs. L. O. Kempher held at their home near Findlay Sunday.

—:—

Crestline Boy Scout Troop No. 2, sponsored by the American Legion, held its investure service and initiated five new Tenderfoot Scouts. Boys receiving their Tenderfoot pins from their Scoutmaster, Howard King, were: James Brown, Donald Bryhn, David Helfrich, Jerry King and Claude Shackelford.

—:—

Plans were made to serve breakfast to Youth Fellowship members after the Easter sunrise services in First Methodist Church social rooms when the Kum Join Us Class met for its March meeting in the church.

Bucyrus

April 4 is the date chosen by Miss Carole Candel, of Bucyrus, for her marriage to Donald E. Eppley, of near Bloomville. The engagement is being announced by Miss Candel's parents, Mr. and Mrs. Lloyd Candel. Mr. Eppley's parents are Mr. and Mrs. Willard Eppley.

The marriage service will be read during a closed church ceremony in the First Presbyterian Church. The time for the nuptials has been set for 2:30 p.m. when Dr. George A. Johnson, pastor of the church, will officiate.

—:—

Wilbur Fish of Columbus furnished entertainment when 153 members of the local Scottish Rite Club and their lady guests met Saturday night in the North Robinson School for the annual ladies' party. The Melody Men, a quartet composed of Edgar Price, Robert Caldwell, John Spreng and William Haller, sang several numbers. Edwin Norton played the piano accompaniment. Dinner music was provided by Nancy Gary and Mary Alice Johnson.

—:—

The Arion Foundation Award was presented Friday night to Robert Caldwell, son of Mr. and Mrs. R. E. Caldwell, during the annual winter band concert at Bucyrus High School. The high honor is bestowed each year upon one outstanding senior member of the Bucyrus High School band by the Band Parents' Association.

—:—

Word has been received here concerning a high honor which has been bestowed upon a former Bucyrian, Edwin Seeger. He was recently honored as the Milwaukee engineer of the year.

Seeger, who was graduated in 1908 from Bucyrus High School, is the vice president in charge of development at Cutler - Hammer Inc., and received his citation at a dinner sponsored by the Engineer's Society of Milwaukee. The former Bucyrian, who worked his way through Ohio State University by his skill as a barber, is married to the former Florence Sherer, also of Bucyrus.

Sycamore

The Little Theatre Society had as its guests a large number of the community on Tuesday night when a three-act drama, "Ladies in Distress," was presented. The production was directed by Mrs. Ardyth Roberson and Mrs. Mabel Hosterman.

The cast included Carol Beard, Delphia Miller, Blanche Shane, Jackie Pope, Wanda Beis, Isobel Beitler, Kay Robinson, Jeanne Curlis, Peggy Aller and Marie Sweigard. Assisting off-stage were Pauline Eadley, Pauline Walton, Doris Gregg, Evelyn Weaver, Alma Ankney, Phyllis Simonis and Lura Riedel. Betty Bacon welcomed the group and introduced the characters.

On Monday night the cast entertained their husbands with the dress rehearsal and refreshments later.

—:—

The FFA had charge of the program at PTA meeting Monday night with Richard Shellhorn the chairman. Kenneth Risley, who won the district extemporaneous speaking contest with his talk on safety, was the speaker and films on safety were shown by the boys. Rev. C. C. Nichols led the devotions. The nominating committee for next year is Laura Adams, Helen Davis and Aurian Grandstaff.

—:—

Sycamore's contribution to the Red Cross drive to date is $353.85 according to the chairman, Mrs. Pauline Fadley. The village solicitors include Mrs. Simon Moler, Mary Jane Cole, Grace Wenner, Nola Dunlap, Blanche Shane, Virginia Everhart, Donna Minter, Jean Martin, Phyllis Simonis, Hilda Hale, Mabel Hosterman, Maxine Wolford, Berneice Shell, Modest Hufford, Della Breyley, Edna Hosterman, Blanche Hosterman and Mrs. Falley.

—:—

Randy Mawer a seventh grade student, received a rating of one with his bass horn solo played at the district music clinic held in Tiffin Saturday. The sesssion held at the Columbus High School and the College Hill Grade School was attended by 900 students from more than 40 schools. A rating of one is the highest given. Randy received the same rating at both the district and state clinics last year.

Others from Sycamore included in the ratings were Edson Smith, two, on the cornet; Donald Riedel, three, trumpet; Rosalie Secoy, two, saxophone and Philip Honsberger, two, clarinet. Walter Dommer is the music instructor in Sycamore School.

Miss Eunice Stalter, Mrs. Gladys Weininger, Mrs. Aurian Grandstaff, Mrs. Grace Wenner, Miss Swihart and Mrs. Swihart, all members of the Sycamore elementary faculty attended the reading conference at Heidelberg College in Tiffin on Saturday.

Iberia

The Willing Workers Class of the Iberia Methodist Church met at the home of Doris Marshall Thursday night for the monthly meeting. The hostess had charge of the devotional period which was opened with prayer by Mrs. C. C. Whetstone, followed by the Scripture reading by Mrs. Raymond Mauck. Florence Tuttle gave a talk on the life of St. John During the business session, the class decided to paint the walls of the church auditorium as a project. Several contests were enjoyed after the business meeting and a lunch was served by the hostess and her mother. The April meeting will be with Mr. and Mrs. Forest Reed.

—:—

The Iberia Farmer's Association held its 10th meeting this week at the school farm shop to observe family night, according to vo-ag instructor, Marion Hall. Feature of the evening was a safety film showing how a typical farm family can prevent accidents. A special cartoon was shown for the youth group. Refreshments were served.

—:—

Friday, was a big day on the Iberia Future Homemaker's of America calendar. Members of the home economics department visited Cleveland. Tours of rooms at the Higbee Co. showing the latest home decorations and furnishings with proper table settings were conducted.

FHA members ate their evening meal Friday at Mill's Cafeteria in Columbus where they had a supervised tour of the kitchen, salad and dessert rooms. Return trip was made on a special car reserved on the New York Central Railroad to Galion.

Officers assisting Mrs. Baker in planning the trip were: Clarinda Brown, Barbara Baldwin, Berta Mae Smith, Alfreda Roston, Sharon Smith, Sue Mattix, Jane Nichols, Jean Baker, Elinor Keefer, and Ann Zellers. Club mothers who work with the girls in the school program include Mrs. Robert Brown, Mrs. Chester Campoell, Mrs. Aaron Smith, Mrs. Leroy Miller, Mrs. Alfred Roston, Mrs. Frank Matlack, Mrs. John Cramer.

Richwood

Mr. and Mrs. Robert Mather entertained the Farm Bureau Council No. 14 at their home Friday night. An open discussion was led by Mr. Mather on the, "Threat of Communism In This Country."

—.—

About 150 members of the Lions Club and their wives and guests attended the club's annual ladies' dinner party at the high school auditorium. Plans were made to entertain April 1 the athletic teams and all the boys who have participated in sports this year at Richwood High School.

On April 9, Richwood night, will be observed at the Ice Follies Revue in Marion at the Coliseum. Tickets are being sold by the Lions Club members. The president, Mr. Don Parrott, who was celebrating his birthday anniversary, was presented a gift during the entertainment hour. Mrs. Ballard, wife of the secretary Gene Ballard, was also presented a gift of roses in honor of her birthday anniversary. Dinner was served by the senior class of the school. A 50-50 dance to the music of Cooper's orchestra was enjoyed.

—:—

The Carpe Diem Club met Friday afternoon at the home of Mrs. C. H. Williamson. Mrs. Leonard Mann, chairman of the nominating committee named the following as nominees for the election of officers for the coming year: president, Mrs. Paul Speyer; vice president, Mrs. Charles Gill, corresponding secretary, Mrs. Lloyd Matteson, recording secretary, Mrs. Russell Case; assistant recording secretary, Mrs. C. W. Holcomb, treasurer, Mrs. R. J. Langstaff. The above officers were all elected by the club.

A panel discussion was held with the panel comprised of Mrs. Robert Allen, Mrs. Lloyd Matteson, Mrs. S. R. Sanders, Mrs. L. W. Davis and Mrs. William Morrison on the question, "Is Modern Mechanization Destroying Our Family Life." A musical contest was conducted by Mrs. Holcomb, who was assisted by Mrs. Charles Gill, accordionist, and won by Mrs. Robert Allen. The next meeting will be at the home of Mrs. A. O. Grooms.

Ashley

Gloria and Dianne Powers daughters of Mr. and Mrs. S. C. Powers of southeast of Ashley, are among students at Ohio Wesleyan University, who are leaving March 26, by chartered bus on the annual spring concert tour. They will present programs at churches, schools and other civic organizations in four states. Gloria is a senior and Dianne, a sophomore.

—.—

Mr. and Mrs. William Thurstan entertained with a birthday party Sunday afternoon at their home near Radnor. Guests included her parents, Mr. and Mrs. Stanley Russell and family of Mansfield, his parents, Mr. and Mrs. Claude Thurston, Daniel, David, Betty, Richard and Gertrude Thurston, Mr. and Mrs. Robert Tipton, all of Ashley, Miss Inez Wood of Mansfield. Birthdays of Mrs. Claud Thurston and of Mr. Tipton were observed.

Edison

Miss Evelyn Lucille Bowman, daughter of Mr. and Mrs. T. R. Bowman of Cardington and Harold Detwiler, son of Mr. and Mrs. Burr Detwiler of Edison were united in marriage Saturday at 8 p.m. in Richmond, Ind.

The bride wore a torquoise blue dress with red accessories for her wedding. The couple was unattended.

Mrs. Detwiler was graduated from Cardington High School in 1953 and is employed at the Hydraulic Press Manufacturing Co. Mr. Detwiler, a graduate from Edison High School in 1953, is attending barber school in Toledo.

—.—

The joint group of the WSCS enjoyed a potluck luncheon on Wednesday with 35 present. Prayer was by Mrs. Jennie Adams. The program was by the Denmark society. Meditations of Jessie Burriel Eubank were by Mrs. Sayers.

—.—

The Profit and Pleasure Club met Thursday with Mrs. O. W. Wiseman, east of Denmark. Members answered to roll call with a "Bit of Wit." Plans for Guest Day were discussed and it was decided to have a luncheon at the Tiffin and Toffee House at Mansfield followed by a tour of Kingwood Center.

Mrs. E. T. Snyder reviewed "The Greatest Faith Ever Known" by Fulton Oursler. The next meeting will be with Mrs. Scott Hetrick at Mount Gilead.

—.—

The Bryn Zion Missionary Circle held an all-day meeting Thursday with Mrs. Retha Burson. Mrs. Ralph Burson, Mrs. Lowell Stahl and Mrs. Fanny Walker were assistant hostesses.

Nevada

The Pythian Sisters held their regular meeting Tuesday night. Plans were made for inspection, April 20. Invitations were read from Juno Temple at Findlay for March 30 and from Mount Temple, April 12. Contributions were made to the Red Cross and the Boy Scouts. Refreshments were served by the committee, Mrs. Mary Creger, Mrs. Lillian Speicle, Mrs. Dora Mahley, Mrs. Nettie Knenrill and Miss Blanch Balliet.

NEWSPAPERARCHIVE®

Area People Tour U.N. Headquarters

Two Marion County people and several others from this area were among 110 Ohio persons who visited the United Nations building in New York Monday as part of a week-end tour to New York and Washington, D.C.

Attending from Marion and area were Mr. and Mrs. Daily Hite of north of Marion, Mr. and Mrs. Amos Hite of Wyandot County, H. E. Robison and Park Stuckman of Crawford County, and Mr. and Mrs. Harvey Snyder of Morrow County.

The entire group was made up of Farm Bureau people and the tour was conducted by Peoples Travel Service in Columbus.

They left Columbus Saturday night, spent Sunday and Monday in New York and Tuesday were taken on a sight seeing tour in Washington. They returned home Wednesday morning.

At the United Nations building, the Farm Bureau people participated in a discussion group led by Ambassador Wadsworth, U. S. deputy of agriculture, and the ambassador from Mexico to the Food and Agriculture Organization, Miss Bonyost.

WCTU MEETING SET

Annual spring institute of the Marion County WCTU will be held Friday at the Oakland Evangelical United Brethren Church. The morning session will begin at 10:30 a.m. and a potluck dinner will be served at noon. A special program has been planned for the day and all missionary women of the county are invited to attend. Mrs. Bessie Thornberry, county president, will preside.

These fair, warm days when what we really need is rain are like strawberry shortcake when you're on a diet—you know it's not good for you, but it's so darn nice.

"People like to deal with people they like."

REX MORGAN, M.D. By Dal Curtis

THIS PATIENT IS THIRTY-FOUR YEARS OF AGE, A GRADUATE ENGINEER, WHO WAS IN EXCELLENT HEALTH UNTIL ABOUT FIVE YEARS AGO.
WOULD YOU TELL US THE FIRST THING YOU NOTICED THAT MADE YOU GO TO A DOCTOR, JIM?
I BURNED MYSELF WITH A CIGARETTE AND REALIZED THAT I HAD VERY LITTLE SENSATION OF PAIN OR HEAT IN THESE TWO FINGERS.
IT'S COMPLETELY HEALED NOW. YOU CAN BARELY SEE A LITTLE SCAR.

Sweet With Bitter

The "bitterness" in grapefruit may be turned into a yellow dye for fine wools, a medicine, and possibly flavoring for candies.

The bitterness is due to a substance called naringin, according to University of Florida chemists, which is closely related to the nearly tasteless yellow dye in oranges, hesperidin, which is an important constituent of vitamin P, lately expounded as a protective substance against near-lethal radiation

Several million pounds of this naringin are contained every year in the Florida grapefruit crop Very little, however, enters into the juice which a large part of the crop is processed

The only other fruit in which it occurs is the shadduck, or summer, almost identical with the grapefruit in appearance but quite different in taste The bitter substance was first isolated from the flowers of shadduck trees natives of the highlands of Java The shadduck is not raised for commercial purposes in the United States, but its genetic characters are such that it is valuable in the breeding of citrus crops.

They have succeeded, report Drs J W. Kesterson and R Hendericksen of the Florida Agricultural Experiment Station, in using naringin to create yellow-red dyes that can be used for both wool and silk and which are water-soluble and very pleasing to the eye

Some progress has been made in creating a wood stain which has exceptional resistance to fading in strong sunlight

Some experiments have indicated, the Florida chemists say, that the bitter principle of grapefruit is physiologically more active than hesperidin from oranges in a vitamin P mixture A special advantage is that it is so easily soluble

Business, Industry Optimistic

Slump in North Carolina Fails To Cause Concern

By SAM DAWSON

CHARLOTTE, N. C. (AP)—Sales, jobs, production and profits are off today in the southeast—but, so far at least, the slide has been less than for the nation as a whole.

And most folk hereabouts have been living so high on the hog in recent years as the region's swift industrial expansion continued that they are almost cocky in their confidence that the present slight lull is a temporary one.

A few businessmen, however, are concerned because the usual spring pickup, although now slightly in evidence, isn't very perky as yet.

There are about six per cent fewer textile jobs in the area today than a year ago. Work weeks in many of the mills are considerably shorter. But a slight seasonal pick-up in orders of late encourages the mills to hope that the industry's slide, starting last summer, may be ending. So far it's mostly a hope, with some mills reporting the gain still not as big as it usually is at this time of year.

A leading Charlotte banker estimates industrial production of all sorts in the Carolinas is off about 5 per cent from the peak — contrasted to the Federal Reserve Board's estimate of a 10 per cent drop for the entire nation.

Retail trade here may be off as much as four per cent, the banker says. But he thinks industrial profit margins will continue to shrink for a while, meaning hard times ahead for some marginal producers.

In areas hit by last summer's severe drought the retail drop is more than for the region as a whole, with tobacco growing sections particularly hard hit.

The head of a retail chain of variety stores says you could draw a map of last year's drought areas just by using the sales reports of his scores scattered through regions that were hit and those that were not.

Building is holding up well, construction executives say. Commercial building and schools are giving the construction industry its chief jobs, as communities expand services to catch up with the big population growth that industrial expansion and rising standards of living have brought to the region since World War II.

Home building continues, but at a slower pace than last year. The price of older homes has turned noticeably downward, now that housing shortages are largely history. And a few fear that some places may be approaching a temporarily over-built condition.

Bankers are still lending on mortgages—having plenty of money to invest—but are casting a sharper eye on the borrower's souce of steady income.

Washington Monument Guards Get Set for Annual Tourist Rush

WASHINGTON (AP)— This is the time of year a young man's fancy turns to—climbin up 898 steps.

And some young ladies too, said Charles L. Herman, nodding toward a seemingly endless iron staircase which curled upward around an elevator shaft.

Herman is custodian of the Washington Monument, including all its 898 steps, and he keeps an eye on hundreds of thousands of visitors each year.

The towering, white marble shaft, 555 feet high, drew a record 1,022,269 people in 1953. Attendance is running lower this year.

Herman said he believed this was partly because economic troubles were keeping more people at home, partly because of some bad tempered weather. He guessed an upswing would begin soon with spring visits from school groups.

As for the young folks, he knew for a fact many scaled the shaft under their own power. Not only had he spotted them clambering up, but he found written evidence in his once or twice weekly inspections of the inside walls for "John loves Mary" type inscriptions, with heart and arrow and so forth.

"I don't mind the pencil marks so much," he confided. "The lipstick is the worst thing to get off."

Herman had statistics too: the record single day for visitors, May 9, 1953, when a youth safety group was in town, saw 8,460 mounting the stairs out of a total 13,027. Throughout 1953, 817,905 visitors used the elevator, 204,364 walked. The grand total since the monument first opened to the public was 22,880,000 by elevator, 4,741,000 afoot.

Copies of Marion City Code Placed in Schools

Marion high school students and adults who have questions as to whether this or that law is on the city books may now find the answers for themselves.

Mayor Harold F. Robinson announced today that copies of the city code have been placed in school libraries at Marion Harding High School and St. Mary Parochial School and in the Marion Public Library.

The code is the first book of its kind in Marion and the laws in it were enacted as a whole by City Council on June 8, 1953. The laws contained in it became effective on July 27, 1953. Only those laws of a permanent nature are included and the code will be kept up to date by the periodic publication of a pocket supplement.

FOUND GUILTY

CLEVELAND (AP)—Nicholas Ziaket, a Republican booth official, was found guilty Tuesday of marking ballots at the 1952 primary election. Judge Earl R. Hoover, who announced the verdict, delayed sentencing until he receives probation department reports. Ziaket's was the 14th conviction growing out of charges filed after the election. Four were acquitted and three others are awaiting trial.

The shock from an electric eel can fell a horse.

New Product Manufactured By Local Firm

A new bumper-to-bumper towbar has been announced by the Marion Manufacturing Co, manufacturers for over 30 years of all types of auto towing equipment under the trade name "White Mule" The new towbar is called the "White Mule" Tow-All

Featuring a "fifth wheel" action that improves the automatic steering operation, the new assembly is designed for use on all makes of automobiles The unique method by which the towing and towed elements are attached to the respective autos make it possible to use this towbar on any make or model, regardless of the placement of bumper guards or other fixtures on the bumpers, the company announced

The towing and towed elements of this towbar are coupled by a kingpin A simple arrangement of cables which attach to the steering rods of the towed auto steer with a preciseness never before achieved in a towbar All dragging" of the towed car is eliminated with no dependence on the front wheel castor to help in steering

Installation is made easier, since the towed and towing elements of the unit are attached separately to the two autos After the bumper attachments are in place, and the steering cables are connected to the auto to be towed the kingpin is placed and the steering cables adjusted

Tuesday's Rotary Club program at which three executives of The Marion Star held a panel discussion on the newspaper business was arranged by Ralph Howard chairman of the club's vocational service committee, who introduced the speakers.

It is hoped that in case of enemy attack Americans would spring into instant action as soon as they quit wondering what the air raid was supposed to be advertising

Ironton Editor Charges Clerk With Contempt

IRONTON, Ohio (AP) — Clarence Pennington city editor of the Ironton Tribune, yesterday filed a contempt of court charge against South Point School Board Clerk Rex Miller

Pennington charged Miller refused to let him see school board records The newspaperman previously had secured a court order and last Friday got a look at minutes of a South Point board meeting.

But Pennington said when he asked Miller yesterday to let him see the records again Miller referred him to his attorney, J Earl Pratt, who refused permission A hearing on the citation was set for Saturday

Miller, who has filed a $10,000 suit against the Tribune Publishing Co yesterday filed a court action seeking to set aside the order allowing Pennington to examine his records He said in his request the petition on which the order was based does not state facts justifying such an order

Miller's damage suit against the Tribune says his credit and character were damaged by a Tribune story on the writ secured by Pennington to examine minutes of a meeting in which board members decided not to rehire two South Point teachers

U.S. Confident of Eventual Outcome

Victory for French Seen in Indochina

By JAMES MARLOW

WASHINGTON (AP) — American officials, from the President down, express confidence the French eventually will whip the Vietminh the Communist led rebels in their seven-year-old war in Indochina

The rebels are being supplied by the Russians and by the Red Chinese just across the border This country has pumped in supplies to the French Neither China nor the United States has taken a direct hand in the fighting

But American confidence in the outcome will prove misplaced if the Vietminh smash the French or the Red Chinese decide to step over the border and get into the fighting

In either case the United States would have to make a fateful decision about getting directly into the war itself since the loss of Indochina to the Communists would probably be followed by the loss of the rest of Southeast Asia

Step by step this country is getting a little more involved If the Chinese Communists see the Vietminh going down they may come to the rescue as they did in North Korea

Any direct American participation might at first be limited to air and sea action with no American ground troops sent in It's anyone's guess what would happen after that

The United States has sent B-26 bombers into Indochina for the French plus transport planes, plus 250 Air Force technicians to service the planes which the French would fly in battle.

Some American civilian pilots—employed by Civil Air Transport a privately owned line with headquarters in Hong Kong—are flying the transports on supply missions Yesterday French pilots flew the transports on bombing raids

Now the French want more bombers And if these get them they say, they'll need more Air Force men to service them Admiral Arthur W Radford chairman of the Joint Chiefs of Staff, had said not long ago the 250 air technicians sent in already would be withdrawn by June

On March 12 the Defense Department appointed Lt Gen John W O'Daniel now Army commander in the Pacific, to head the Military Assistance Advisory Group in Indochina

Two days ago Secretary of Defense Wilson told a news conference the Indochinese troops fighting beside the French need effective and aggressive training if the war is to be won

Various U S steps to help the French have caused concern in Congress that the United States might get so deeply involved in the war that outright participation might be a necessary next step.

President Eisenhower, at his Feb 10 news conference, tried to get such fears by saying every step this government takes in helping the French to fight the Reds in Indochina is intended to keep this country out of a hot war there.

Just what will this country do if the Red Chinese finally decide to take an active part in the fighting? No one in government has given an answer.

But Dep Sec 2 Secretary of State Dulles made a statement which might be considered a warning to the Chinese Their intervention, he said, could not occur without grave consequences which might not be confined to Indochina.

Firemen Answer Call

Marion firemen answered one call today at the home of Charles Schaber 451 Stevens St

Firemen from the W Center St and E Mark St stations were called to his house at 9:43 a m to put out a burning mattress There was no loss, the department reported

Evacuation First

One realization which has been a long time coming finally has arrived with the news that the H - bomb in its present crude state of development already is about 500 times worse than the primitive A-bomb which ushered in the era of atomic terror at Hiroshima in 1945.

Everybody must admit now, from the administrator of civil defense down to the least of the city dwellers who are the main problem for Civil Defense Administration, that the only defense is complete and speedy evacuation of cities in prime-target areas starting as soon as air-raid warnings are received.

Gone forever is the wishful thought that security can be attained by lying beneath or behind something. An H-bomb blast obliterates everything within its range of 10 miles and upward.

Therefore, the problem becomes how to warn cities in advance of attack and how to evacuate hundreds of thousands of people without pile-ups and panic. There is no ready-made answer. The only answer anyone could hope to find even on a personal basis would be an unobstructed means of exit and escape to a point from 10 to 20 miles away from an H-bomb blast before it occurred.

Thus, the basic problem of civil defense finally has been made clear. It is the evacuation of any area threatened by a blast — the organization of a workable plan to move throngs of frightened people quickly without traffic jams and panic.

From now on, no one will underestimate the gravity of getting ready to deal with the terror which would start with the first sign of atomic warfare against the United States.

Why a Third Structure

In the hurly-burly exchange of hard words over Ohio's axle-distance tax, everything is said except the one thing most worth saying.

Ohio's axle-distance tax was placed outside the two existing tax structures for motor vehicles—the license tax and the gasoline tax—for the specific purpose of collecting revenue from out-of-state truckers.

This "third-structure" arrangement was deliberate, not accidental. There was no other way, as far as the 100th General Assembly was concerned, to make interstate truckers pay for the Ohio highways they must use in order to carry on their vital important industry.

It never was the idea to give special consideration to out-of-state truckers.

The General Assembly's thinking on this point was affected strongly, moreover, by another fact ignored almost as often as the reason for setting up a tax sructure which would be outside reciprocity agreements.

That is Ohio's geographic situation as the state through which east-west truck raffic must pass. This causes exceptionally heavy use of Ohio roads by out-of-state vehicles. Yet, Ohioans admit their roads are below standard; they want to improve them and justifiably feel they are entitled to the help of the interstate trucking industry.

It may be that the General Assembly erred when it adopted the axle-distance tax on trucks. This trucking industry's opposition may be too much to surmount. If so, someone else must devise a better way of doing the same thing; i.e., to collect revenue from out-of-state truckers who should expect to help pay for the facilities which make it possible for them to carry on their business in Ohio.

Someone Else's War

There has been far more impact from a statistic mentioned a few days ago in the French National Assembly than there was when the same statistic appeared in roune reports published in Washington.

The United States, according to a statement made before the French Assembly, will pay 78 per cent of the cost of the Indochinese war this year. That is the rate at which it is paying for the Indochinese war right now.

Edouard Frederic DuPont, reporting for the French Union Committee, told the Assembly the United States would pay about $1,421,000,000 to support the anti-Communist action in southeastern Asia, while France itself would pay about $394,000,000. The bulk of the French expenditure will go for the wages of soldiers. The rest of the cost of the war will go for supplies and ammunition.

This is not France's war in which the United States is taking a hand, in other words, but a war against creeping communism in Asia being supported by the United States with French assistance.

Like the previous Asiatic war to check the spread of communism — the United Nations action in Korea — the bulk of the cost is falling on the United States. Unlike that war, the bulk of the non-Asian manpower is being supplied by France.

In both Korea and Indochina, of course, the bulk of the total manpower involved is Asiatic. The South Koreans who fought on the Korean peninsula have their counterpart in the native troops who are holding off the Vietnam forces in their peninsula.

Diversionary Tactic

By David Lawrence

Exaggeration of Schine Case Blocks Red Probe

The Republican leadership in the Senate has allowed itself to be boxed in by the Democrats and the whole Cohn-Schine-Adams affair—which, in the end, will be found to be "much ado about nothing"—is having the effect of stopping investigations into the infiltration of Communist sympathizers into the various government departments under the Democratic administration.

When all the testimony has been taken and all the cross-examination has been concluded in the Cohn-Schine-Adams controversy, it will be found that no crime was committed by anybody.

As for the issue of veracity between the two sides, it will prove to be the usual misinterpretations which sometimes occur when somebody tries to put on paper his recollection of conversations that took place over a period of many months before.

On its face, the so-called Army report has an ambiguous aspect which indicates clearly that much has been omitted concerning the regular business between the McCarthy committee and the Pentagon.

An effort apparently has been made to give the impression in compiling the report that all that was talked about at various conferences was the giving to Pvt. Schine of a different assignment or some weekend passes.

-:-

AS FOR THOSE who compiled the so-called Army report, their words sometimes give an impression which perhaps doesn't always take into account the facetious vein in which some of the conversations were doubtless carried on.

Although those who are trying to discredit Sen. McCarthy are emphasizing that there is an issue of truth-telling involving the Wisconsin senator himself, it will be noted that many of the memoranda issued by McCarthy in reply to the Army's report were written by Francis Carr, who was for eleven years with the FBI and occupied a position of responsibility.

-:-

CARR IS TRAINED in such things as truth-telling and court testimony under oath, and it was not McCarthy but Carr who wrote on December 9, 1953:

"Again today John Adams (legal counsel for the secretary of the Army) came down here after the hearings and, using clever phrases, tried to find out, 'What's there in it for us' if he and Stevens did something for Schine. He refers to Schine as our hostage or the hostage whenever his name comes up. I made it clear that, as far as I was concerned, I don't personally care what treatment they gave Schine, and that, as far as I was concerned, he was in the Army. I did say I thought it wasn't fair of them to take it out on Schine because we were investigating the Army, or to keep using it to try to stop our investigations. I told him the only contact we were authorized to have with him about Schine was on investigations committee business.

"My telling him this does no real good, as he constantly lumps together all his talk about Schine with suggestions that we stop holding hearings on the Army. I am convinced that they will keep right on trying to blackmail us as long as Schine is in the Army."

The foregoing will be sworn to by Carr. But it is also possible that his interpretation of the motive back of the conversations about Schine is as faulty as are some of the interpretive statements in the Army's report.

-:-

THUS, ON DECEMBER 12, 1953, in the Army's document an emphasis is given to some things that really may have occupied much less attention at the time or could easily have been forgotten weeks later. The report says:

"At Sen. McCarthy's request, Sec. Stevens and Mr. Adams lunched with Sen. McCarthy and Mr. Francis Carr at the Carroll Arms. According to Mr. Carr, Mr. Cohn was too upset to attend the lunch because of the Pvt. Schine situation and the Army's unwillingness to settle on Pvt. Schine's future assignment, and had departed for New York immediately after the conclusion of the morning hearings."

Now what were the facts? Was this all they talked about at lunch? Cohn was upset, but about what? On that day, Cohn's father had suffered a heart attack and he rushed back to New York. Carr will doubtless have sworn testimony on what he did say to Adams about this.

Another portion of the Army report gives an altogether erroneous impression, for instance, by omitting to give the details of what was actually discussed and leaving the inference that the subject talked about was the very one referred to in previous sections of the report.

The Army's memorandum of February 16, 1954, says:

"Mr. Carr stated that if the Army would be reasonable, probably the committee would be reasonable. Mr. Adams inquired how Mr. Carr thought that the Army should be 'reasonable' and Mr. Carr answered rather facetiously that, if the Army would only do all that had been requested of it, the Army's problems would be at an end."

-:-

ANY PERSON reading that section of the report would assume this was a reference to requests from committee staff members in the past concerning the treatment of Pvt. Schine. Actually the Schine matter had nothing to do with it.

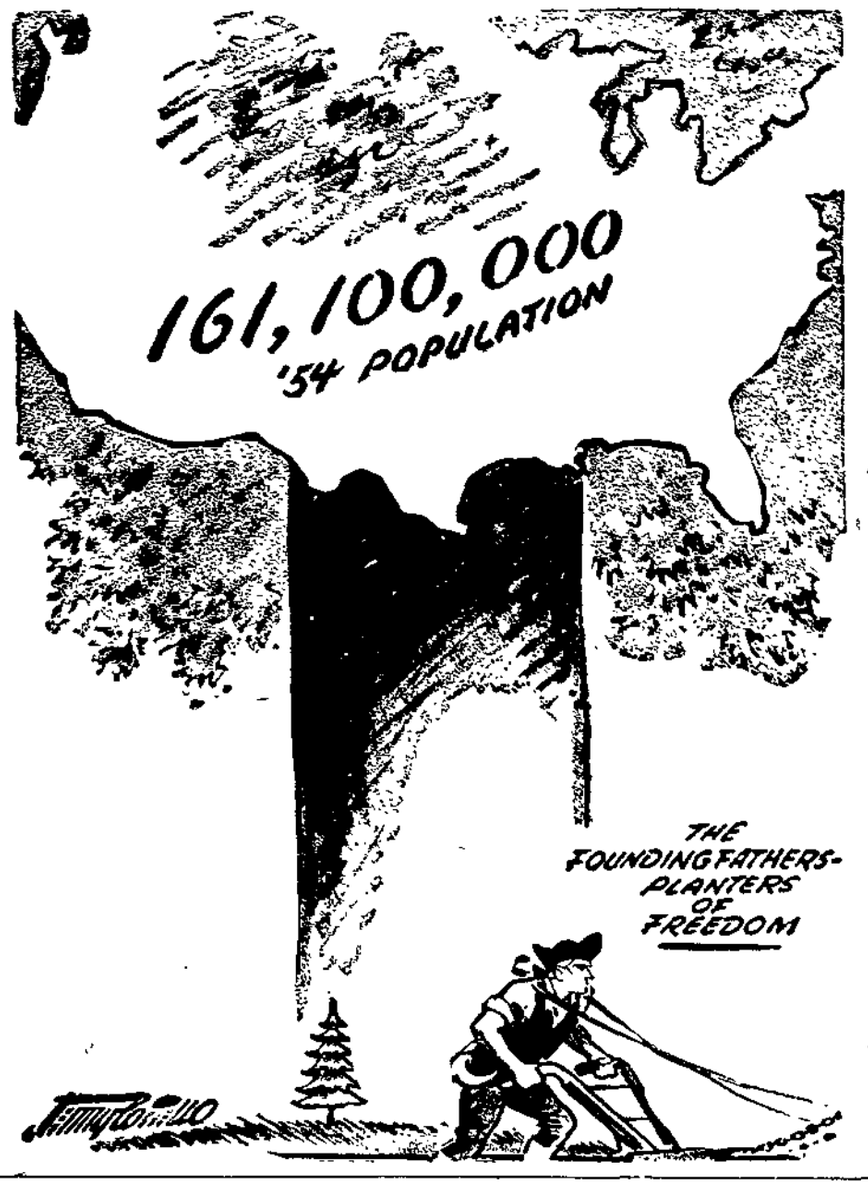
The subject under discussion was how to set up a meeting of the Senate subcommittee at which the Army would produce certain witnesses desired by the committee, and the issue was which side would try to meet the convenience of the other or try to satisfy the requests of the other.

The reference did not concern the Schine situation, but many readers have jumped to the conclusion that here was a bit of bargaining on a matter relating to Schine's assignment or his treatment in the Army.

When all the facts are brought out in sworn testimony, the basis for the conflict will be readily understood and the whole episode will prove to have been given exaggerated importance.

(New York Herald-Tribune Syd.)

Thriving on Freedom



Tin Pact Would Create Costly Cartel

By Raymond Moley

It might be well for Americans to turn their attention from the McCarthy-Army fracas and take a look at something that really affects their lives.

A glance at the life around us would remind us of the importance of tin and rubber in our personal economy. To a large extent we move about on rubber tires. And to a very great degree our food comes to us in tin containers.

Whatever raises the price of tin is a burden on the grocery basket of every housewife.

We depend to a large degree upon foreign producers for that tin. Those foreign producers are very, very anxious to charge us as much as possible for the very large amount of their product which comes to us.

Their desire to keep prices high has found fervent support from our State Department bureaucracy and in the U.N. Hence, there was constructed over a period of many months by representatives of tin-producing and tin-consuming countries an international tin agreement.

-:-

THIS AGREEMENT would set up an International Tin Council, which to all intents, purposes, and results would be an international cartel in which we would be the helpless minority voice among representatives of countries like Bolivia and Indonesia, which mainly are big producers, and Britain, which is, because of Malaya, a producer as well as a domestic consumer.

The cartel created through this agreement would, according to reliable government estimates, cost American consumers approximately 45 million dollars a year. This would be a hidden handout at the expense of the American consumer, who in the final end would be the person who buys the groceries.

After the State Department brought this agreement home from Europe it made vigorous efforts to get it adopted as an administration measure.

THESE EFFORTS suddenly met strong opposition from two sources.

1. The Randall Commission majority report said that such commodity agreements would "if extensively employed, lead to very large outlays of U.S. Government funds, in certain contingencies, of indeterminate amounts."

2. A minority of the Randall body went even beyond this in describing such agreements as "cartel devices contrary to a free economy and likely to develop into forms of state production and trading."

Another attack on the tin agreement came within the administration itself. The Interior Department, supported by the Treasury and Commerce departments, vigorously attacked the plan. The result was a decisive defeat for the State Department, which was compelled to inform the countries with which it had so happily been negotiating for so long that the United States would not sign the agreement.

-:-

DESPITE ITS BELIEF in the agreement, it must have been sure that to submit such a deal to the Senate would raise a storm and probably revive a new drive for a Bricker amendment.

But the State Department could not miss the chance to register its approval of the principle of the agreement by words which indicated that it would watch its operation with interest and which pointed out that the agreement could operate without the participation of the United States. In short, we shall probably be paying the piper anyhow.

It is interesting to note this indirect approval by the State Department of a matter which the New Deal over the years has so vigorously denounced; namely, an international price-fixing cartel.

King of Gadgetdom

By TRUMAN TWILL

cording to those who ought to know, is growing as fast with the do-it-yourself movement.

This is, to our impressionable mind, the most reassuring thing that has happened in a lifetime to hoist the American standard of living—both the gadget - renting business and the do-it-yourself idea.

The first gadget we ever rented was a steamer to remove wallpaper, a device no one could afford to own unless he was going into business. In one day with this implement, two of us removed all the ceiling and sidewall paper from a large living room, with no previous experience and no later regrets.

On another occasion we rented a punchbowl and enough cups for a shindig. There is another outfit no one can afford to own or is likely to have room to store. Yet, for a shindig, there's no substitute.

Everyone who owns a car thinks of a project occasionally he could manage by renting a trailer. There are a few people who need to own these handy appendages, but most of us use them a couple of times a year.

Last spring when it was time to clean the carpeting at our house we rented a rug scrubber. For those who have the ambition and the muscles, lawn rollers also can be rented for springtime use, as well as fertilizer carts.

Floor sanders, concrete mixers, ladders, wheel chairs, coffee urns and various power tools are widely available for renting. One of the fastest - moving items in the rental list in some suburban neighborhoods are garden tractors — those amazing machines which do everything but perspire for the eager gardener.

Possibly the oddest item to turn up on any list of rent-outs is a flock of geese trained to pull the weeds out of strawberry beds. We feel we should point out here, in view of our own experience with geese that they will not spend their time exclusively in strawberry beds unless kept there by fences however. Better rent a fence too.

Books are rental items from away back. Automobiles and trucks also have become standard rental equipment. But not so common are post-hole drillers, extension ladders, welding outfits, yachts, baby cribs, strollers, chain hoists and color TV sets—the latest wrinkle.

Want to entertain and impress your friends with their first gander at a gawk box that puts it out in rainbow hues? Rent one. Rent a set of chairs for the rubes to sit in while they ohhh and ahhh. Rent a butler. Live it up to the hilt.

Rent a silver table service to add to the impression you have hit uranium under the basement floor. Rent a dinner coat, a banquet table and the necessary linen to cover same.

It is not the ownership of almost everything under the sun which adds up to the more abundant life in the U.S.A. but the use of almost everything. Anyone with the desire and the wherewithal can be king of Gadgetdom for a day.

An oxygen tent? A play pen for baby? Enough silverware for 40 people? An adding machine? A typewriter?

Someone, somewhere, will rent them to you as long as you need them and can meet the price.

Daily Bible Thought

Some have doubted the historical facts regarding this legendary character. Some ancient people reckoned by months not years. No one can dispute the final fact, and he died! It is not how long we live but how well. "And all the days of Methusalah were nine hundred and sixty nine years: and he died." —Gen. 5:27.

Australian authorities refer to Melbourne as a "Little Chicago," because of its crime rate, and many another alert American town will be offended at the way the Windy City gets all the publicity.

GRIN AND BEAR IT By George Lichty

"Mrs. Truffle has been a collector of Chinese jade for years, so I'm sure we'll all welcome her ideas on 'Shall Red China be seated in the U. N.? . . ."

It's a Shortcut Era

By MARK DANA

Columbia University reminds quite casually that its School of Engineering now has perfected arrangements with 38 colleges over the country whereby a student may spend two years at a college, two years at its Engineering School, and walk out with a bachelor's degree and engineering degree in five years.

It should be added hastily, to minimize any idea of favoritism, that this is now a fairly common procedure with engineering schools, many law schools, and some theological seminaries. If any medical colleges have reduced their requirements for four full years of undergraduate liberal arts work before taking up medical studies, that information is not immediately at hand, but maybe that will come

Liberal arts colleges themselves do not agree on basic preparation for professional schools and professions themselves. On paper, which means in their usually lyric catalogues, colleges continue to call for general and fundamental education—a little of this, a little of that, and perhaps a wee bit more of the other thing—on the principle that even a specialist teacher or a corporation lawyer should know a little French, botany, trigonometry, ancient history and English literature.

Yet the pace of living in speeding up of late has short cut some educational theories, and the demand for engineers for instance is so great that some liberal arts colleges quite properly are readjusting their sights. As a matter of fact, most engineering college graduates, like journalism school graduates, usually do and should start in lowly elementary assignments, often learning more practical craftsmanship that way than in their cloistered-halls days.

Lizards Tell Old Story

LOS ANGELES (AP) — Fossils of lizards and frogs tell more of prelce age climate than the bones of mastodons and sabre tooth tigers, says a zoologist. Large animals could easily walk away from an advancing glacier, but it might take a lifetime for a small lizard to crawl out of a large valley. Bayard Brattstrom, zoologist at the University of California at Los Angeles, reasoned. Thus bones of small animals unable to get away tell more about the climate of a particular area than those of more mobile beasts.

Studying small fossils from the La Brea tar pits, the zoologist determined that 50,000 years ago the Los Angeles basin was a grassy woodland covered with large oak and walnut trees, with probably less rain than it has now. Ponds and streams existed, however, since bones of turtles, frogs and toads were found in the tar.

It is one of the beautiful compensations of life that no man can sincerely try to help another, without helping himself.—Charles Kingsley

The Once Over

By H. I. Phillips

This Is the Week

This is the week Washington puts on a "Truth or Consequences" program. Or reasonable facsimile thereof. With a new quarterback and backfield, the McCarthy committe begins an inquiry into the troubles of the McCarthy committee. This is something like Dragnet investigating Jack Webb. (Just the facts, ma'am, just the facts!)

-:-

Ringling Brothers have been consulted on whether the boys should work with or without a NET. With each side calling the other side "Liar!" this is an act in which somebody has GOT to FALL. It is another proof we are in a cockeyed age when, in a time of world crisis involving the survival of civilization, America can give priority to a dispute over veracity between a couple of Army men and a 27-year-old boy wonder with a quirical mind.

We wouldn't be surprised to get a bulletin announcing that the Navy had made landings on a House committee and that the Air Force had just bombed David Schine and captured his father's Roney Plaza.

-:-

There are elements of a Martin & Lewis act in a solemn investigation to see whose word in Washington is any good. We have read both sides carefully and can't pick a winner. (What happens in case of a photo-finish?)

Yes, we think it important to fight for truth, but this Washington battle to pick an All-American Baron Munchausen Team isn't a pretty picture. Boiled down the question is: "Do Americans in high places, as elsewhere sometimes get excited under pressure, make cracks and disagree over who said what?"

That question is faced daily by countless men and women in all walks of life. If every group involved put on an investigation it could make the Ananias Club the fastest growing body in the country.

-:-

Always in the minds of millions will linger the thought that there would never have been this Washington Supertruth Hunt but for the McCarthy exposure of the promotion and honorable discharge of a dentist who refused to swear to his loyalty and took refuge behind the Fifth Amendment. (This fellow should find the Washington hearings highly entertaining. If his arm shakes when he laughs, he can have trouble doing a good filling job.) Somehow we have a hunch that all Washington realizes that, no matter which side wins, it will make a despressing scene, and hopes the showdown may never come.

-:-

This could wind up as a deferred operation or as one of the most unpleasant spectacles ever unfolded to the eyes of an already distressed, baffled and confused public. We wish it would all turn out to be a nightmare due to spring fever and could all be cured by a dose of sulphur and molasses.

A New York lawmaker proposes a curfew law for kids . . . This could do a lot of good, but not quite so much as a similar law on adults. . . .

-:-

Note to Robert Montgomery: Leave Ike's TV personality alone; he registers best when he is 100 per cent Eisenhower and in a situation where no Hollywood expert can touch him.

-:-

The Garble Sisters who try to watch both of those TV "Morning Shows" say they think Walter Cronkaway and Dave Garrokite are both good.

(Associated Newspapers)

News of Other Years

TEN YEARS AGO — It was Saturday, March March 25, 1934.

Net profit of $473,851 was listed for 1943 in the annual report of the Marion Steam Shovel Co. distributed to stockholders.

James Clinton Lowry, 69, husband of Mrs. Maude E. Lowry of 456 Avondale Ave., died in a Columbus hospital.

Mrs. Della May Williams, 51, wife of C. C. Williams of E. Church St., died in a Columbus hospital.

Nine Marion County youths from Pleasant, Morral, Meeker and LaRue schools were awarded the state farmer degree at the annual Ohio Future Farmers of Americh convention in Columbus.

A daughter was born to Mr. and Mrs. Roger Powell of 444 Oak St.

—:—

TWENTY YEARS AGO — It was Sunday. The Globe Hotel at Mount Gilead caught fire and loss was estimated at $1,000.

Mrs. Grace Zachman and son, Robert, of Powhattan St. and Mr. and Mrs. G. R. Henney of Windsor St. were guests of E. J. Engler and family at Bellevue, O.

County Treasurer R. G. Smallwood and Mrs. Smallwood of Bellefontaine Ave. entertained friends and relatives at their home to honor Mrs. Smallwood's father, J. M. Guyton of Richwood, on his eightieth birthday anniversary.

Sons were born to Mr. and Mrs. Yuba Baker of Bennett St. and Mr. and Mrs. Paul George of Fountain St. and daughters to Mr. and Mrs. George Long of Erie St. and Mr. and Mrs. T. C. Van Dyke of E. Walnut St.

Rev. J. R. Duffey, son of Mr. and Mrs. Horace Duffey of S. Prospect St., was ordained a minister in Palm Sunday services in First Baptist Church in Galion.

Target Practice

Big businessmen write to the schools to complain that today's children don't learn to spell. If the child grows to be 6-foot-4, weighs 225, runs the 100 in 10 seconds and enrolls at their old alma mater, of course, they quickly agree that spelling, after all, isn't everything.

—:—

Some scientific guessers now put the age of the world at 4½ billion years, but say that for the first 2 billion it was pretty much of a chaotic mess, although we don't see how they think that differs from the second 2½ billion.

Lenten Meditations

This is one in a series of Lenten meditations prepared by the members of the Marion County Ministerial Association for publication in The Star.

Place for the Lord

By REV. CLAUDE V. HINES
Retired Baptist Minister

"Surely I will not come into the tabernacle of my house, nor go up into my bed; I will not give sleep to mine eyes, or slumber to mine eyelids, Until I find out a place for the Lord, an habitation for the mighty God of Jacob."—Psalm 132:3,4,5.

David had a great desire in his heart for the wellbeing of God, that He should have a permanent house in which to dwell. He had told Nathan, the Prophet, that he could not rest easy in his own house of cedar until God had a house. Starting with Genesis God had always expressed His desire to dwell with His people, hence the Tabernacle, but this was temporary and David wanted God to have the best, hence his desire expressed in the text. God would not allow David to build Him the house because of his bloody hands for he was a man of war. So Solomon, his son, built the Temple at Jerusalem.

God, the Father, came to dwell in a tent, the Tabernacle.

God, the Son, had a body prepared for Him but no residence on earth.

God, the Holy Spirit, the third person in the Trinity, lives today in the hearts of those who believe in Jesus Christ.

This Lenten season should cause us to be concerned about the place we put God in our lives.

Navajos Protest Sale of Jap-Made 'Indian' Handcraft

WINDOW ROCK, Ariz. (AP)—If the Indians got mad when the white man took their land, they're boiling now.

The Japanese are blamed this time—for making "genuine" Navajo handiwork and selling it at one fifth the Indians' price. And right here on the reservation, no less.

The activity was brought to light by Ned Hatathli, manager of the Navajo Arts and Crafts Guild, in a formal protest to Washington.

Hatathli said the local tourist market is being flooded by beaded Indian belts, Kachina dolls and bows and arrows, all made in Japan.

"It may only be a matter of time before Navajo rugs made in Japan are sold here," said Hatathli.

AWOL GI Joins His Brother in Jail

PUEBLO, Colo. (AP)—Gilbert Garbiso of Camp Carson, Colo., serving a 90-day jail term on a traffic charge, had company yesterday—considerably more than either he or the company bargained for.

Garbiso's father Joe and brother Bernie appeared at Sheriff John Krutka's office and asked for a pass to visit the soldier. The pass was issued and then Krutka began thumbing through his files.

When father and son arrived at the jail, Bernie was particularly welcomed. He readily admitted he was Arthur Bernabe Garbiso—AWOL from Offutt Air Force Base, Omaha, Neb. He joined his brother behind bars to await military authorities.

Nash-Hudson Merger Completed in Detroit

DETROIT (AP) — Consolidation of Nash-Kelvinator Corp. and Hudson Motor Car Co. was completed today.

Shareholders of Nash-Kelvinator and Hudson met in Baltimore and Detroit and voted approval of the merger that creates American Motors Corp.

The merger sets up a corporation with assets in excess of 350 million dollars. It calls for the operation of Nash, Hudson and Kelvinator as separate divisions of American Motors.

A man can jump about 4 times his body length, a kangaroo about 5 times, a frog 12 times and a flea 200 times.

Commander Says VFW Asked U.S. To Deport Haymes

MANCHESTER, N. H. (AP)—Wayne E. Richards, national commander of the Veterans of Foreign Wars, said last night his organization had something to do with trying to get crooner Dick Haymes deported.

He told a banquet meeting that the VFW had asked U.S. Atty. Gen. Herbert Brownell to deport Haymes, and added:

"I read in some of the papers that Dick and his wife, Rita Hayworth, are charging 'pressure' in government for their departure. They don't identify the influence. I'll gladly take part of the influence."

He said also: "I say if any man like Haymes makes a lot of dough in this country and is afraid, or refuses to serve his country in time of need, he can go back to Argentina and take Rita with him."

Neither Haymes nor his attorney could be reached for comment.

TEACHER SHORTAGE SEEN

COLUMBUS, Ohio (AP) — About one-fourth of the state's nearly 50,000 teachers probably will retire in the next 10 years, creating an unprecedented demand for new teachers, says the Ohio Education Assn. T. G. O'Keefe, OEA research director, reports city school systems — particularly the high schools—will be hardest hit by impending retirements.

Germanium, new rare metal used in radio and hearing aids, costs about $350 a pound.

The Social -:- Notebook

THE SIXTEENTH ANNIVERSARY of the organization of the Clionian Club was observed with a guest party Tuesday evening in the Women's Club Home. The guests were welcomed by Mrs. Harley Lewis, president, and greetings were extended by Mrs. J. Edwin Probst, president, and Mrs. Henry A. Mickley, president-elect of the Marion County Federation of Women's Clubs.

For the musical part of the program Mrs. Edwin Porter, a member of the club, played two piano numbers, "Four Impromptus," opus 90 by Franz Schubert, and "Dizzy Fingers," Confry.

Mrs. Richard Zachman was the guest speaker. Costumed in colorful Japanese apparel, she gave an interesting picture of the customs, home life, education and child training in Japan. She also discussed foods, religion and symbolisms native to that country. Following her talk she displayed pieces of china and dolls from Japan. Mrs. Clarence Briggs presided for the program.

For the social hour the guests were served from a table centered with an arrangement of spring flowers. Presiding were Mrs. Lewis and Mrs. Briggs.

Guests were Mrs. Probst, Mrs. Mickley, Mrs. Walter Moenter, Mrs. Ralph Riddlebarger Jr., Mrs. Ben T. Wiant, Mrs. Smith Witter, Mrs. Joseph Jenkins, Mrs. William P. Smith, Mrs. Earl Klingel, Mrs. Joseph Whisler, Mrs. Francis Voll, Mrs. J. B. Corbin, Mrs. Ralph Hedges, Mrs. W. R. Reichenstein, Mrs. R. C. Alexander, Mrs. D. N. Bobyer, Mrs. C. L. Baxter, Mrs. Judson Kerr, Mrs. Frank R. Spencer, Mrs. Robert Byrd, Mrs. Wallace E. Smith, Mrs. Richard Minshall, Mrs. G. B. Hewetson and Mrs. Harold R. Seiter.

Serving as a social committee were Mrs. Arthur Smith, chairman, Mrs. B. H. Buettin and Mrs. Harry Smith.

—:—

THE WOMEN'S CLUB HOME was the setting for the annual birthday party held by the Three Arts Club Tuesday afternoon. Hostesses were Mrs. Mary Fisher and Mrs. Harry Evans. The members were invited for dessert served from a table decorated with red candles. A birthday box on a revolving plate played a "happy birthday" melody during the serving.

Mrs. Fred Issler, president reported on a meeting of the federation board and during the business session Mrs. A. H. Koons, president-elect, and Mrs. Walter Bonsel were named delegates and Mrs. Clifford Bartlett and Mrs. Dale Lawrence alternates to the state convention to be held in Columbus in April. Mrs. Paul Knauss gave a report on Legislation Day held at Columbus earlier this month.

Mrs. George Wilson, Mrs. Clarence Weber and Mrs. Koons reported on progress of plans for the annual community fine arts day April 20. Exhibits are to be placed between 9:30 and 11:30 a.m. and are to be removed in the evening. Reservations for the banquet are to be in by April 15. The fine arts day is being sponsored this year by the Three Arts Club.

For the program Mrs. Wilson played several piano numbers and there was group singing. Mrs. Ben T. Wiant read two articles, "What is a Boy?" and "What is a Girl?" Mrs. Caroline Schweinfurth of Reading, Pa. was a guest.

The members were presented flower earrings made by Mrs. Koons. The next meeting will be in the evening on April 13.

—:—

Mrs. P. D. Lockwood was hostess for a meeting of the Sesame Club Monday afternoon at her home on King Ave. Meditation on the subject "Martha, the Sister of Mary," was given by Mrs. John Wesley. Members responded to roll call by naming an Ohio bird or wild flower. Plans were discussed for the club's guest day to be held April 5. For the program, papers on the "Zoar Gardens" and "Acres Under Glass" were given by Mrs. B. W. Van Meter and Mrs. W. H. Brown.

—:—

Mrs. Hoover Brown was a guest when the Woman's Century Club met Tuesday evening with Mrs. Ray King on E. Church St. Twenty-five members were present. Mrs. Edgar Barnhart, president, presided for the meeting and gave a report of the federation meeting held March 16. Mrs. J. C. Turner reported on the endowment committee of the federation.

Guest speaker for the program was Miss Margaret Huffman who gave a talk on "New Trends in Religion." She was introduced by Mrs. J. F. Smythe, program chairman. A social hour followed.

—:—

Irish names were given as roll call when the DAH Club met recently at the home of Mrs. Delores Scott on Oak Knoll Rd. A potluck dinner was served at noon, and table decorations were in keeping with St. Patrick's Day. Devotions were by Mrs. Scott. Plans were made to visit the Ruth Lyons 50-50 Club television show. Mystery award was won by Mrs. Eleanor Schmidt and high honors in contests went to Mrs. Ruth Bruce and Mrs. Mary Rothenhausler. A birthday gift from the group was presented Mrs. Margaret Welty. The next meeting will be at the home of Mrs. O. B. Fadely on Leader St.

—:—

Mr. and Mrs. Hickman Depriest of 752 N. Main St. recently returned home after spending four months in southern California visiting their son-in-law and daughter, Mr. and Mrs. Marion Brown, and their son and daughter-in-law, Mr. and Mrs. Charles Depriest, and daughter, Carol, all of Bloomington, Calif. They also visited in Palm Springs, the Date Festival at India, Calif., and various places of interest in Mexico and other California cities, and attended religious services conducted by Dr. Charles Fuller at Long Beach.

—:—

Mrs. Billie Johnston and Mrs. Don Jerew were hostesses for a meeting of Beta Gamma Chapter, Lambda Chi Omega Sorority Tuesday evening in the home service center of the Ohio Fuel Gas Co. In euchre the awards were won by Mrs. Quayle Giles and Miss Jean Drake, and a prize for high score in hearts was won by Mrs. Ronald Lust. Special awards were won by Mrs. Henry Schuler Jr., Mrs. Ernest Sieder and Mrs. Carlton Cook. For refreshments the table was decorated with yellow snapdragons and yellow candles. Mrs. William Grimes and Mrs. William Hoffman will be hostesses for a meeting April 13 at the home service center.

—:—

A family dinner at the home of Mr. and Mrs. Closs Musgrave of 637 Miami St. Sunday was in honor of the wedding anniversaries of their daughters and sons-in-law Mr. and Mrs. Mac Chappel of Worthington and Mr. and Mrs. John Criswell of Prospect. The occasion also celebrated the birthday anniversary of Mrs. Criswell. An anniversary cake was decorated in blue rosebuds and the birthday cake was in yellow and pink. The celebrants received a number of remembrances. Present with the celebrants were Mr. and Mrs. Wallace Musgrave and son Ronnie of Columbus, Phyllis and Eddie Criswell and Sally Gamble.

—:—

Mrs. Frank Judy of Chestnut St. was hostess for a meeting of the Fortnightly Study Club Thursday evening. Taking part in the program were Mrs. John Morgan and Miss Bess Mounts. Presiding for serving refreshments were Mrs. Jane Crissinger, Mrs. Robert McCormick and Mrs. Lucille Pessell.

—:—

Announcement is being made of the engagement and approaching marriage of Miss Betty Searles, daughter of Mrs. Eva Searles of E. Mark St. and Clarence Gruber, son of Mr. and Mrs. Marion Gruber of near Marion. The bride-elect was graduated from the Harpster High School in 1948 and is employed with the Ohio Fuel Gas Co. Her fiance, a graduate of the Waldo High School in the same year, is engaged in farming. The wedding will take place June 20 in the Prospect Street Methodist Church. Miss Searles makes her home at 370 S. Prospect S.

Fern Sharp Gives Talk at Alfrusa Club

Miss Fern Sharp has a yen for being aboard when ships make their maiden voyages and the next best thing to accompanying her is hearing her accounts of far off places, the people she meets and the ships.

Miss Sharp was the guest speaker for the monthly dinner meeting of the Alfrusa Club Tuesday evening in the ballroom at Hotel Harding. Having an inkling of what was in store in the way of a program, many of the members invited guests.

She not only told of the flight to Sweden last November just so she could return to the United States on the Swedish ship, the Kungsholm, but she related interesting highlights of her round trip on the maiden voyage of the SS United States when that ship made its record crossing. Despite her limited time she saw much of interest in Copenhagen and brought back with her many highlights of the journey. Her subject was "Flying Trip to Sweden."

With practically only a last minute notice that she had reservations for the Kungsholm, she flew to Sweden and with the exception of the stewardess was the only woman passenger on the flight. She thinks that Copenhagen is a must on the schedule of visitors abroad and her description and pictures of the Kungsholm made the trip most realistic to her audience. She had with her some of the linens and dishes given her and also purchased on the crossing, and told of some of the dishes listed in the menus.

Miss Sharp, whose home is in Columbus, writes a newspaper column, and has a radio and TV programs. In keeping with her TV signature, which is a hat, she wore a becoming pink cartwheel of straw for her visit to the club. She was accompanied by her secretary, Miss Emily Cone.

Large hats in pastel shades and filled with carnations, snapdragons and greenery decorated the table. Guests included Mrs. A. C. May of Steubenville, Mrs. Florence Jones of Cleveland, of the national staff of Girl Scouts, Mrs. Bess Stark, Mrs. George Turner, Miss Lucile Foreman, Miss Ruby Williams, Miss Ruth Edwards, Miss Marge Williams, Miss Mary Heininger and Miss Becky Coup.

Hostesses were members of the publicity committee, Miss Ruth Kramer, chairman, Miss Ruth Kleinmaier, Miss Mary F. Schuler, Miss Mary M. Luke and Miss Edna Dutton.

Caledonia Girls Capped In Service at Columbus

Two Caledonia girls, Miss Mary Lou Cochran, daughter of Mr. and Mrs. Jack Cochran of Caledonia, and Miss Velma Dale Lyon, daughter of Mr. and Mrs. Jay Lyon of Caledonia were among the 66 student nurses who participated in capping exercises March 19 in the auditorium at Mt. Carmel School of Nursing, Columbus.

Both girls are graduates of Caledonia High School and entered Mt. Carmel last September. Miss Lyon marched with and had her Florence Nightingale candle lighted by second-year student at Mt. Carmel.

Attending the ceremonies were the parents of both girls, Douglas Cochran and Mrs. Cardiff, grandmother of Miss Cochran.

RETURNS FROM VISIT

Mr. and Mrs. Freeman L. Smith of Oak Grove Ave. and Mrs. Charles Blankenship and son, Kenneth of Herman St. have returned from Norfolk, Va. where they visited their children, Freeman L. Smith Jr. of the U.S. Navy, and Mrs. Smith over the weekend.

Miss Lena M. Bloomfield, Doward Runyan Married

The custom of open church was observed for the wedding March 7 of Miss Lena M. Bloomfield, niece of Mr. and Mrs. Lovell Stone of 621 W. Columbia St., with whom she made her home, and Doward L. Runyan. He is the son of Mr. and Mrs. E. W. Runyan of 372 N. State St.

The double ring ceremony was read at 2:30 o'clock in the afternoon in the Church of Christ by the pastor, Oliver Johnson.

Palms formed a background at the altar for a basket of yellow and lavender gladioli and iris and lighted candles in two seven-branch candelabra. Vocal music preceding the ceremony was given by Mrs. Gay Harris, Mrs. Norma Hughes and Mrs. Alice Beall.

—:—

GIVEN IN MARRIAGE by her uncle, the bride wore a gown of white Chantilly lace and skinner satin. The tight-fitting bodice had an off-the-shoulder illusion neckline outlined with appliqued lace, and the long lace sleeves ended in points over the hands. The full satin skirt fell over an old-fashioned hoop and extended into a chapel train.

Her jewelry was pearls, a gift from the bridegroom, and she carried a bouquet of feathered carnations combined with ivy and lace.

Attending the bride as maid of honor was Miss Sally Runyan, sister of the bridegroom. Her gown was of pink nylon net and lace over taffeta styled with a formal bodice of lace with a lace bolero jacket and a bouffant nylon net skirt with appliqued lace trim on one side. She carried white gladioli arranged with green ivy and lace.

—:—

LIGHTING THE candles were Miss Joan Crump and Miss Betty Lou Christy, the former in green nylon over taffeta and the latter in pink nylon over taffeta. Miss Crump had pink carnations and Miss Christy mint green carnations.

Ralph Seckel of Bucyrus served as best man for the bridegroom, and ushers were Elwood Bloomfield and David Hughes of Marion, Ray Stephens and Robert Beall of Mount Gilead.

For her niece's wedding, Mrs. Stone wore a dress of blue faille trimmed in white with blue accessories and a corsage of pink carnations. Mrs. Runyan was attired in beige silk shantung with blue accessories and blue carnations.

MRS. DOWARD L. RUNYAN

Following the ceremony, a reception for 90 guests was held at the Stone home. Serving were Miss Eileen Crum, Mrs. Patsy Benson, Mrs. Polly Wintringham, Mrs. Martha Seckle, Miss Joan Crump, Miss Patty Crump and Miss Betty Lou Christy. When the couple left on a wedding trip through the southeastern part of Ohio, Mrs. Runyan was wearing a pink suit with navy blue accessories and a corsage of white carnations. They are making their home at 223 Summit St.

—:—

MRS. RUNYAN was graduated from Harding High School in 1952 and is employed as a bookkeeper at Brooks store. Mr. Runyan is a graduate of Harding High School with the class of 1950 and is employed with the Erie Railroad.

At the rehearsal party at the home of the bridegroom's parents, Miss Bloomfield presented jewelry to her attendants, and Mr. Runyan gave cuff links and a tie clasp to his best man and tie clasps to the ushers.

Out-of-town guests were from Oak Harbor, Wheelersburg, Zanesville, Findlay, New Winchester and from Kentucky.

105 To Receive Certificates for Adult Courses

About 105 persons will receive certificates for completing courses in the Adult Education Program tonight at Harding High School. Approximately 248 adults received certificates Tuesday.

A total of 950 persons are taking part in the adult program, Emil Lisak, director of trades and industry, said.

Course instructors in the program have been: Herman Powelson, advanced stationary firemen; Dr. Allen Schmuller, personnel management; Miss Helen Lott, shorthand; Howard Iams, advanced art; Robert Winterhoff, woodworking; Floyd Hofacker, photography; Miss Marcella Masters, sewing; Arthur Moody, blueprint reading; Mrs. J. W. Burns, English.

Don Ryan and Miss Doris Kalman, fine arts; Al Bowman and Earl Reed, firemen; Bob Grandlce, speech; Robert Bergman, slide rule; Mrs. T. D. Bain, handicraft; Myron Haley, bookkeeping; Russ Dunlap, typing; Charles Nichols, machine shop; Carlos Cattani, Spanish; and Mrs. Opal Gabler and Orville Schneider, dancing.

Lodge Activities

A program honoring the birthday anniversary of Schuyler Colfax who founded Odd Fellowship in America, was given at a meeting of Sosnowski Rebekah Lodge Tuesday night. Group singing opened the meeting and for the program Mrs. Mary Fout and Mrs. Edna Griffith read articles in memory of Colfax. Mrs. Griffith sang "Help Somebody Today." Refreshments and a social hour followed. A meeting of the Past Noble Grands Club will be held April 7. Hostess will be Mrs. Dessia Sharpe of Cardington who will entertain at the home of her daughter, Mrs. Richard Gross, 632 N. State St. There will be a potluck dinner at 12:30 o'clock.

—:—

Mrs. Cleora Price entertained the Past President's Club of Whitney Lodge No. 846, Ladies Auxiliary to the Brotherhood of Railroad Trainmen, Tuesday night at her home on Chestnut St. Plans were made to cooperate with the lodge in holding an apron and bake sale April 16 at the Millard Hunt store.

During the social hour, contest honors were won by Mrs. Iona Clark, Mrs. Julia Gandert, Mrs. Mary Helen Kennard, Mrs. Manta Spain and Mrs. Goldie Sellers. A potluck supper will be held at the next meeting, April 19, in the community room over the West Town Branch of the National City Bank, with Mrs. Spain serving as hostess.

DISCUSS TEACHING METHODS

COLUMBUS, Ohio (AP)—The annual Ohio Education Assn. meeting to discuss new teaching methods and techniques for the state's public school educational program begins today at Ohio State University. It will end Saturday.

-:- Church Activities -:-

Mrs. Oscar Noe conducted the devotions when the Loyal Women's Class of Central Christian Church met Thursday afternoon in the church. Plans were announced for the annual birthday dinner May 20. Serving as a committee will be Mrs. Charles Swisher, Mrs. John Linn, Mrs. Ed Watt and Mrs. Isabelle McClung.

St. Mary parish council and other councils in the Western Deanery will be hostesses for the Columbus diocesan spring conference to be held at Delaware, Sunday, April 25. Plans for assisting in the program were discussed at a meeting of the board of St. Mary Council, National Council of Catholic Women, Thursday, at the home of Mrs. John Dugan on S. Prospect St. The meeting will be at 3 p.m. in Gray Chapel on Ohio Wesleyan University campus. A meeting of St. Mary Parish Council will be held in Moira Hall April 29.

Plan Appeal

CLEVELAND (AP) — The United Electrical Workers Local 735 plans to appeal its conviction and $2,500 fine on a contempt of court charge.

Judge James C. Connell levied the fine on the local yesterday for violating an anti-violence injunction issued during a five-week strike at the Air Maze Corp. He criticized the local for distributing circulars branding workers who refused to join the strike as "traitors."

Ice Cycles Opens April 6

MAKING IT LOOK EASY is Jane Kirby, star of the Ice Cycles of 1954 which comes to the Marion Memorial Coliseum April 6 through 11 for seven performances. She plays the lead role of "Jeanie" in a condensed version of "Brigadoon," the hit Broadway musical of a few years back about an old Scottish legend. This is just one of 10 big production numbers and 20 acts in the ice revue. Other stars are Ginny Baxter and Jimmy Lawrence.

-:- Campus News -:-

Georgeann Zuck, a freshman at Ohio University, was recently initiated into Alpha Xi Delta, a social sorority on the university campus. The daughter of Mr. and Mrs. John J. Zuck of 618 Windsor St., she is a member of the Athena Yearbook staff. She was graduated from Harding High School last year where she was active in school activities.

—:—

Marion and area women were among those who received bids and were pledged to national social sororities at Bowling Green State University recently.

Miss Nancy Dowler, daughter of Mr. and Mrs. James P. Dowler of 276 Elm St. was pledged to Chi Omega while Miss Dorothy Rinnert, daughter of Mr. and Mrs. John L. Rinnert of 306 Summit St. was pledged to Phi Mu.

COMPLETE ACTION

WASHINGTON (AP) — Senate passage yesterday completed action on a resolution naming the new sanitary engineering center at Cincinnati, Ohio for the late Sen. Robert A. Taft.

BRT Okays Study Into Rail Shipping

CLEVELAND (AP) — The Brotherhood of Railroad Trainmen, a 215,000-member union, said today it had commissioned a study "to determine what has happened to railroad shipping in the past 25 years and what is likely to happen in the period ahead."

W. P. Kennedy, union president, said "in the past 30 years, some 700,000 workers have been washed out of the railroad industry. While it is true that many of these gave way to technological advance, many also are gone because of the railroads' slipping position in the total transportation picture."

"We want to know," he continued, "what the railroad man can expect in the future. If that picture is gloomy, we want to know what can be done about it."

Half the U.S. men who reach age 65 this year will live 12 years longer.

Westminster Fellowship Retreat Slated in Marion

First Presbyterian Church in Marion will be host church for the annual retreat of the Marion Presbytery's Westminster Fellowship Friday night and Saturday. Approximately 125 young people are expected to attend.

Registration will begin at 5 p.m. Friday. The meeting will include moving pictures, recreation, panel discussion, discussion groups and worship services, concluding at 2:30 p.m. Saturday. Westminster Fellowship members of the host church are arranging the program and details under supervision of Miss Helen May, director, and Miss Dorothy Caldwell, assistant. Rev. Howard L. Olewiler is host pastor.

Most of the continental areas of the earth have a layer of granite beneath them, but rock under the sea usually is basalt.

FASTEST RELIEF For Externally Caused Itch
ITCH-ME-NOT
IN 15 MINUTES, after applying you must be pleased or your 40c back at any drug store. Locally at Henney & Cooper.

Stop Taking Harsh Drugs for Constipation
Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, *never* take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get *sure* but *gentle* relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is *one of the finest natural laxatives* known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.
